(57) **CLAIM**

The ornamental design of an electrical signal cable connector, as shown and described.

DESCRIPTION

FIG. **1** is a perspective view, taken from the bottom and front, of an electrical signal cable connector, in accordance with our new design, with a cable to which it may be attached shown in phantom;

FIG. **2** is a perspective view of the electrical signal cable connector shown in FIG. **1**, taken from the bottom and rear, with the cable shown in phantom;

FIG. **3** is a perspective view of the electrical signal cable connector shown in FIG. **1**, taken from the top and rear, with the cable shown in phantom; and,

FIG. **4** is front elevational view of the electrical signal cable connector shown in FIG. **1**.

The phantom-line illustration of the cable in FIGS. **1–3** is included for the purpose of illustrating environmental structure only and forms no part of the claimed design.
