(57) **CLAIM**

The ornamental design for a hockey stick shaft, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of the hockey stick shaft having wood veneer on the shaft top and bottom portions with an advanced composite cloth exposed on the opposite sides of the present invention, the broken line showing of the blade and peg portions are for illustrative purposes only and forms no part of the claimed design;

FIG. 2 is a top side view of the shaft of the present invention; FIG. 3 is a right side view of the shaft of the present invention;

FIG. 4 is a bottom side view of the shaft of the present invention;

FIG. 5 is a left side view of the shaft of the present invention; and,

FIG. 6 is an end view of the shaft of the present invention from the blade end, the end view from the peg end being identical.
