(57) **CLAIM**

We claim the ornamental design for front portions of latch housing with pivotal handle, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view showing one form of front portions of latch housing with pivotal handle embodying our new design;

FIG. 2 is a top plan view thereof;

FIG. 3 is a right side elevational view thereof, it being understood that a left end elevational view thereof is identical thereto;

FIG. 4 is a right end elevational view thereof, it being understood that a left end elevational view thereof is identical thereto;

FIG. 5 is a perspective view showing another form of front portions of latch housing with pivotal handle embodying our new design;

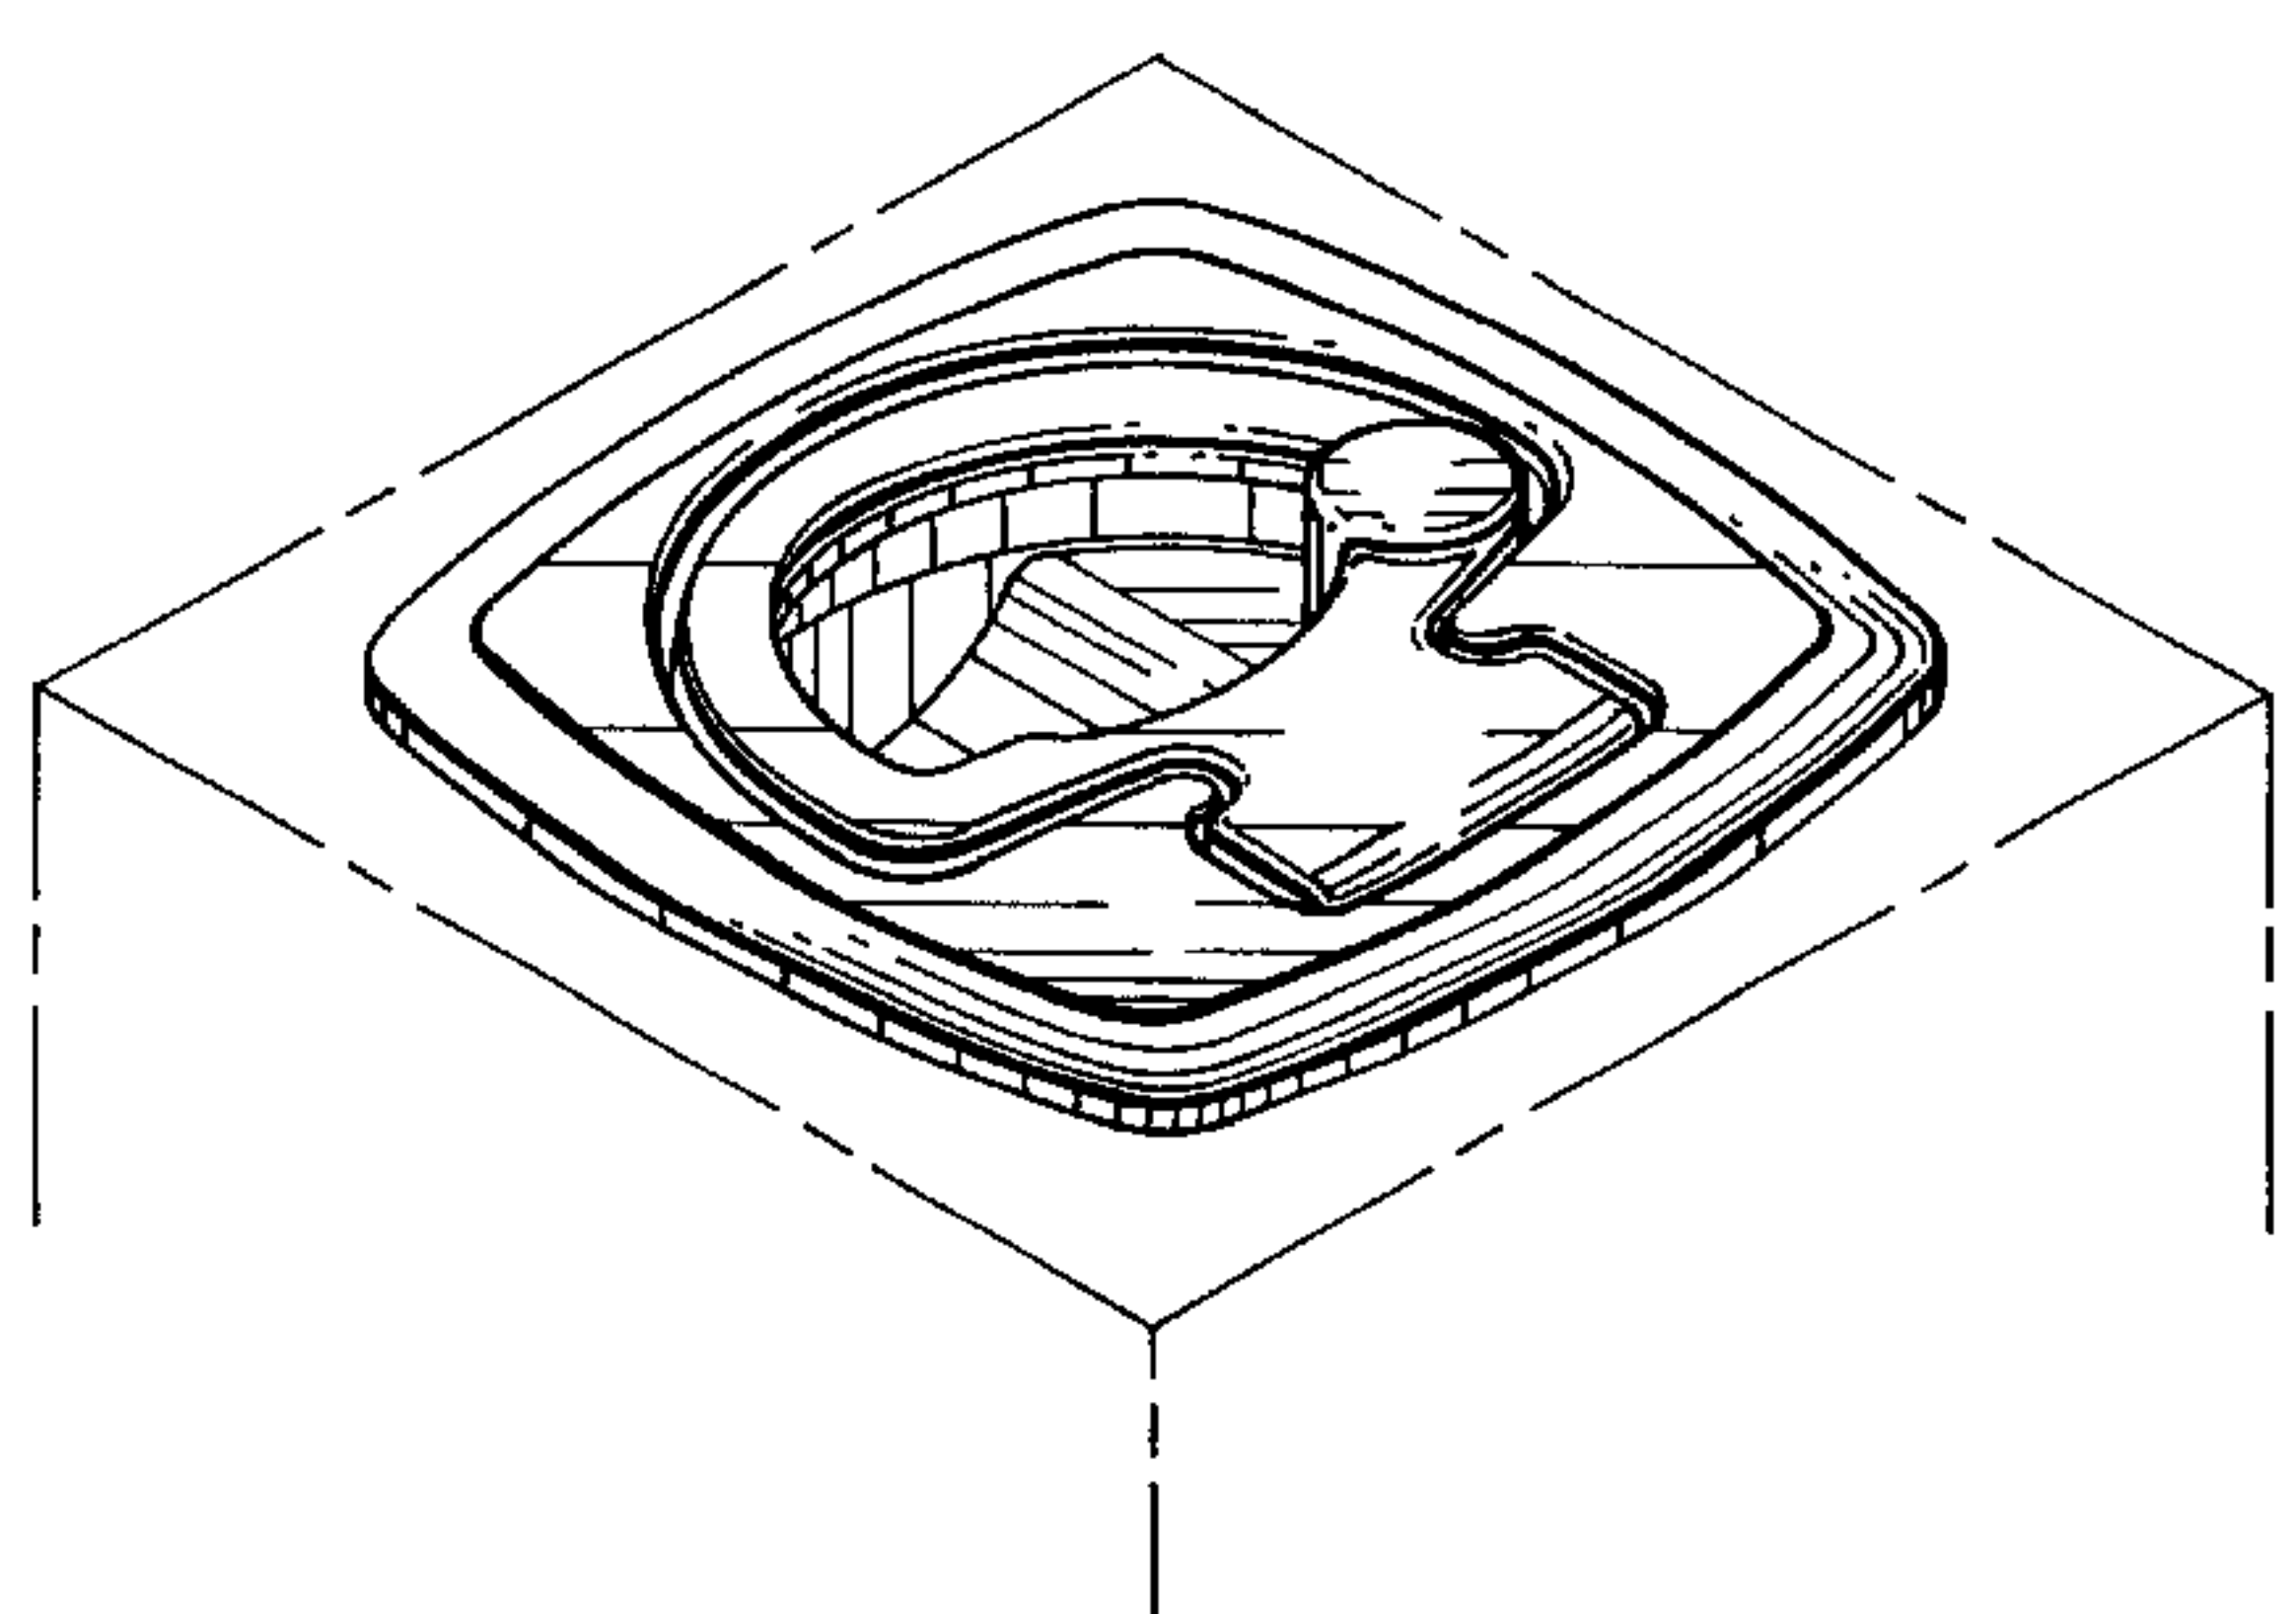

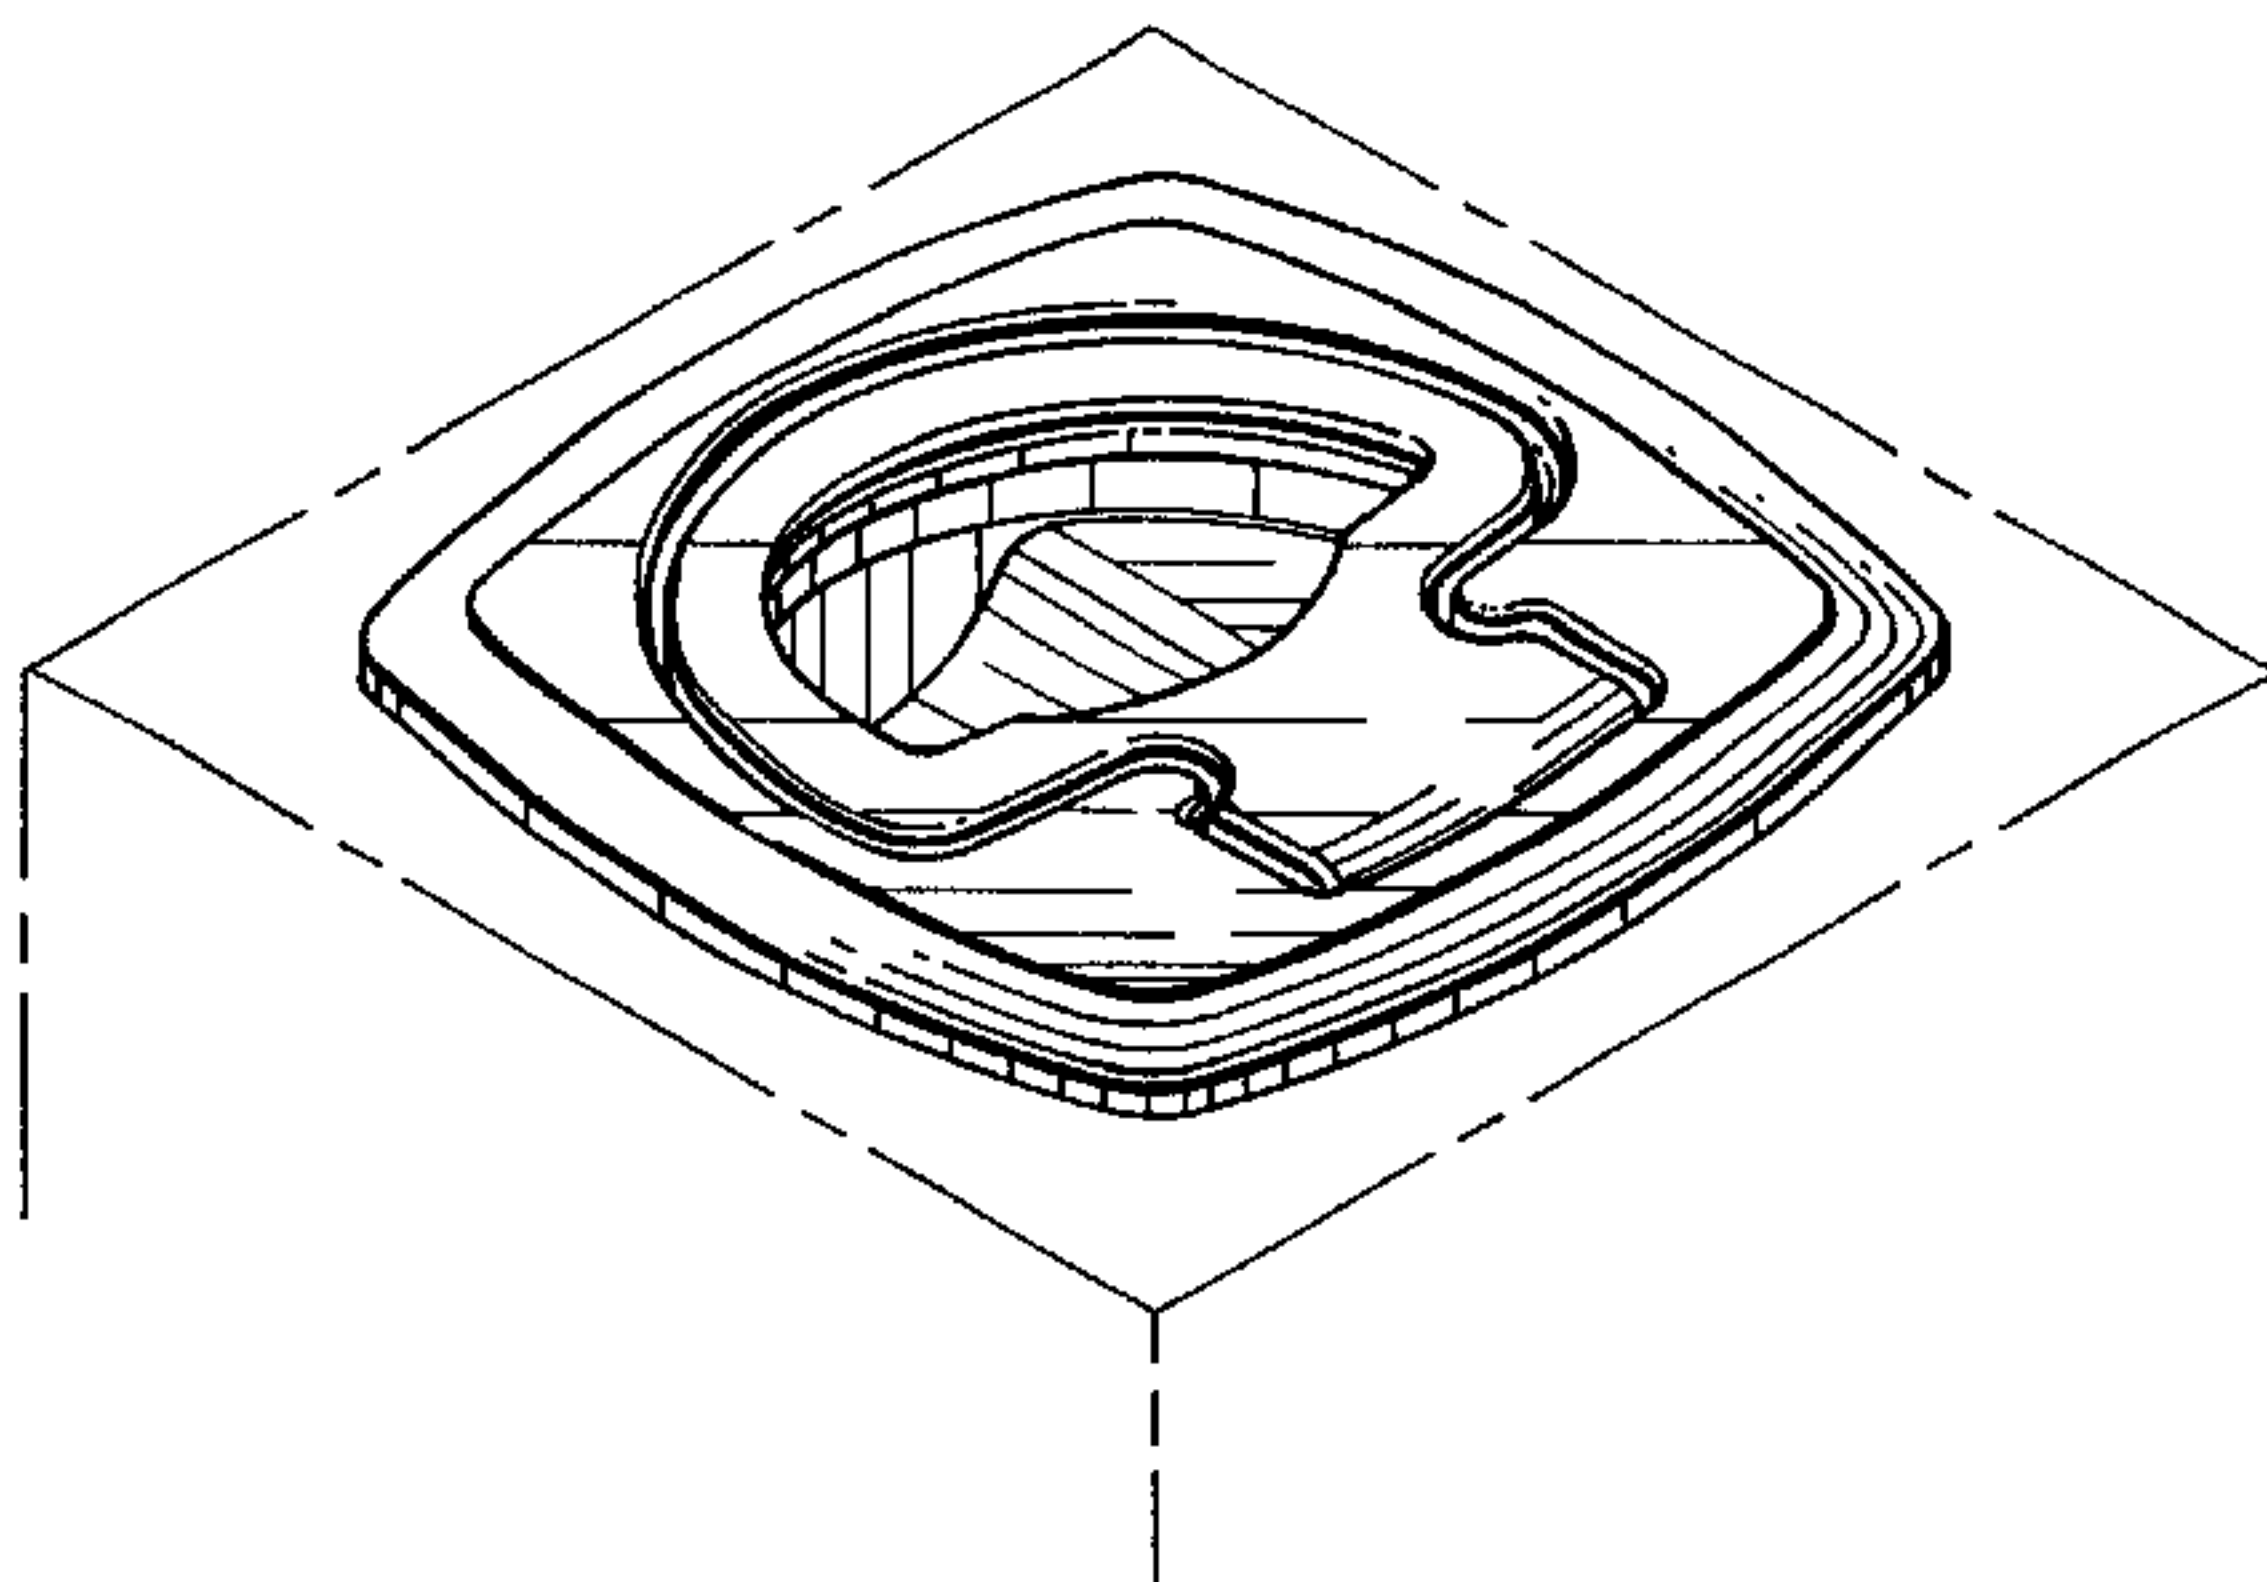

FIG. 6 is a top plan view thereof;

FIG. 7 is a right side elevational view thereof, it being understood that a left side elevational view thereof is identical thereto except that it is a left-to-right mirror image reversal thereof; and,

FIG. 8 is a right end elevational view thereof, it being understood that a left end elevational view thereof is identical thereto except that it is a left-to-right mirror image reversal thereof.

The broken line disclosure of a panel in which the latch housing with pivotal handle is mounted is for illustrative purposes only and forms no part of the design.
