(57) **CLAIM**

We claim the ornamental design for an outside paddle assembly for road vehicles, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view from one side of the outside paddle assembly of the present invention.

FIG. 2 is a perspective view from the opposite side of the paddle assembly.

FIG. 3 is a top plan view of the paddle assembly.

FIG. 4 is an elevation view from one side of the assembly.

FIG. 5 is an elevation view from the opposite side of the paddle assembly; and,

FIG. 6 is an elevation view from one end of the assembly, with the view from the opposite end being an identical mirror image of the view shown in FIG. 6.

FIGS. 3–6 are shown on an enlarged scale with respect to FIGS. 1 and 2.

The broken lines in FIGS. 1–6 indicate in those respective views the portions of the outside paddle assembly that are hidden from view below the wall of the vehicle. Except to the extent that such portions are shown by solid lines or shading in other views, they form no part of the claimed design.
