(57) **CLAIM**

The ornamental design for a safety vest, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of the safety vest showing my new design in condition of use on a human figure;

FIG. 2 is a rear perspective view thereof;

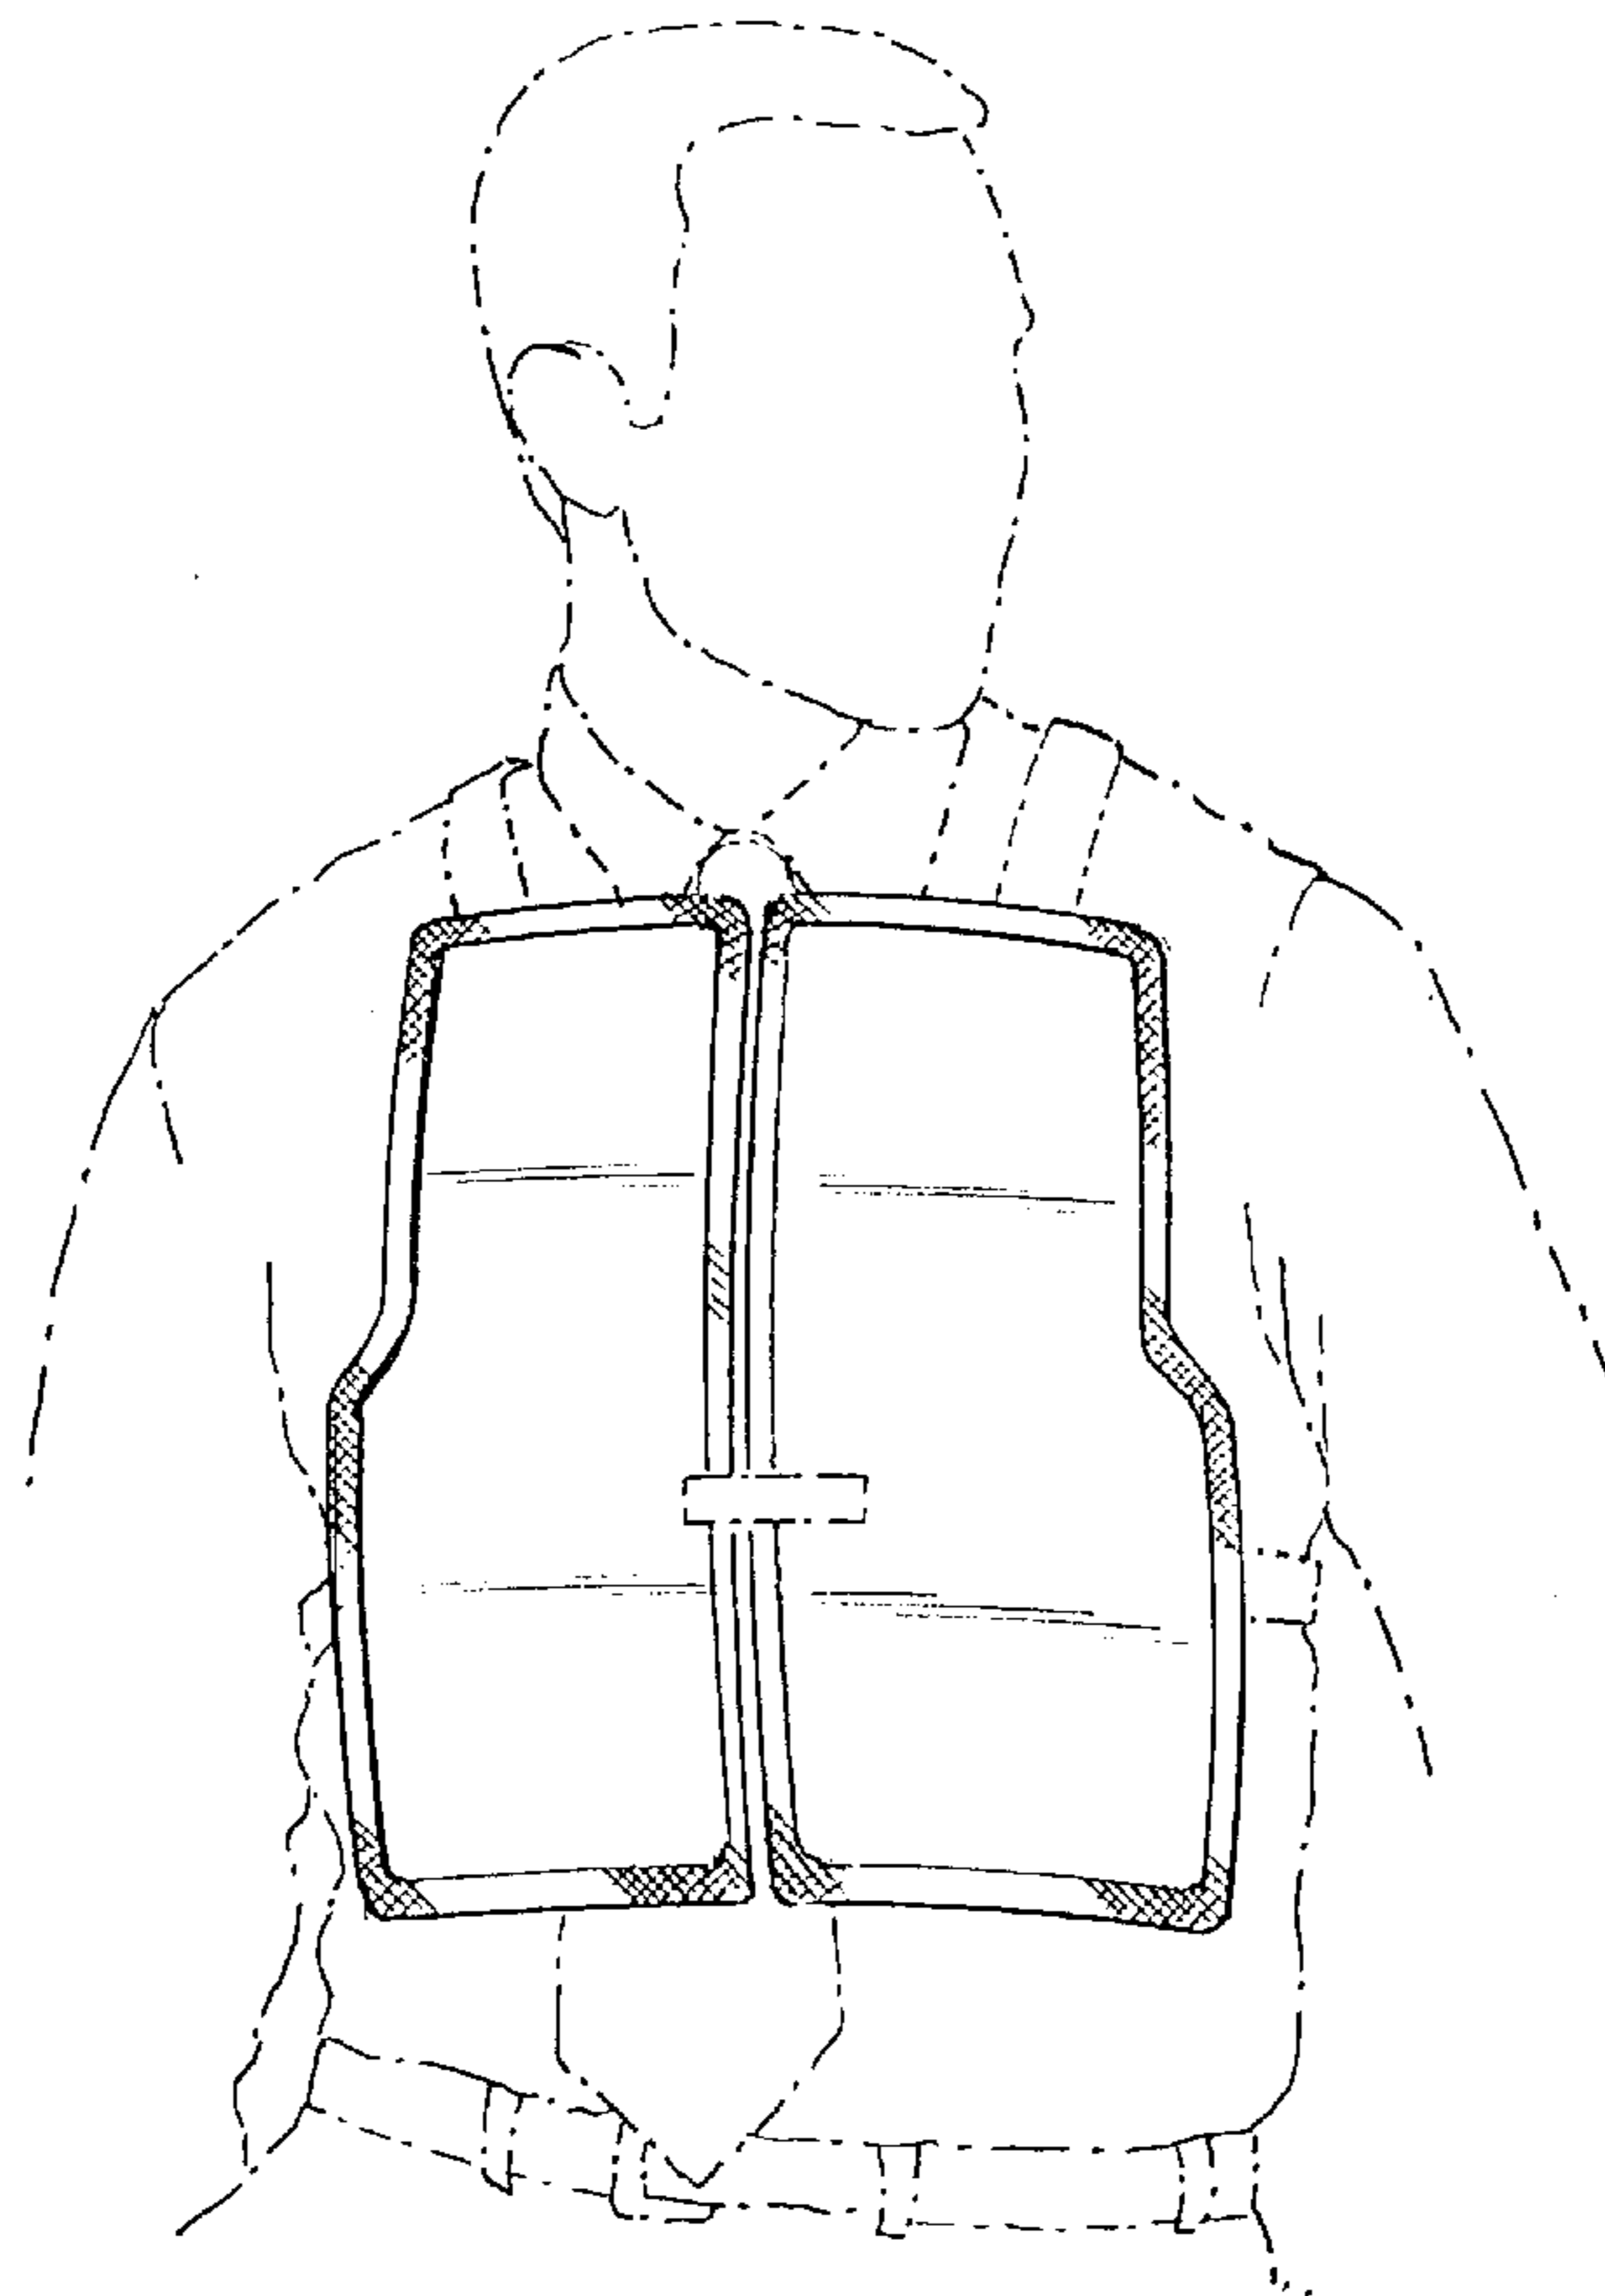

FIG. 3 is a front elevation view showing the safety vest on an enlarged scale and separately for clarity of illustration; and,

FIG. 4 is a rear elevation view thereof.

The broken line showing of a human figure and torso straps is for illustrative purposes only and forms no part of the claimed design.

The characteristic feature of the design resides in a vest for everyday use to shield human organs against the harmful effects of radiation, high intensity electrical fields or the like.
