(57) **CLAIM**

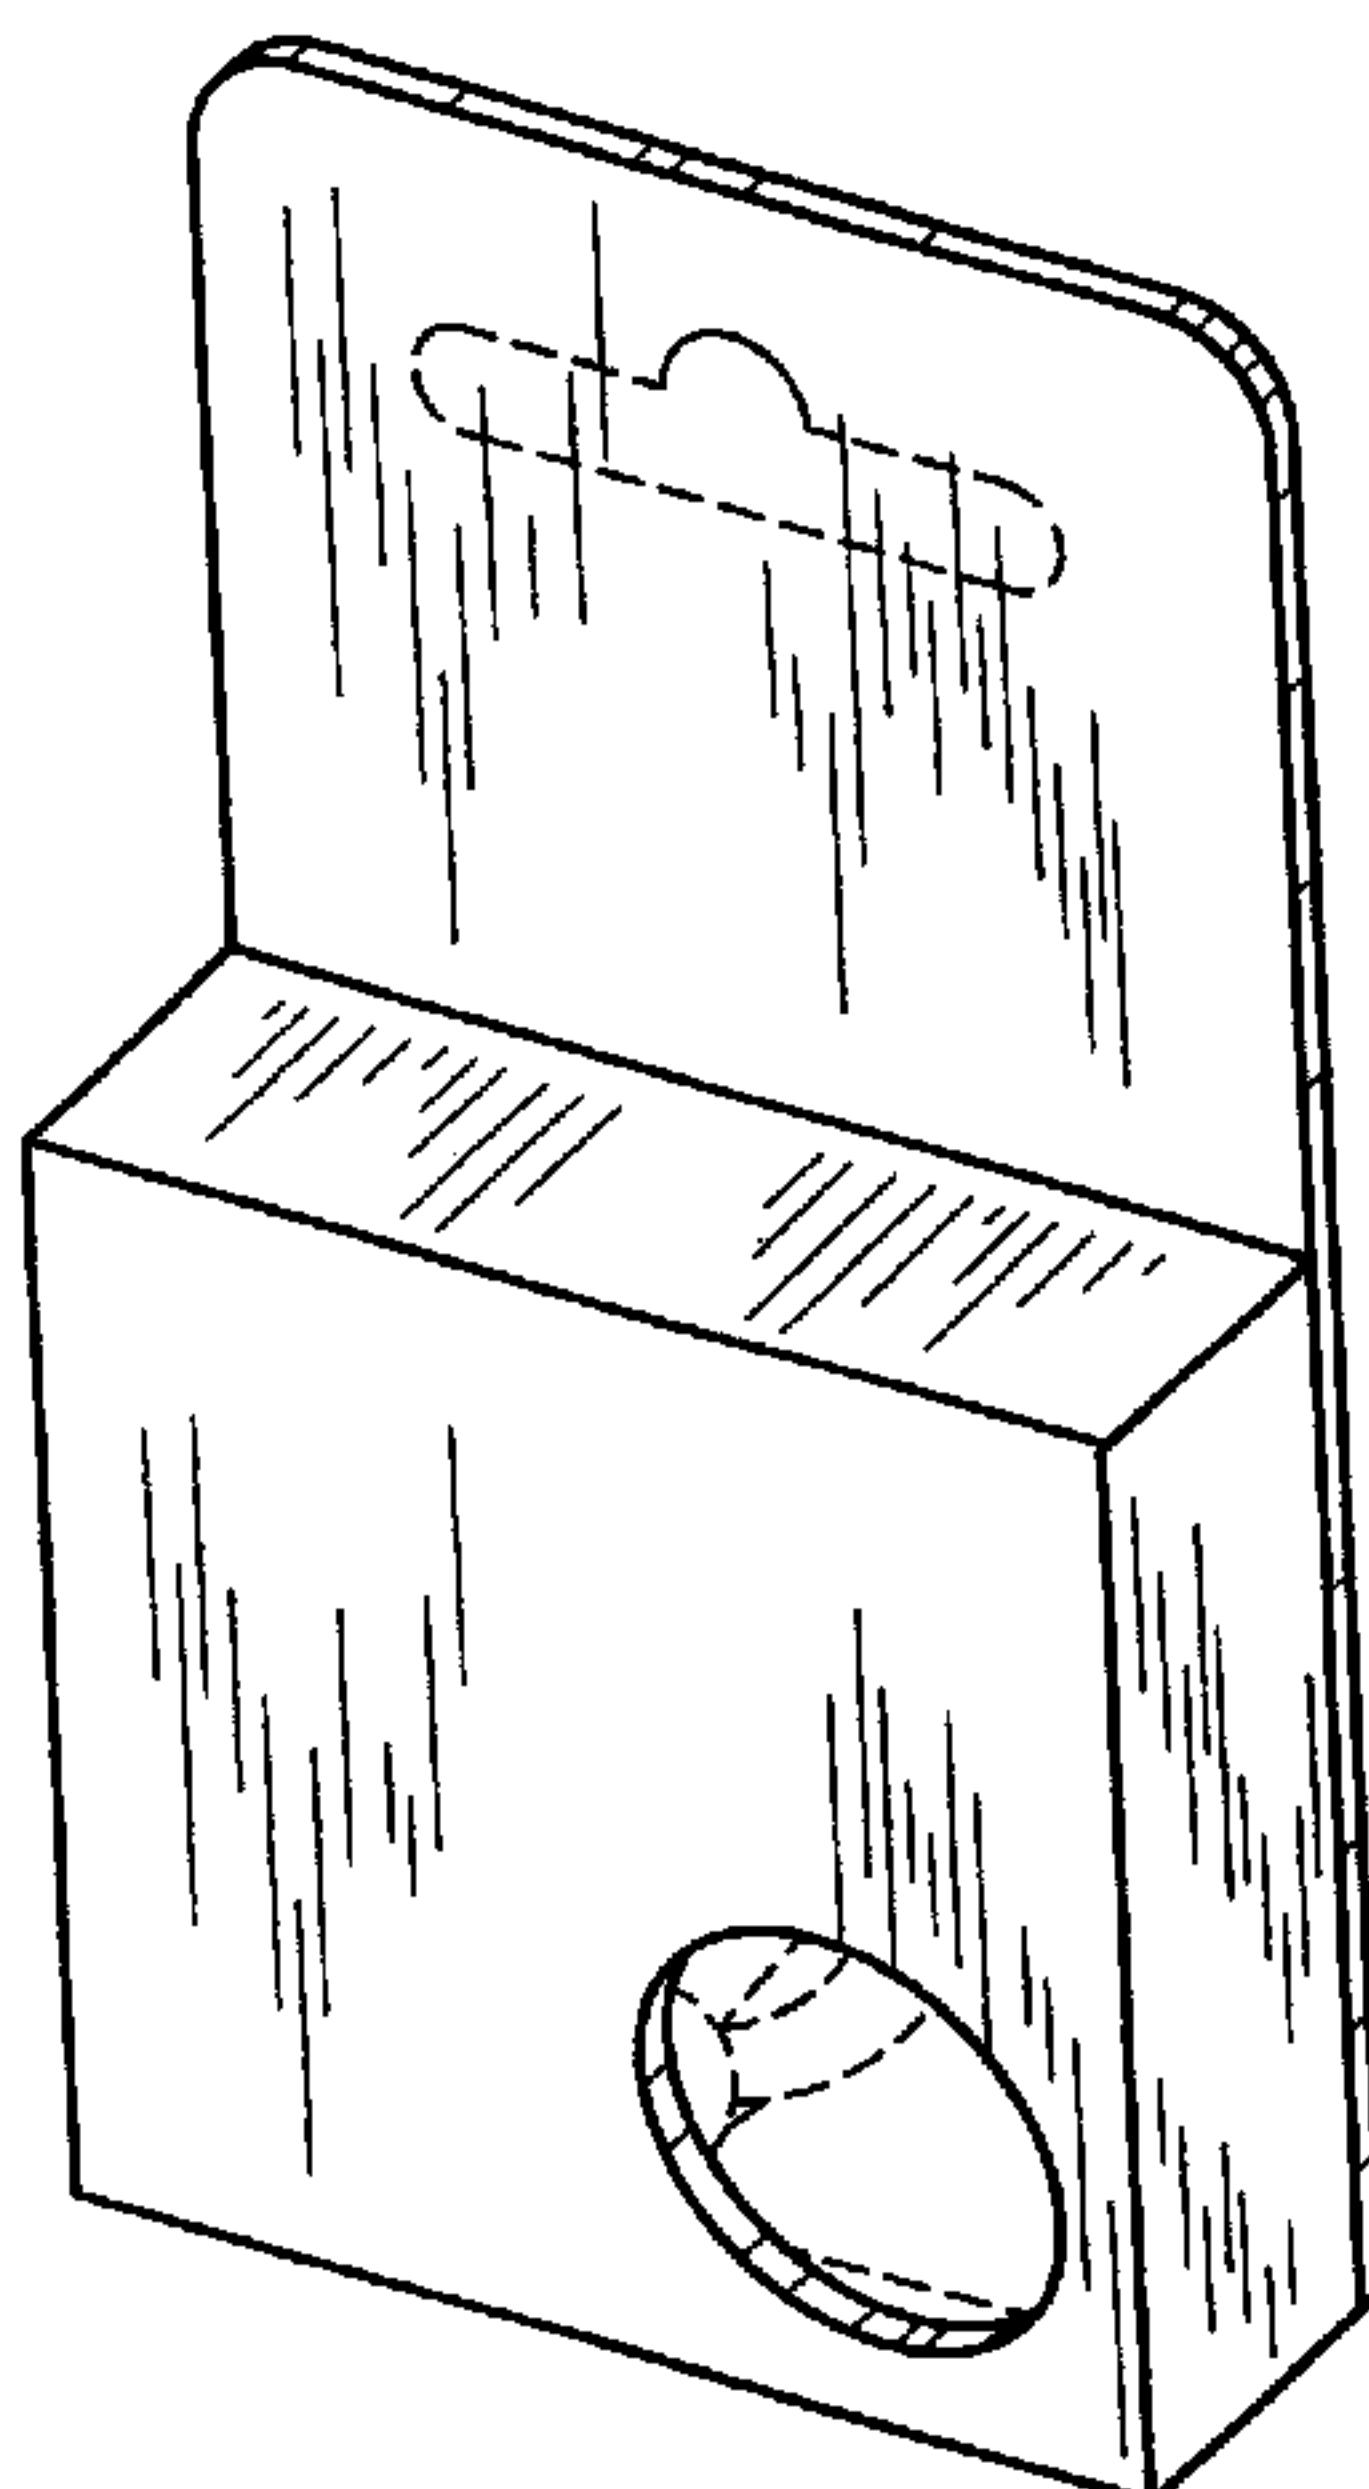

The ornamental design for a battery package, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view showing the front, top, and the right side of the battery package of the present invention; FIG. 2 is an elevational view of the front of the battery package of the present invention; FIG. 3 is an elevational view of the right side of the battery package of the present invention; FIG. 4 is an elevational view of the back of the battery package of the present invention; FIG. 5 is a plan view of the top of the battery package of the present invention; and, FIG. 6 is a plan view of the bottom of the battery package of the present invention.

The left side of the battery package is a mirror image of the right side elevational view shown in FIG. 3. Those elements that are shown in the above drawings in phantom lines do not form a part of the design sought to be patented.
