(57) **CLAIM**

The ornamental design for an articulated handle for dental implement, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of an articulated handle for dental implement showing my new design;

FIG. 2 is a rear elevational view thereof with an articulated joint illustrated at an angular orientation;

FIG. 3 is a top plan view thereof; and,

FIG. 4 is an end view thereof.

The bottom view is identical to the top plan view; the opposite end is plain and unornamented and the handle and mushroom mount for implement tips shown in dashed lines do not form part of the design.
