(57) **CLAIM**

I claim the ornamental design for a traffic signal electric lamp assembly, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view as seen from the front, upper and right side of traffic signal front faceplate portion showing our new design;

FIG. 2 is an exploded, perspective view as seen from the front, upper and right side thereof showing in particular an electric lamp a portion and traffic signal front faceplate portion;

FIG. 3 is a partially assembled, perspective view as seen from the front, upper and right side view thereof showing in particular an electric lamp portion and a traffic signal front faceplate portion;

FIG. 4 is a perspective view as seen from the front, upper and right side thereof showing in particular an electric lamp portion and a traffic signal front faceplate portion (unclaimed traffic signal environmental structure being shown in broken lines);

FIG. 5 is a perspective view as seen from the rear, upper and right side thereof showing in particular a electric lamp portion and a traffic signal front faceplate portion;

FIG. 6 is a exploded, left side view thereof showing in particular an electric lamp portion and a traffic signal front faceplate portion;

FIG. 7 is an exploded, right side view thereof showing in particular an electric lamp portion and a traffic signal front faceplate portion;

FIG. 8 is a top side view thereof showing in particular an electric lamp portion and a traffic signal front faceplate portion; and,

FIG. 9 is a lower side view thereof showing in particular an electric lamp portion and a traffic signal front faceplate portion.

The broken lines showing traffic signal environmental structure are for illustrative purposes only and form no part of the claimed design.
