(57) **CLAIM**

The ornamental design for a toy building element, as shown and described.

**DESCRIPTION**

It is intended that the toy building element of the present invention be used in a set of toy building elements that are capable of being interconnected in a releasable engagement. FIG. 1 is a top perspective view of the toy building element. FIG. 2 is a top view of the toy building element shown in FIG. 1. FIG. 3 is a side view of the toy building element shown in FIG. 1. All sides are identical. The bottom view of the toy building element shown in FIG. 1 does not form part of the claimed design.
