(57) CLAIM

The ornamental design for a quadruple interconnect enclosure for computer and audio visual equipment concealable in furniture, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a quadruple interconnect enclosure for computer and audio visual equipment concealable in furniture in the open position. The broken lines are to illustrate an environment only and form no part of the claimed design.

FIG. 2 is a perspective view thereof in the concealed position. The broken lines are to illustrate an environment only and form no part of the claimed design.

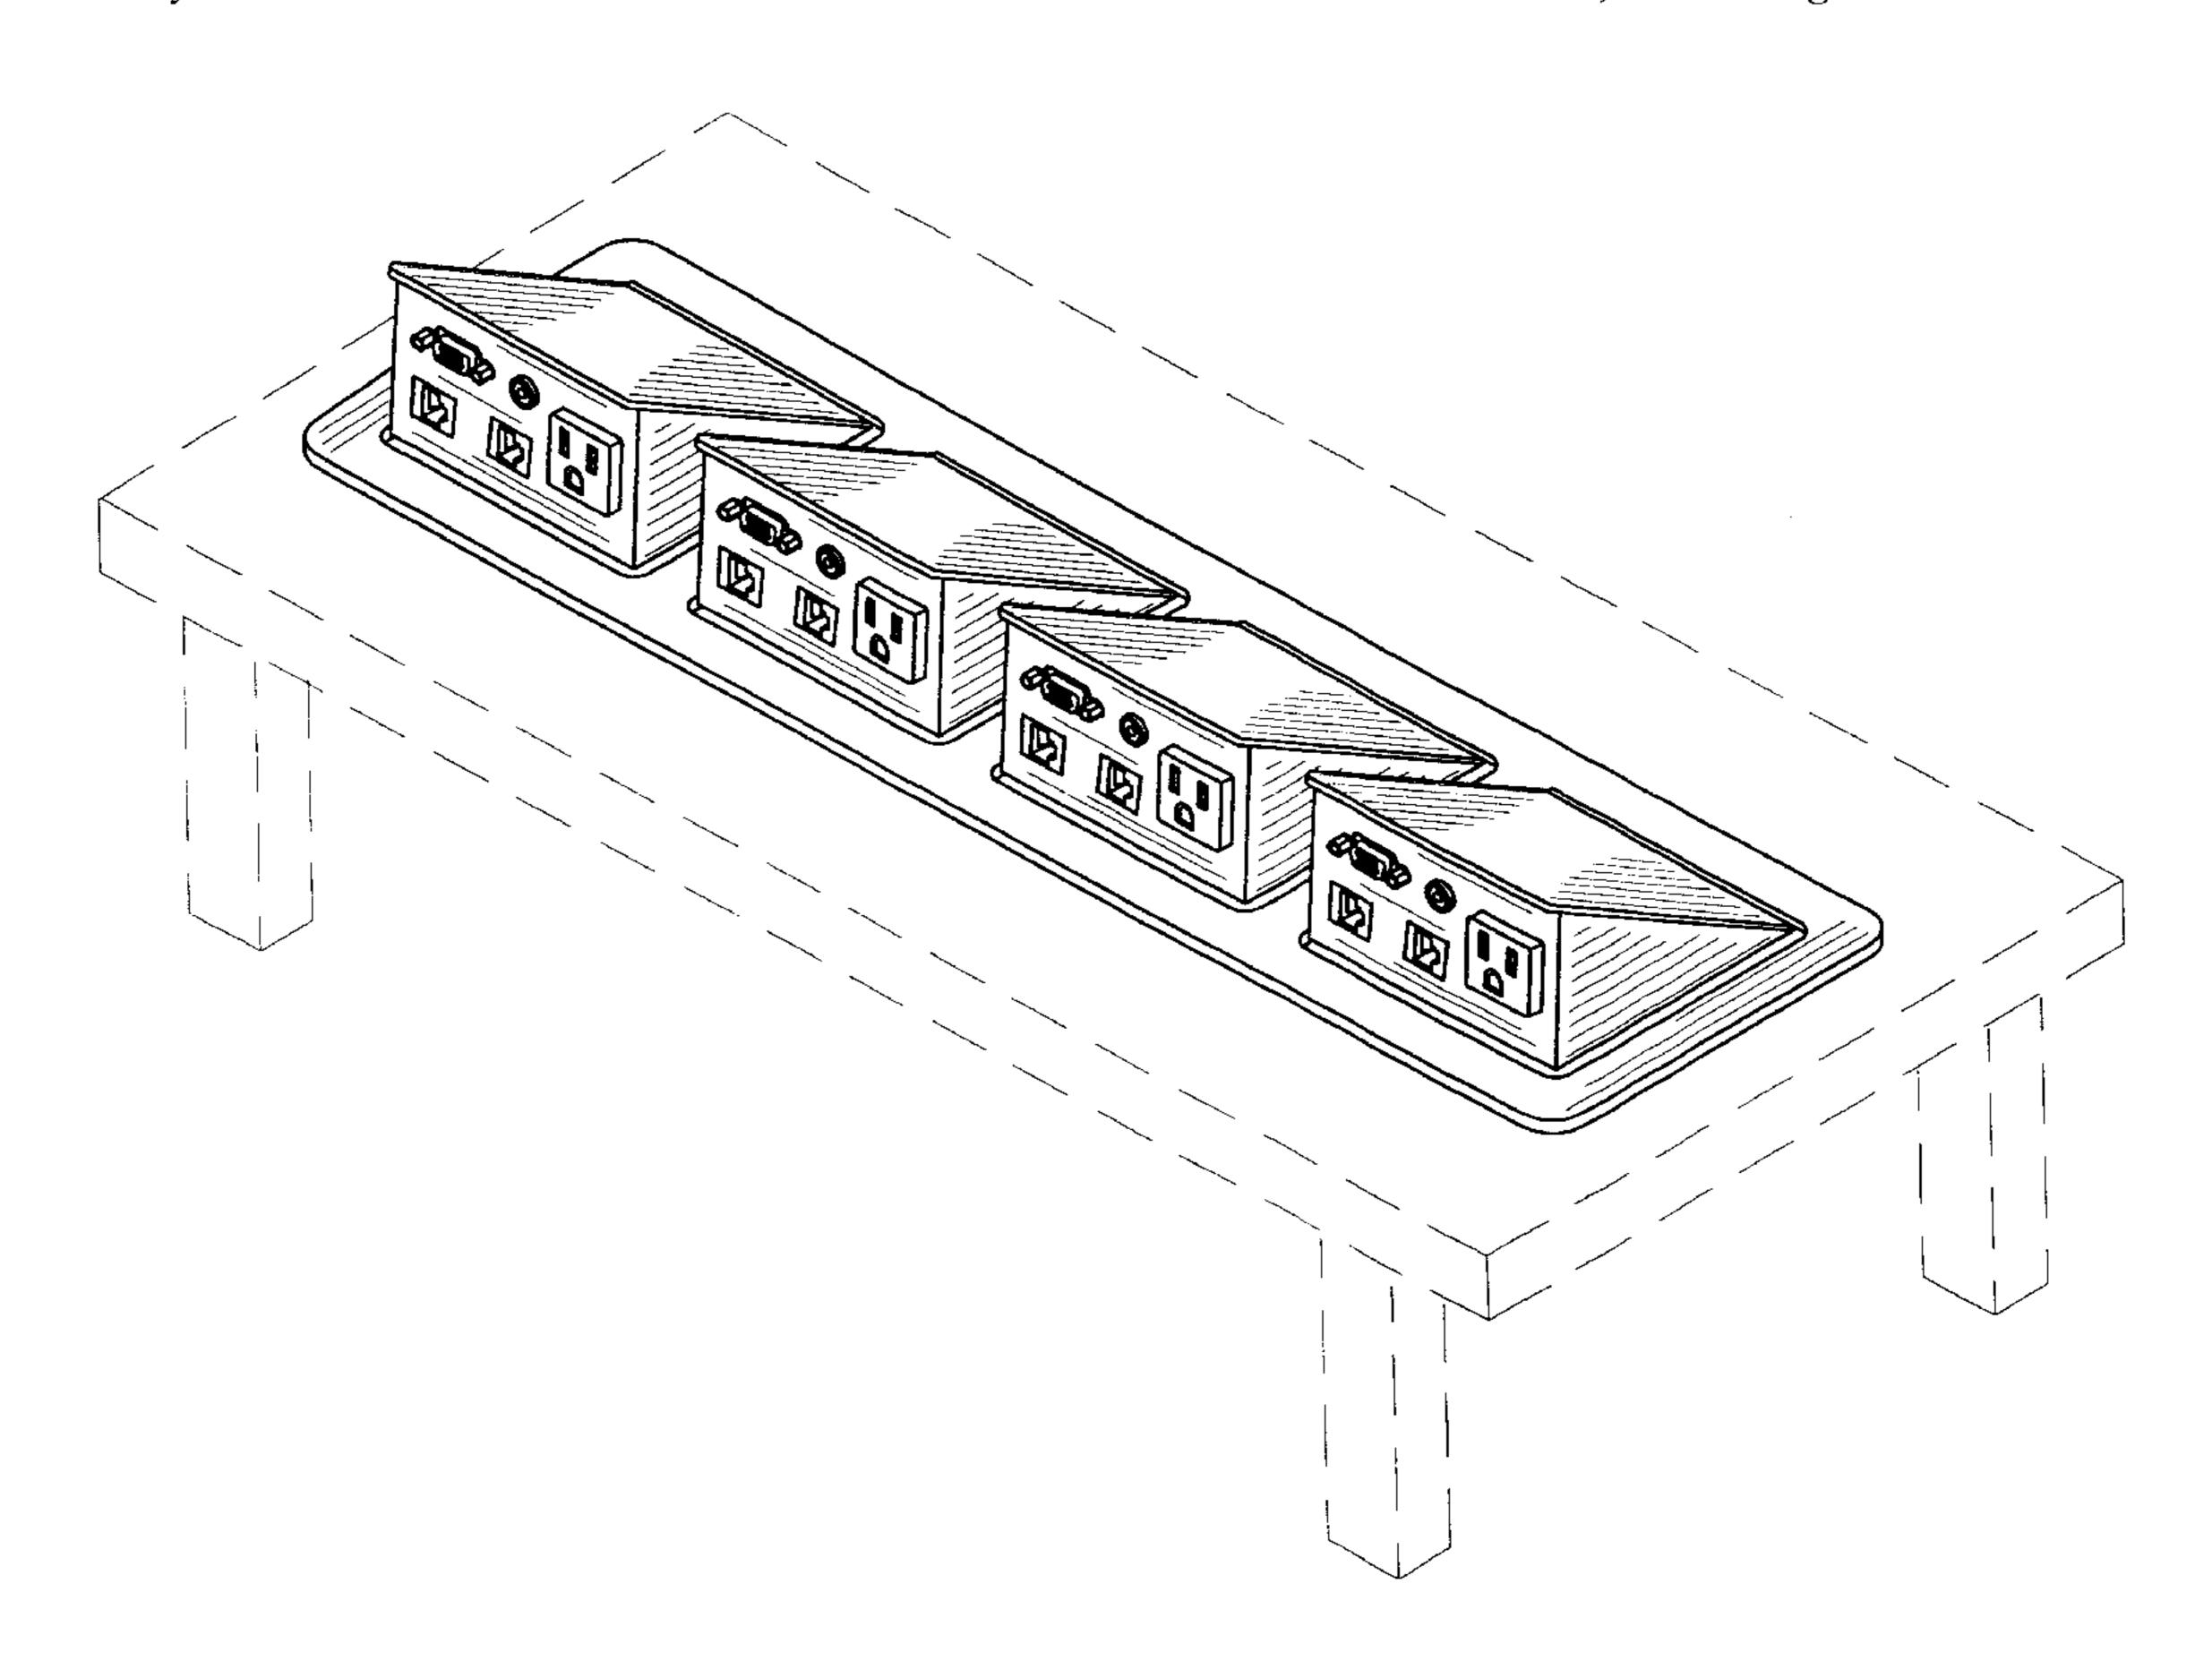

FIG. 3 is a front elevational view thereof in the open position. The broken lines are to illustrate an environment only and form no part of the claimed design.

FIG. 4 is a front elevational view thereof in the concealed position. The broken lines are to illustrate an environment only and form no part of the claimed design.

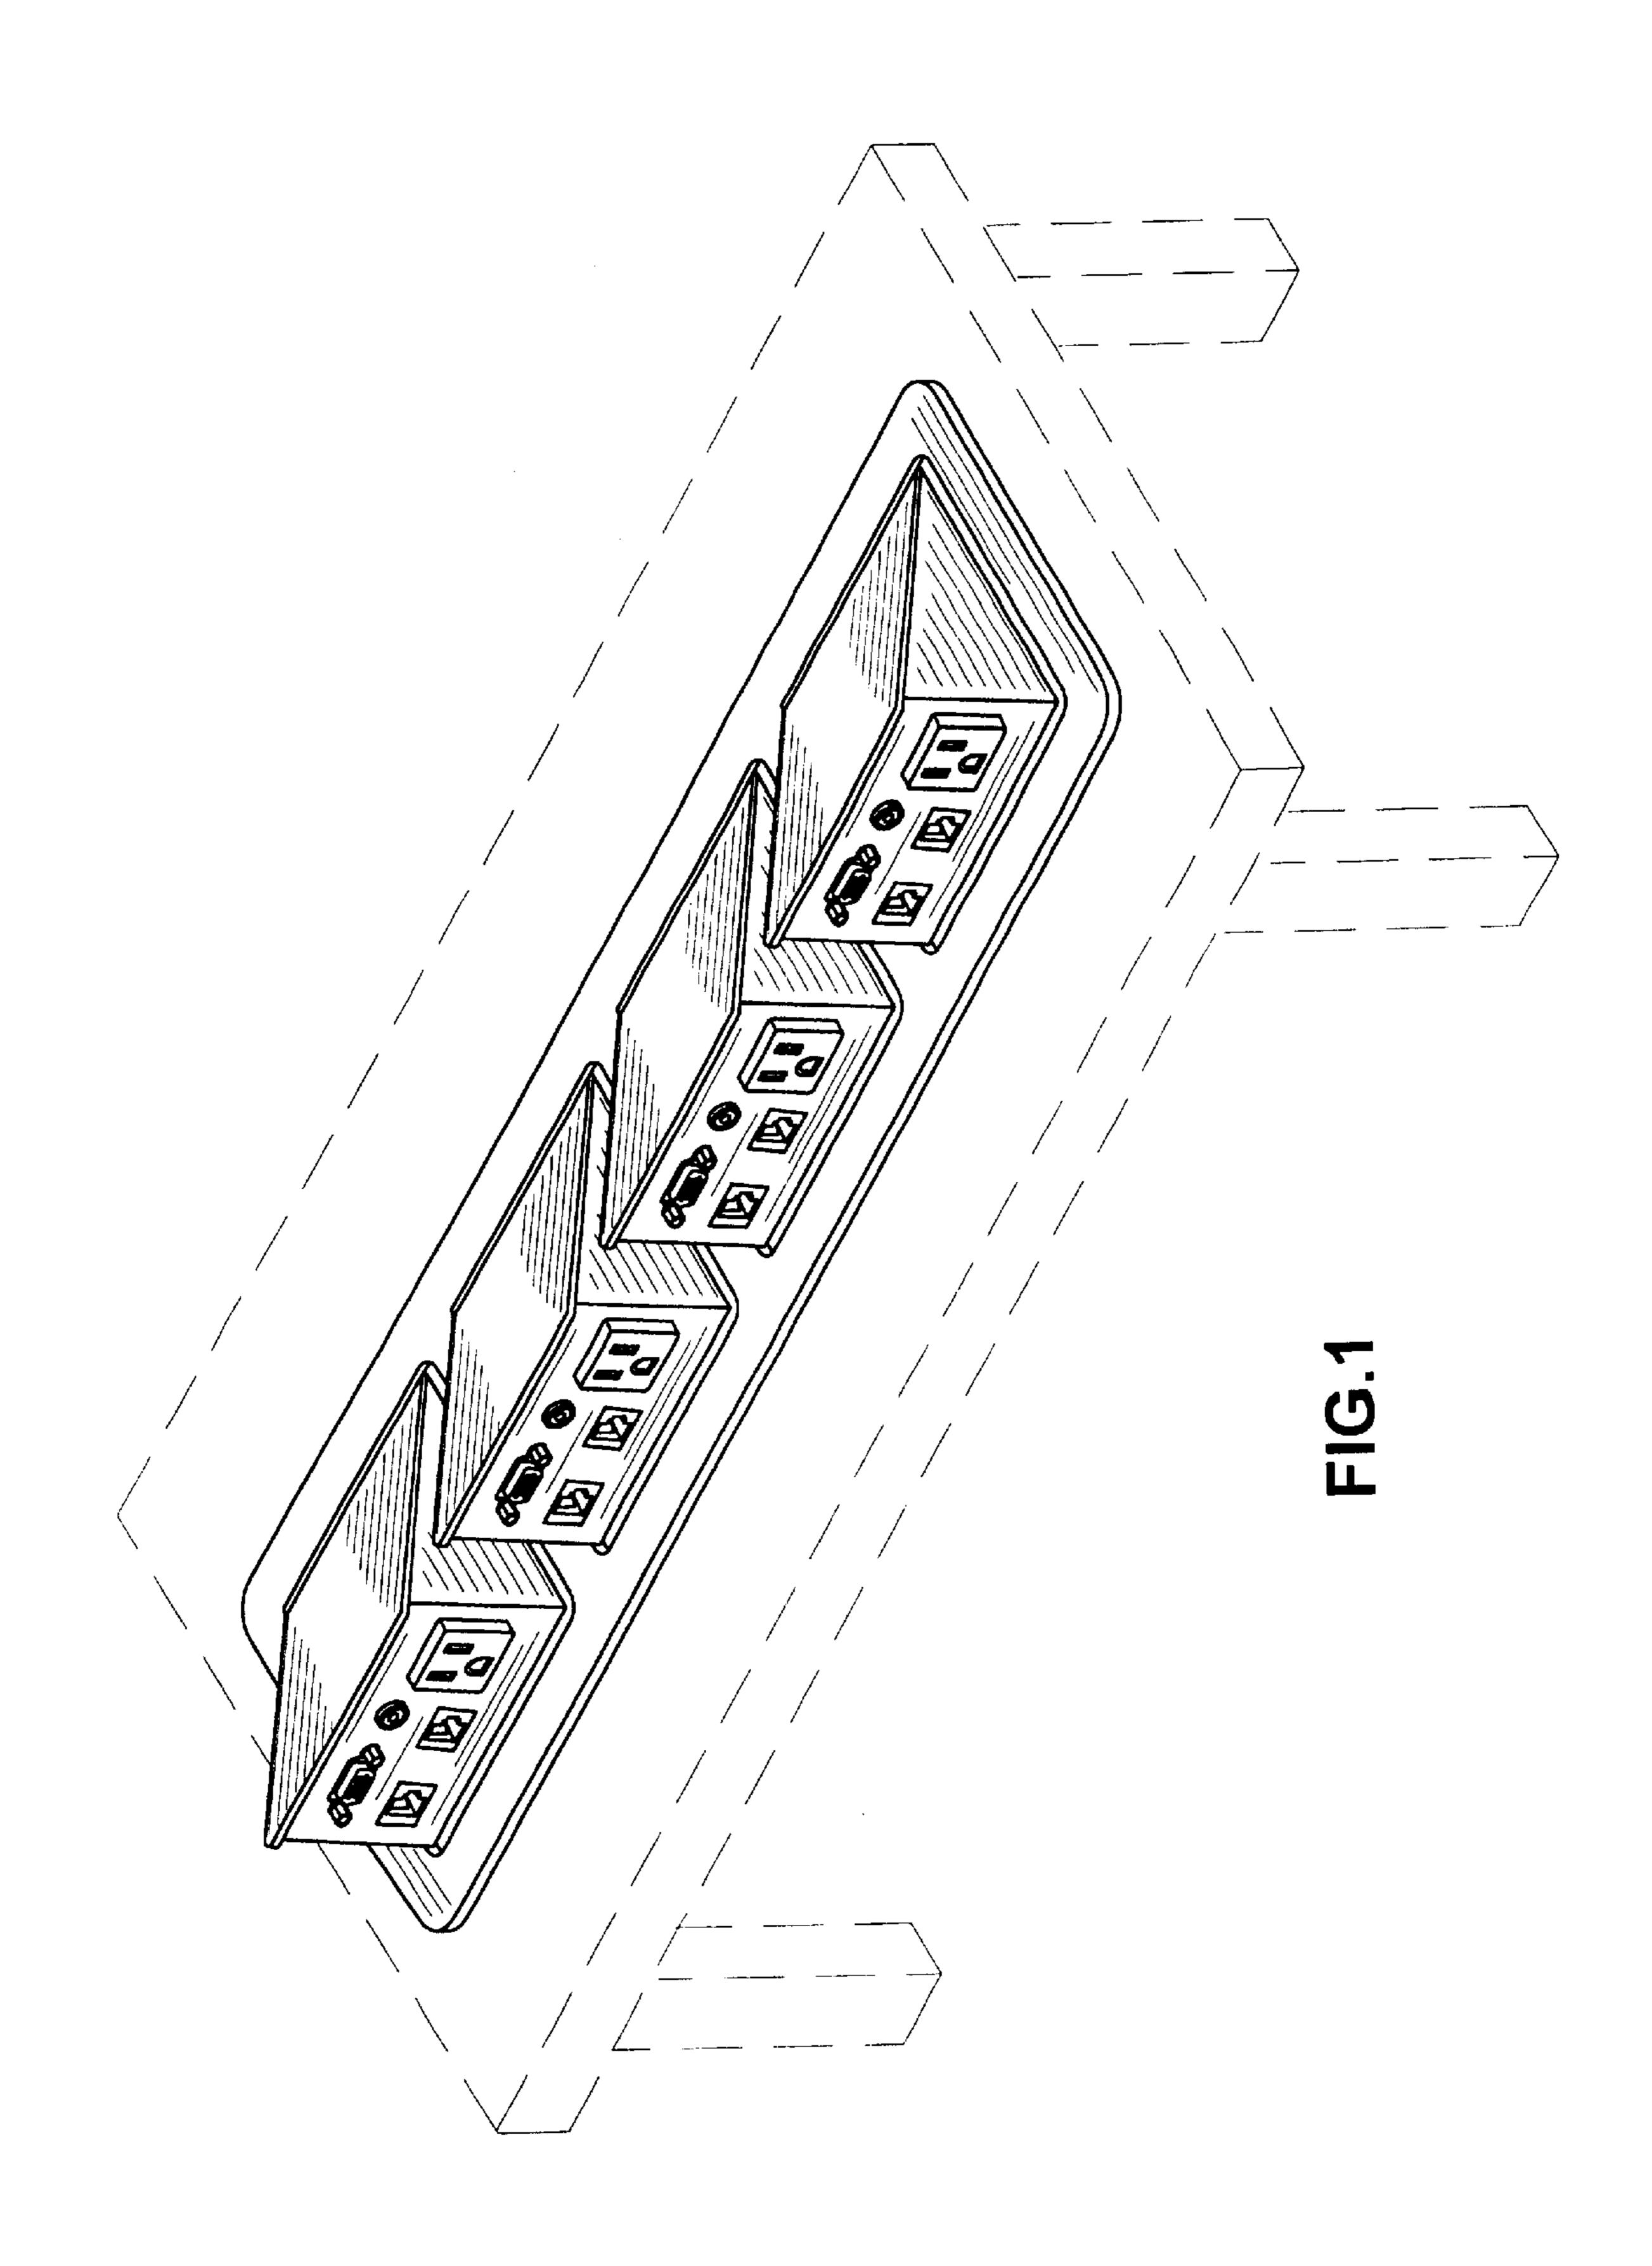

FIG. 5 is a back elevational view thereof in the open position. The broken lines are to illustrate an environment only and form no part of the claimed design; and,

FIG. 6 is a top plan view thereof in the concealed position. The appearance of the bottom forms no part of the claimed design.
