FIG. 1 is a perspective view of our invention, showing a folding handle for earth working machine in a folded configuration;
 FIG. 2 is a perspective view of the invention shown in FIG. 1, showing the folding handle for earth working machine in an extended position;
 FIG. 3 is a rear perspective view of the invention shown in FIG. 1;
 FIG. 4 is a left side elevational view of the invention shown in FIG. 1;
 FIG. 5 is a right side elevation of the invention shown in FIG. 1;
 FIG. 6 is a front elevational view of the invention shown in FIG. 1;
 FIG. 7 is a rear elevational view of the invention shown in FIG. 1;
 FIG. 8 is a top plan view of the invention shown in FIG. 1; and,
 FIG. 9 is a bottom plan view of the invention shown in FIG. 1.

The broken lines of the earth working machine are for illustrative purposes only, and form no part of the claimed design.
