(57) **CLAIM**

The ornamental design for a refrigerator door handle, as described and shown in FIGS. 1 through 5, inclusive.

DESCRIPTION

FIG. 1 illustrates a front view of the refrigerator door handle, according to one embodiment of the present invention;

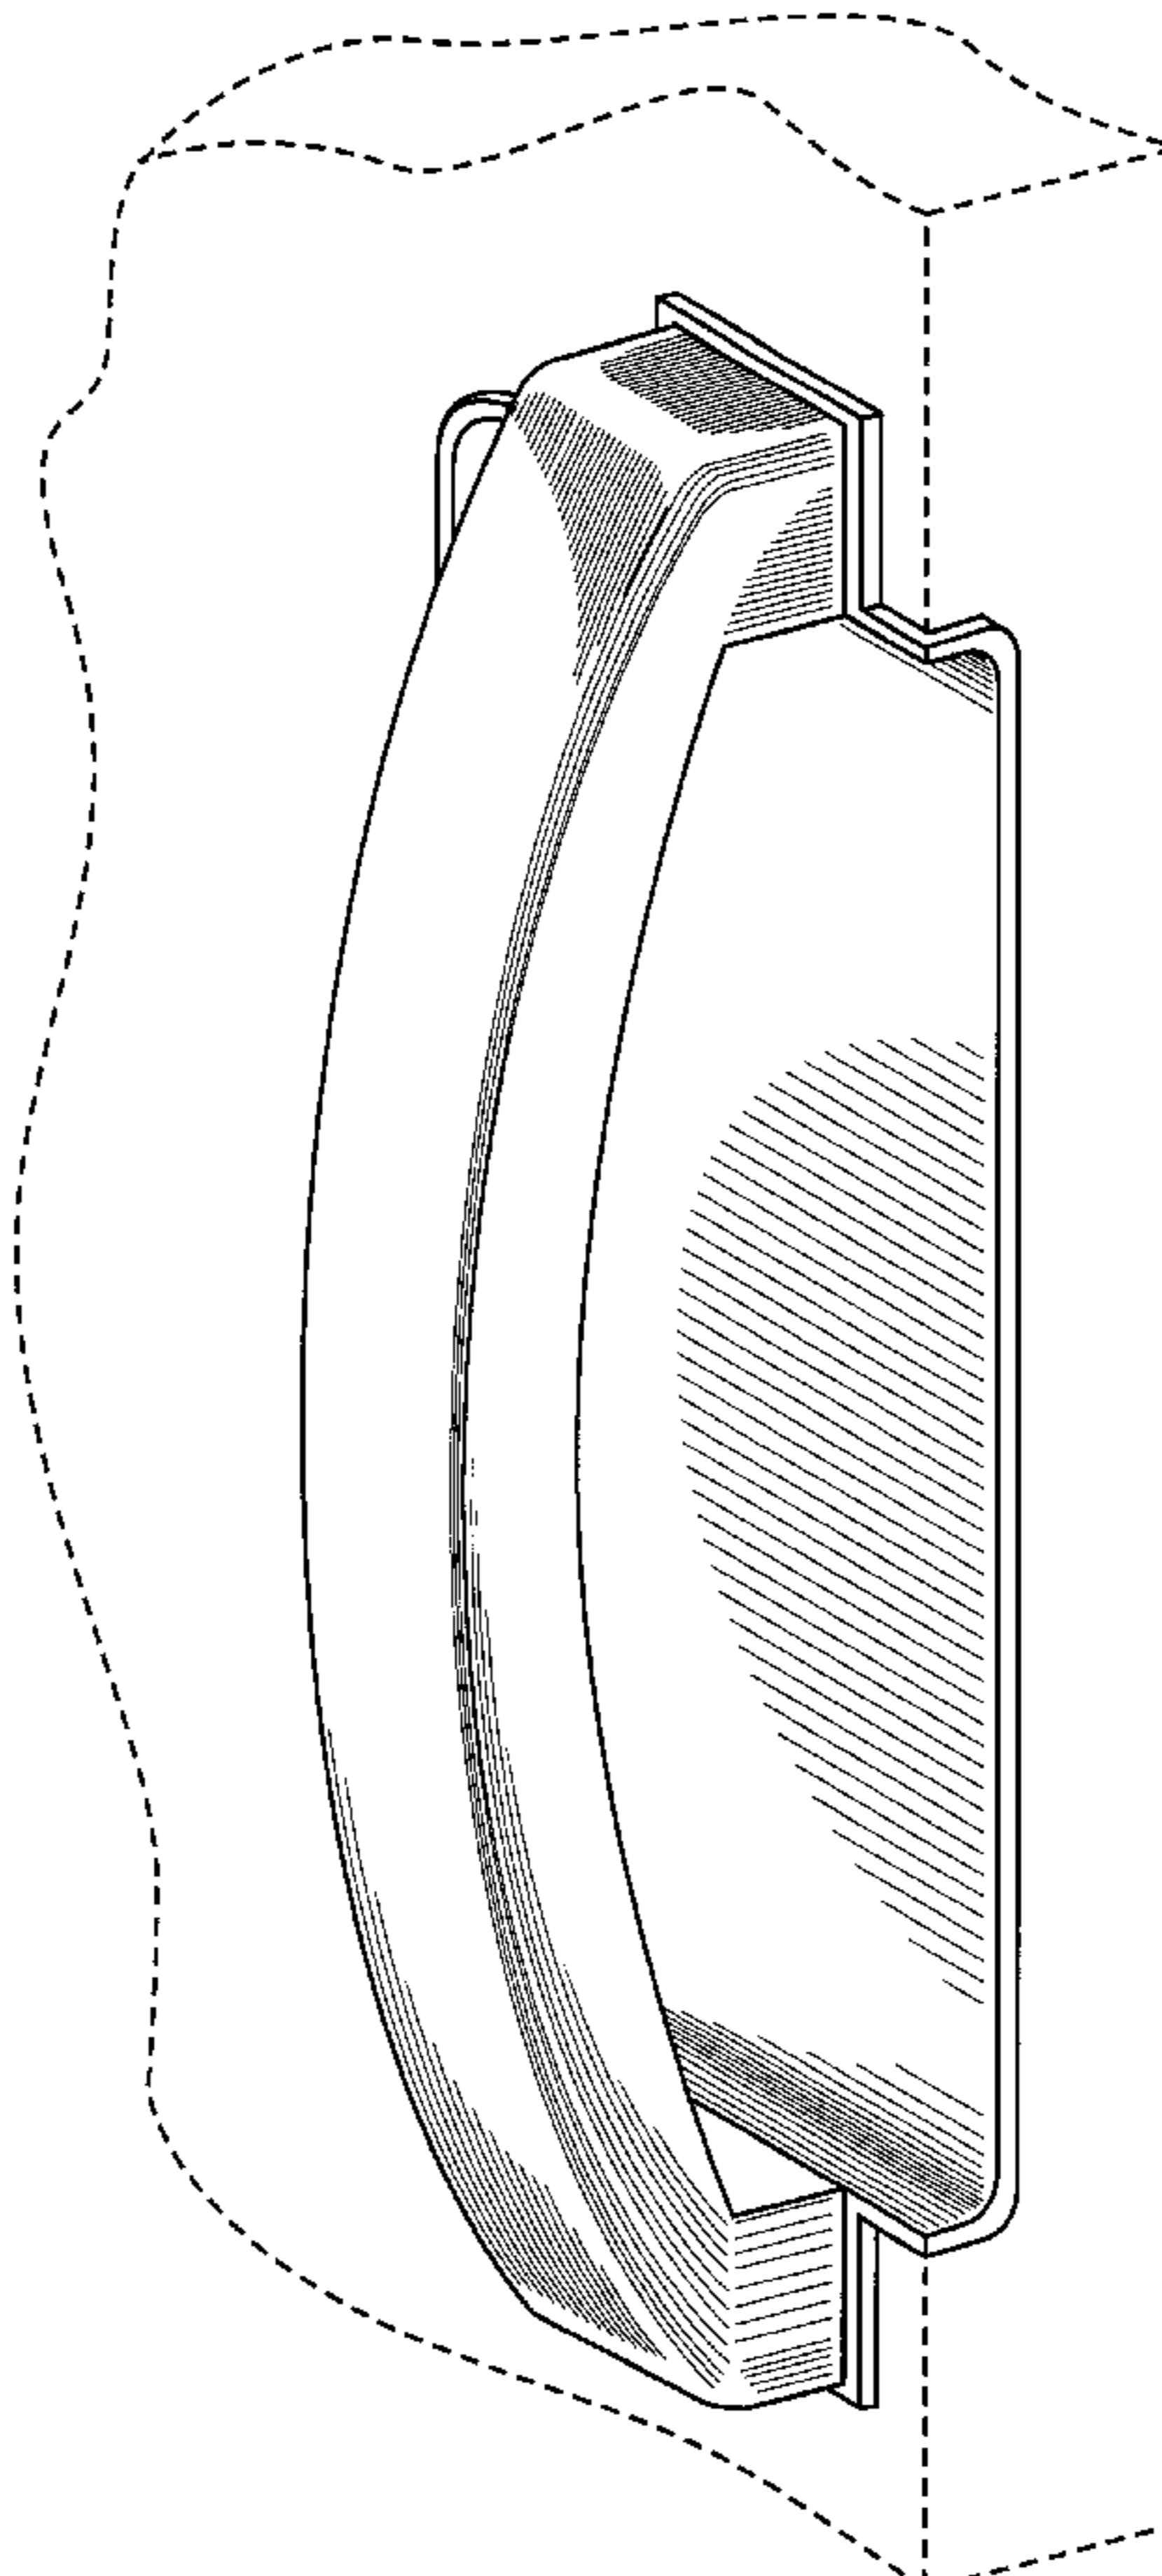

FIG. 2 illustrates a side view of the refrigerator door handle illustrated in FIG. 1, according to one embodiment of the present invention;

FIG. 3 illustrates a perspective view of the refrigerator door handle, according to one embodiment of the present invention;

FIG. 4 illustrates a top view of the refrigerator door handle, according to one embodiment of the present invention; and, FIG. 5 illustrates a side view of the refrigerator door handle in conjunction with a side view of a refrigerator unit, according to one embodiment of the present invention.

The broken line showing the refrigerator door is for illustrative purposes and forms no part of the claimed design. Likewise, the broken line showing a refrigerator unit is for illustrative purposes and forms no part of the claimed design.
