(57) **CLAIM**

The ornamental design of a measurement instrument, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a measurement instrument; FIG. 2 is a front elevation view of the measurement instrument;

FIG. 3 is a top plan view of the measurement instrument; FIG. 4 is a bottom plan view of the measurement instrument; FIG. 5 is a left side elevation view of the measurement instrument;

FIG. 6 is a right side elevation view of the measurement instrument; and,

FIG. 7 is a rear elevation view of the measurement instrument.

The ornamental design disclosed in this application is for a measurement instrument having a front panel with a display and control buttons and knobs and a rectangular protrusion extending from a portion of a curved rear surface.
