(57) **CLAIM**

The ornamental design for a golf club head, as shown and described.

DESCRIPTION

FIG. 1 is a top, front, right side perspective of a golf club

head showing my new design, including environmental structure shown in broken lines and forming no part of the new design;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a rear elevational view thereof;

FIG. 4 is a right side elevational view thereof, the left side elevational view being a mirror image thereof;

FIG. 5 is a top elevational view thereof; and

FIG. 6 is a bottom elevational view thereof;

FIG. 7 is a top, front, right side perspective view of a second embodiment of a golf club head showing my new design, including a wood-grained surface treatment embodied in the golf club head, and including environmental structure shown in broken lines and forming no part of the new design;

FIG. 8 is a front elevational view thereof;

FIG. 9 is a rear elevational view thereof;

FIG. 10 is a right side, elevational view thereof, the left side elevational view being a mirror image thereof;

FIG. 11 is a top elevational view thereof; and

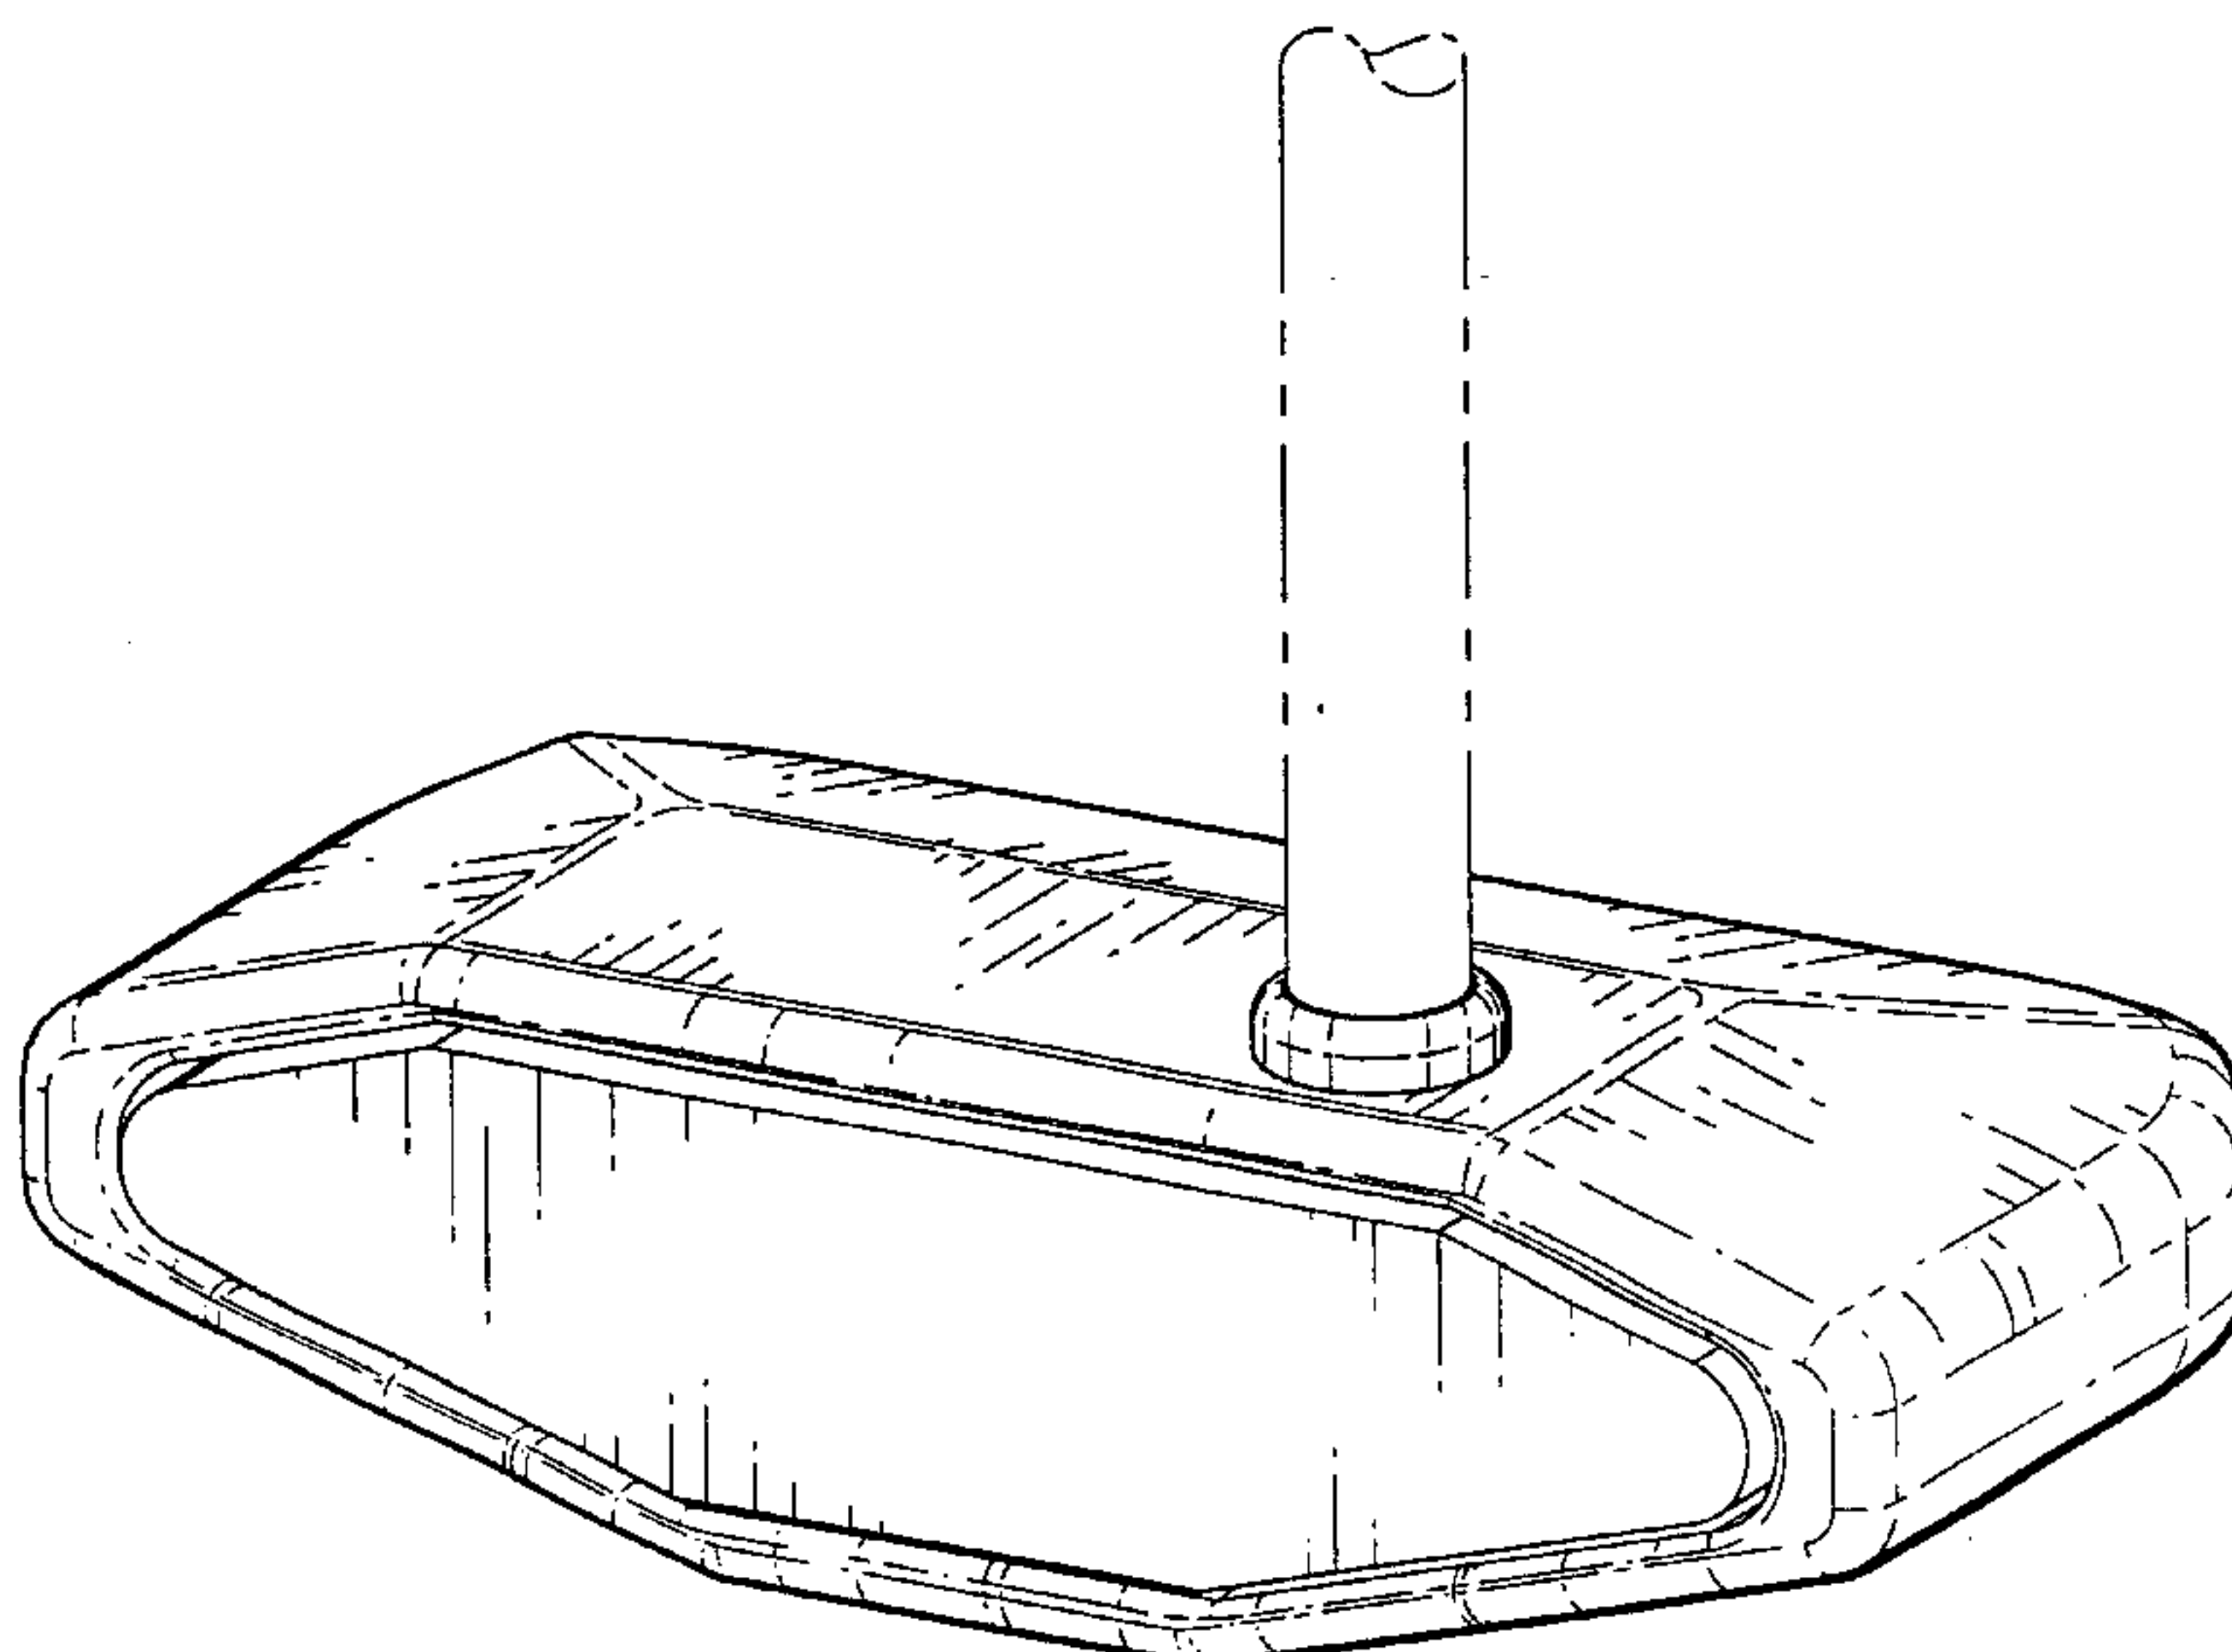

FIG. 12 is a bottom elevational view thereof;

FIG. 13 is a top, front, right side perspective view of a third embodiment of a golf club head showing my new design, including environmental structure shown in broken lines and forming no part of the new design; and,

FIG. 14 is a top, front, right side perspective view of a fourth embodiment of a golf club head showing my new design, including environmental structure shown in broken lines and forming no part of the new design.

The undisclosed sides of the third and fourth embodiments are identical to that disclosed in the first embodiment.
