(57) **CLAIM**

The ornamental design for a handle and an opening device for a handbag, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view with handle and an opening device for a handbag in a closed position,

FIG. 2 is a side elevational view with the handle and an opening device for a handbag in a closed position, the opposite side elevational view being a mirror image,

FIG. 3 is a top view with the handle and an opening device for a handbag in a closed position,

FIG. 4 is a bottom view with the handle and an opening device for a handbag in a closed position,

FIG. 5 is a front elevational view with the handle and an opening device for a handbag in an open position,

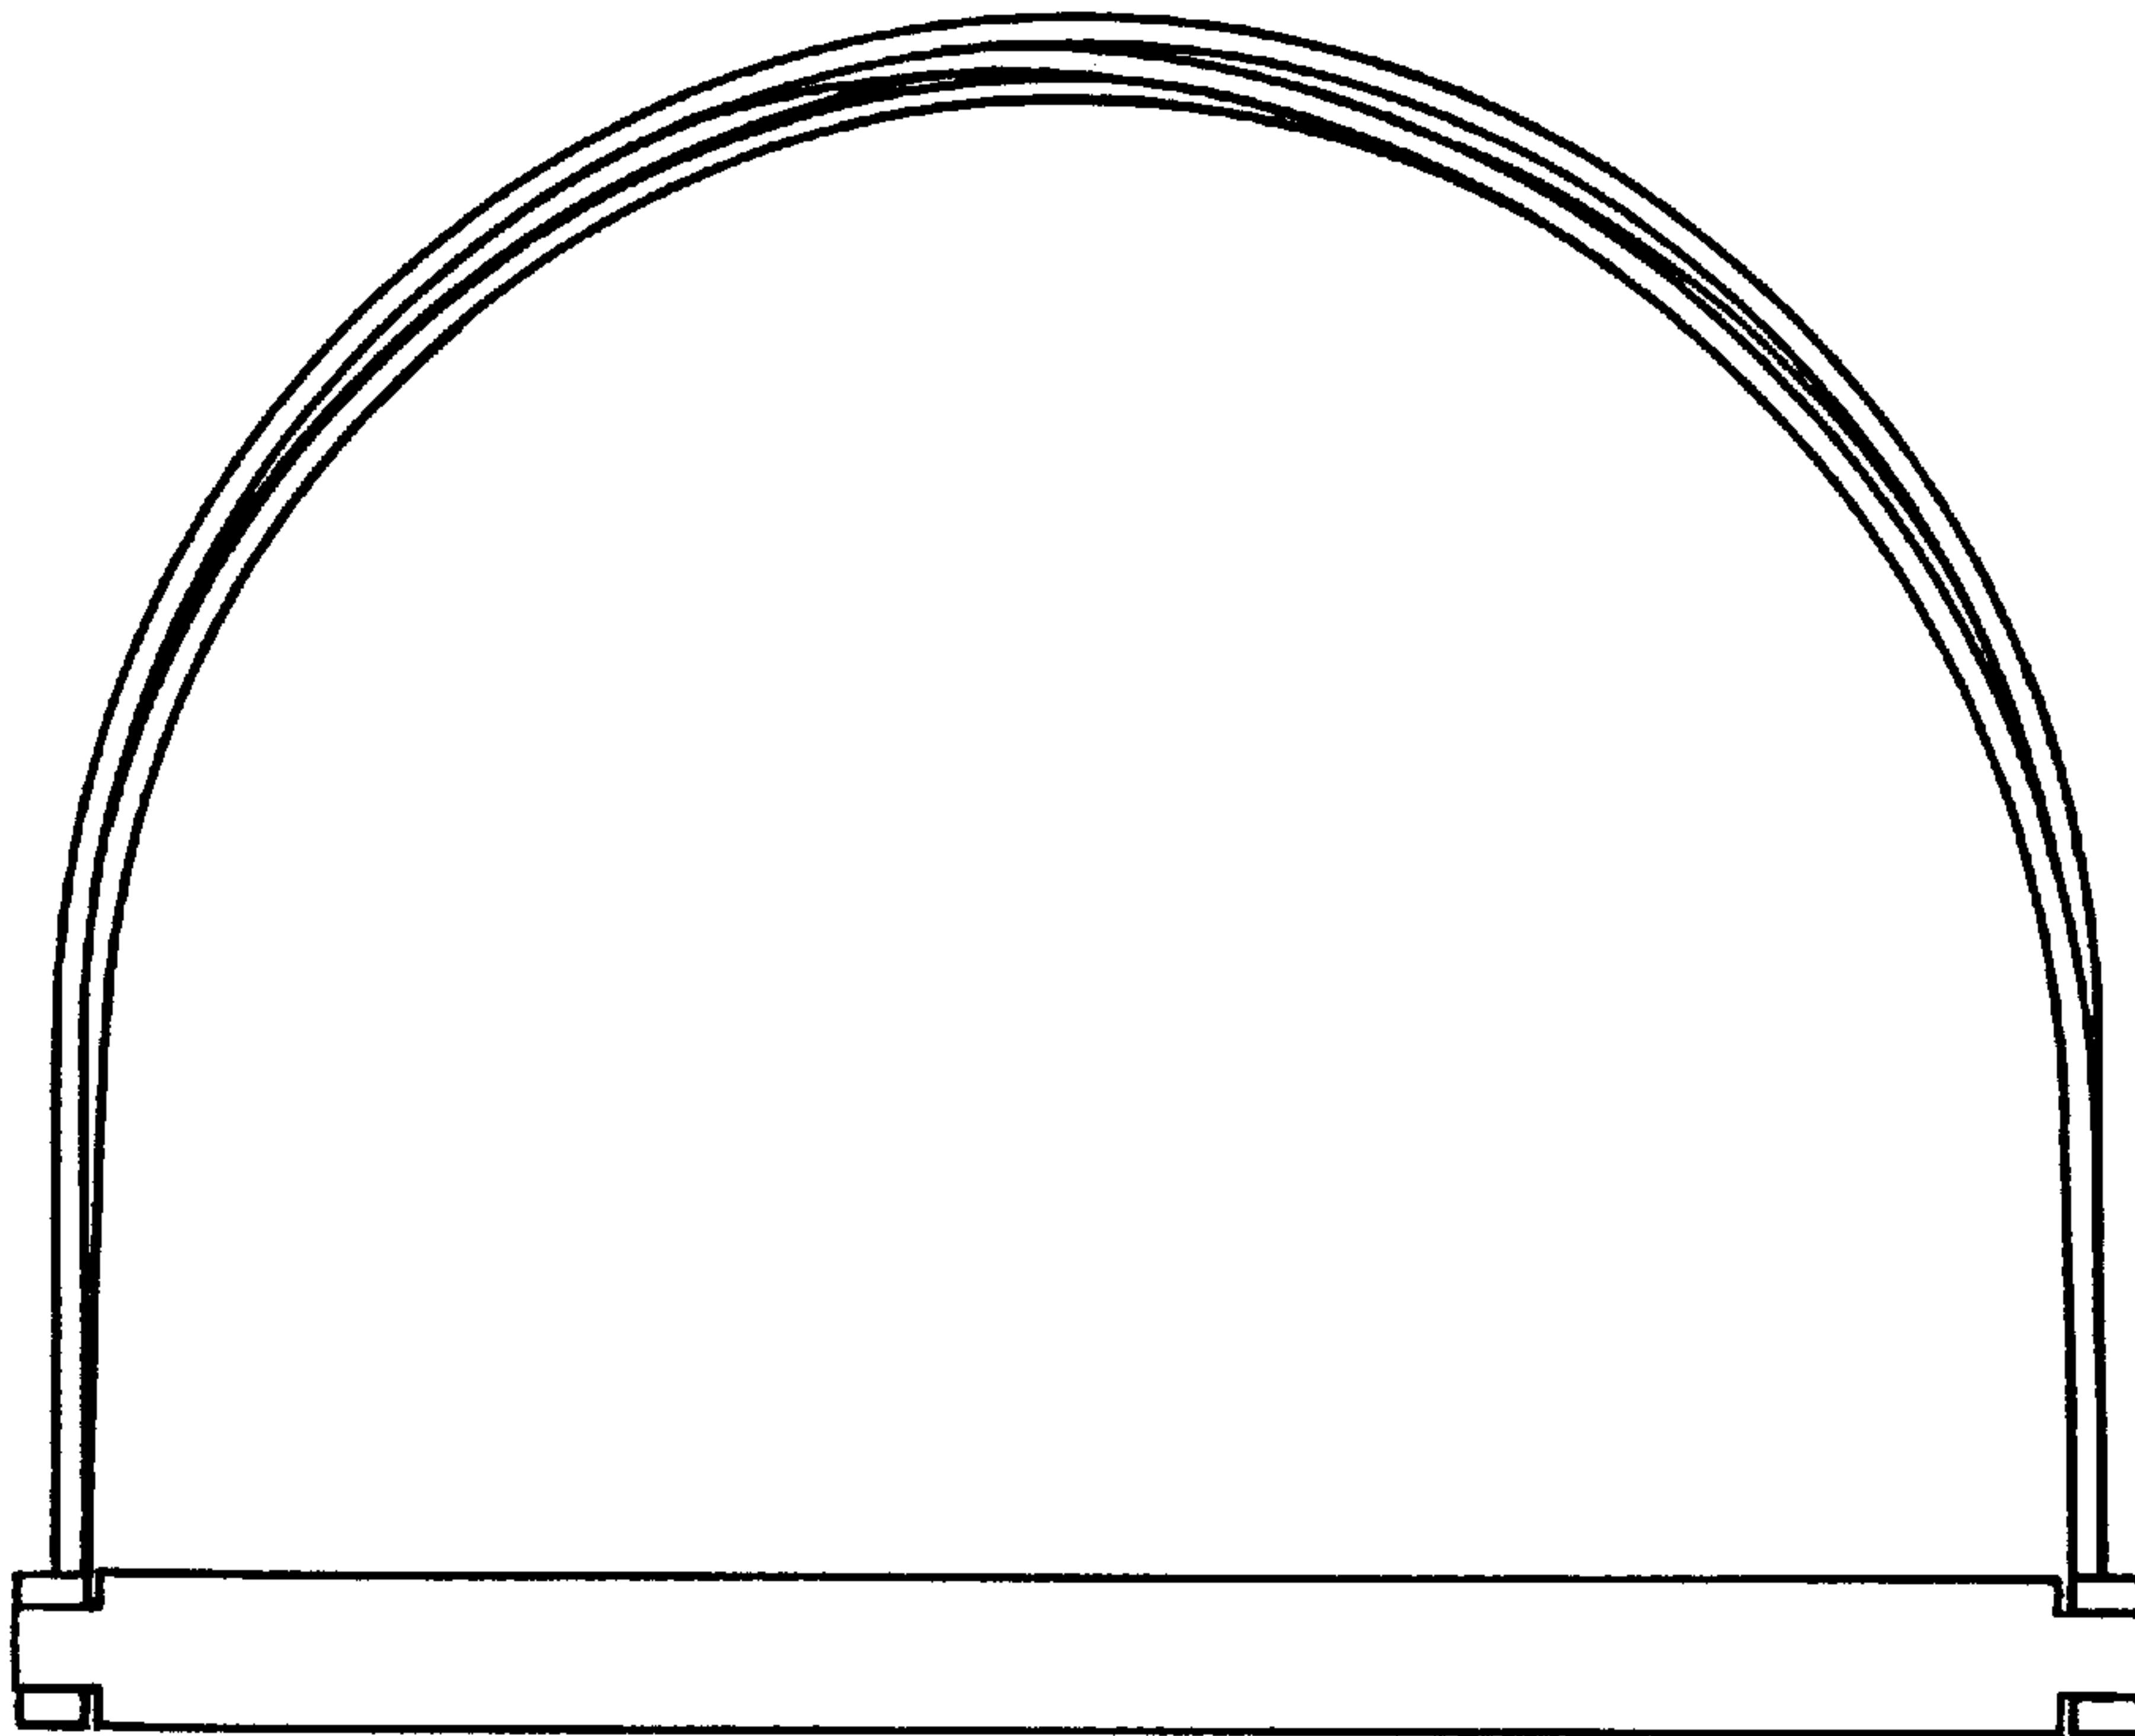

FIG. 6 is a side elevational view with the handle and an opening device for a handbag in an open position, the opposite side elevational view being a mirror image,

FIG. 7 is a top view with the handle and an opening device for a handbag in an open position; and,

FIG. 8 is a bottom view with the handle and an opening device for a handbag in an open position.

The intended use of the claimed design is for a handle of a handbag.
