(57) **CLAIM**

The ornamental design for pouch for holding liquids, as shown and described.

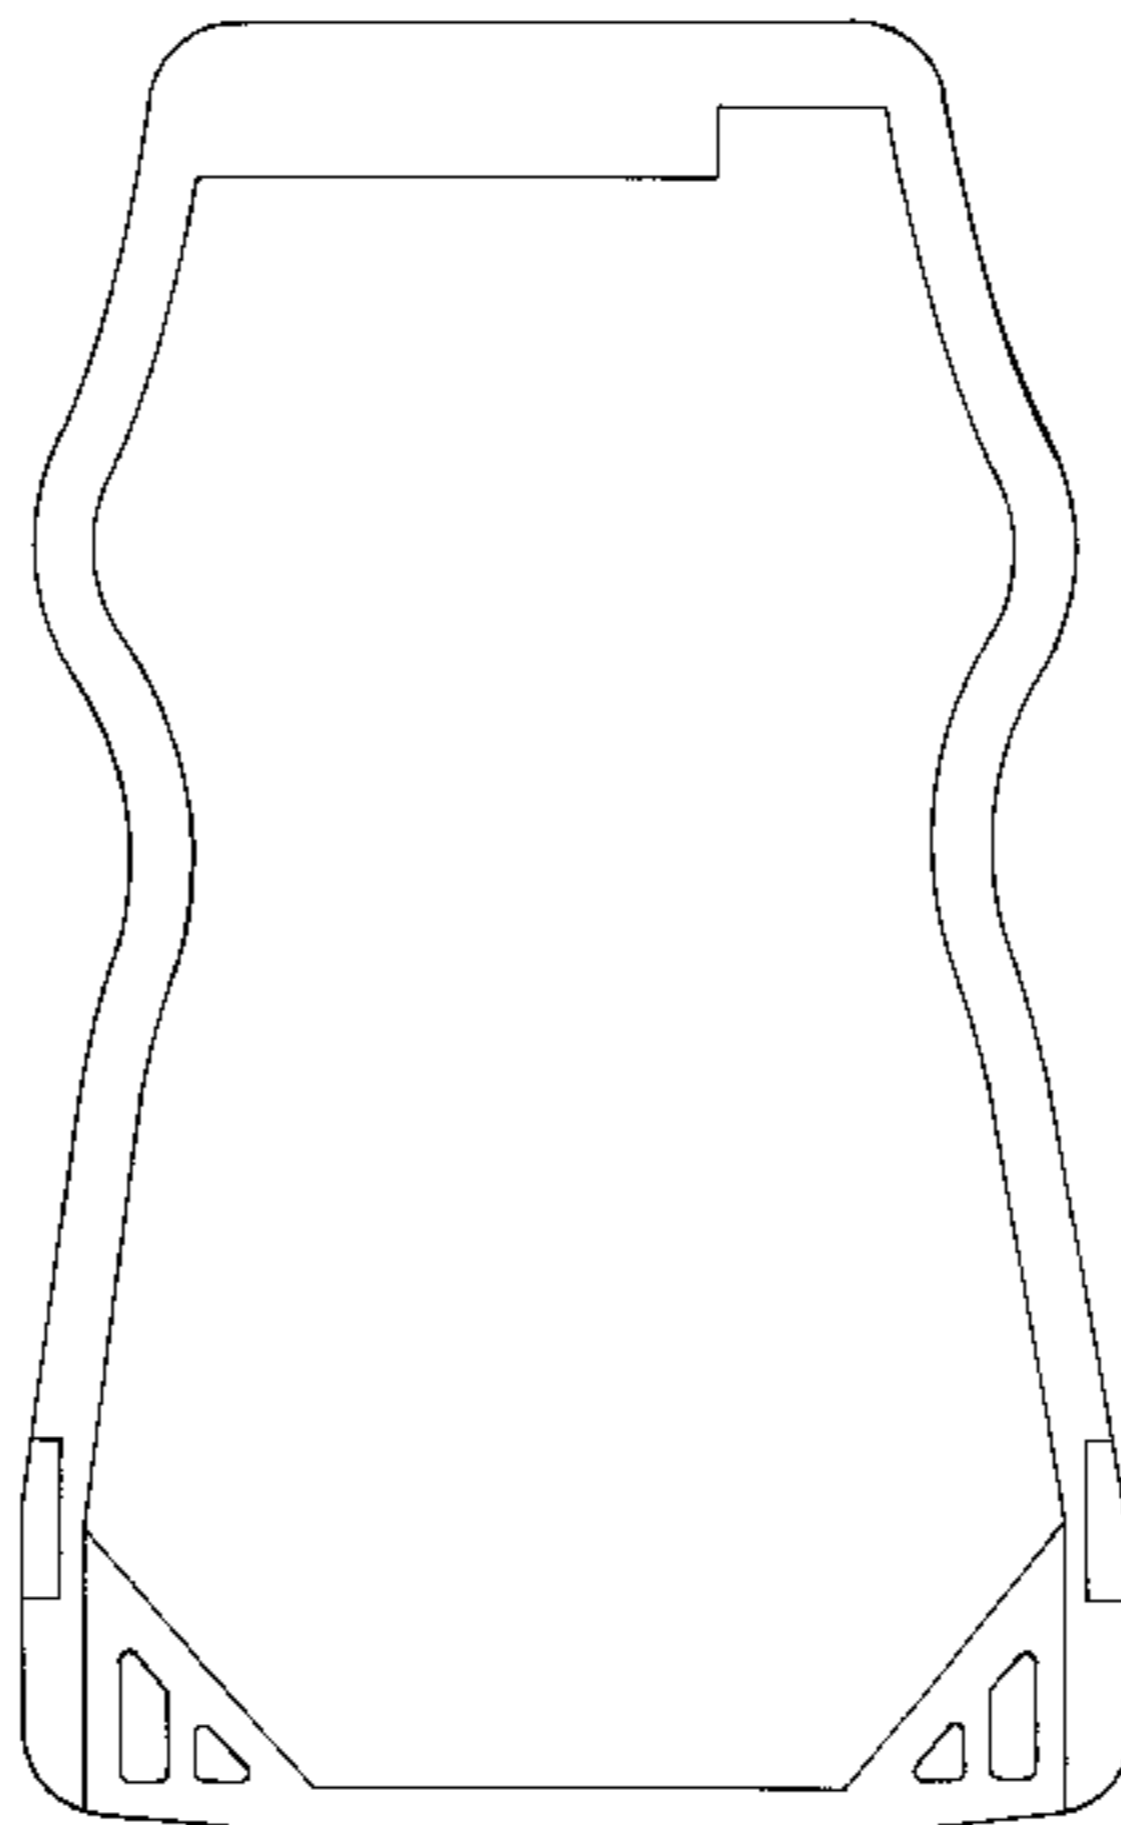

DESCRIPTION

FIG. 1 is a top plan view of a first embodiment of a pouch for holding liquids, depicted in an unfilled (flat) configuration; the bottom plan view being a mirror image thereof; all side elevational views not shown and being flat and without substantial thickness;

FIG. 2 is a top plan view of a second embodiment of a pouch for holding liquids, depicted in an unfilled (flat) configuration; the bottom plan view being a mirror image thereof; all side elevational views not shown and being flat and without substantial thickness; and,

FIG. 3 is a top plan view of a third embodiment of a pouch for holding liquids, depicted in an unfilled (flat) configuration; the bottom plan view being a mirror image thereof; all side elevational views not shown and being flat and without substantial thickness.
