Primary Examiner—Brian N. Vinson

(57) **CLAIM**

The ornamental design for a dryer sheet dispenser, as shown and described.

DESCRIPTION

FIG. 1 is a bottom, front, and right perspective view of a dryer sheet dispenser showing a first embodiment of my new design;

FIG. 2 is a front elevational view of the first embodiment thereof, the back elevation of the first embodiment being identical in appearance;

FIG. 3 is a right side elevational view of the first embodiment thereof, the left side being a mirror image of that shown;

FIG. 4 is a bottom plan view of the first embodiment thereof;

FIG. 5 is a top plan view of the first embodiment thereof, the top plan view of a second and a third embodiment and the bottom plan view of the second embodiment being identical in appearance;

FIG. 6 is a front elevational view of the second embodiment thereof, the back elevation of the second embodiment being identical in appearance;

FIG. 7 is a right side elevational view of the second embodiment thereof, the left side being a mirror image of that shown;

FIG. 8 is a front elevational view of the third embodiment thereof, the back elevation of the third embodiment being identical in appearance;

FIG. 9 is a right side elevational view of the third embodiment thereof, the left side being a mirror image of that shown; and,

FIG. 10 is a bottom plan view of the third embodiment thereof.
