(57) **CLAIM**

The ornamental design for an icon for an electrosurgical tissue recovery instrument, as shown and described.

DESCRIPTION

A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or patent disclosure, as it appears in the Patent and Trademark office patent file or records, but reserves all other copyright rights whatsoever. FIG. 1 is a perspective view of an icon for an electrosurgical tissue recovery instrument showing our new design; and, FIG. 2 is a front view thereof, on an enlarged scale. The broken line drawing of an electrosurgical tissue recovery instrument in both views is for illustrative purposes only and forms no part of the claimed design.
