(57) **CLAIM**

The ornamental design for a patio paving block and stabilizing device assembly, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a patio paving block showing my new design;

FIG. 2 is an elevational view thereof with a stabilizing device positioned for engagement therewith;

FIG. 3 is an elevational view thereof with the stabilizing device connected to the patio paving block for installation;

FIG. 4 is a bottom plan view of a patio paving block shown separately for clarity of illustration showing the honeycomb pattern of the support ribs;

FIG. 5 is a cross-sectional view of the patio paving block taken along lines 4-4 of FIG. 4, showing a stabilizing device in condition of use connected to the patio paving block at the center grid intersection;

FIG. 6 is an elevation view of the stabilizing device shown separately for convenience of illustration;

FIG. 7 is a perspective view of the stabilizing device shown separately for convenience of illustration; and,

FIG. 8 is a top plan view of the stabilizing device shown separately for convenience of illustration.
