(57) **CLAIM**

The ornamental design for a tetrahedral fabric bag for use in fabric care processes, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view from the left side of a tetrahedral fabric bag for use in fabric care processes, embodying the new design, in its two-dimensional position; the perspective view from the right side thereof is a mirror image thereof; and,

FIG. 2 is a perspective view from the left side of the tetrahedral fabric bag for use in fabric care processes according to FIG. 1, in its three-dimensional position; the perspective view from the right side thereof is a mirror image thereof.
