(57) **CLAIM**

The ornamental design for a pocket digital scale, as shown and described.

DESCRIPTION

FIG. 1 is a top, front, and right side perspective view of a pocket digital scale hereof in an open position;

FIG. 2 is a top, front, and right side perspective view of a pocket digital scale hereof in a closed position;

FIG. 3 is a top plan view of the pocket digital scale hereof in the open position;

FIG. 4 is a front elevational view of the pocket digital scale hereof in the closed position; and,

FIG. 5 is a right side elevational view of the pocket digital scale hereof in the open position.

The left side of the pocket digital scale is a mirror image of the right side of the pocket digital scale and is not illustrated in detail.

The bottom and rear views are omitted, as they do not form part of my claimed design.
