(57) **CLAIM**

We claim the ornamental design for an inside paddle assembly for road vehicles, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the inside paddle assembly of the present invention.

FIG. 2 is a top plan view of the paddle assembly.

FIG. 3 is a side elevation view of the paddle assembly, with the opposite side view being an identical mirror image thereof.

FIG. 4 is an elevation view from one end of the paddle assembly; and,

FIG. 5 is a end elevation view from the opposite end as shown in FIG. 4.

FIGS. 2–5 are shown on an enlarged scale with respect to FIG. 1.

The broken lines in FIGS. 1–5 indicate in those respective views the portions of the inside paddle assembly that are hidden from view below the wall of the vehicle. Except to the extent that such portions are shown by solid lines or shading in other views, they form no part of the claimed design.
