(57) **CLAIM**

The ornamental design for annular member with repeating bas relief flower, as shown and described.

**DESCRIPTION**

FIG. 1 is a bottom perspective view showing my new annular member with repeating bas relief flower design; FIG. 2 is a bottom perspective view of the annular member of FIG. 1, installed in a display pedestal, the scalloped border being merely a result of the installation of the claimed design into the display pedestal, and the display pedestal being shown in dashed lines for environmental purposes only and not forming part of the claimed design; FIG. 3 is a side elevational view thereof; FIG. 4 is a top plan view thereof; FIG. 5 is a bottom plan view thereof; FIG. 6 is a partial side view of the annular member of FIG. 1, shown in an opened position to illustrate the repeating pattern; FIG. 7 is a partial side elevational view of the annular member of FIG. 1, shown in an opened position to illustrate the repeating pattern, and shown at a reduced scale to indicate that the length of the annular member may change depending upon the size of the display pedestal; and, FIG. 8 is a partial side elevational view of the annular member of FIG. 1, shown in an opened position to illustrate the repeating pattern, and shown at an enlarged scale to indicate that the length of the annular member may change depending upon the size of the display pedestal.
