(57) **CLAIM**

The ornamental design for an electromagnetic control valve for a compressor, as shown and described.

DESCRIPTION

FIG. 1 is a left side view of a compressor including an electromagnetic control valve for a compressor, according to the design.

FIG. 2 is a right side view of the compressor including an electromagnetic control valve for a compressor, as shown in FIG. 1.

FIG. 3 is a rear view of the compressor including an electromagnetic control valve for a compressor, as shown in FIG. 1.

FIG. 4 is a front side view of the compressor including an electromagnetic control valve for a compressor, as shown in FIG. 1.

FIG. 5 is a top plan view of the compressor including an electromagnetic control valve for a compressor, as shown in FIG. 1.

FIG. 6 is a bottom plan view of the compressor including an electromagnetic control valve for a compressor, as shown in FIG. 1.

FIG. 7 is a side view of the compressor including an electromagnetic control valve for a compressor, as shown in FIG. 1; and,

FIG. 8 is a rear view of the compressor including an electromagnetic control valve for a compressor, as shown in FIG. 1.

It being understood that the broken lines are for illustrative purposes only.
