(57) **CLAIM**

The ornamental design for front end loader, as shown and described.

DESCRIPTION

The sole FIGURE is a front elevational view of a front end loader.

The views of the front end loader other than those shown in this application do not form a part of this design patent application. The portions provided by broken lines are intended to reflect environment and do not form a part of the indicated embodiment of this design patent application.

1 Claim, 1 Drawing Sheet
