(57) **CLAIM**

The ornamental design for a cable hanger, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a cable hanger showing a first embodiment of our new design;

FIG. 2 is a right side elevational view thereof, the left side elevational view thereof being a mirror image of the right side elevational view;

FIG. 3 is a front elevational view thereof, the rear elevational view thereof being a mirror image of the image of the front elevational view;

FIG. 4 is a bottom plan view thereof;

FIG. 5 is a top plan view thereof;

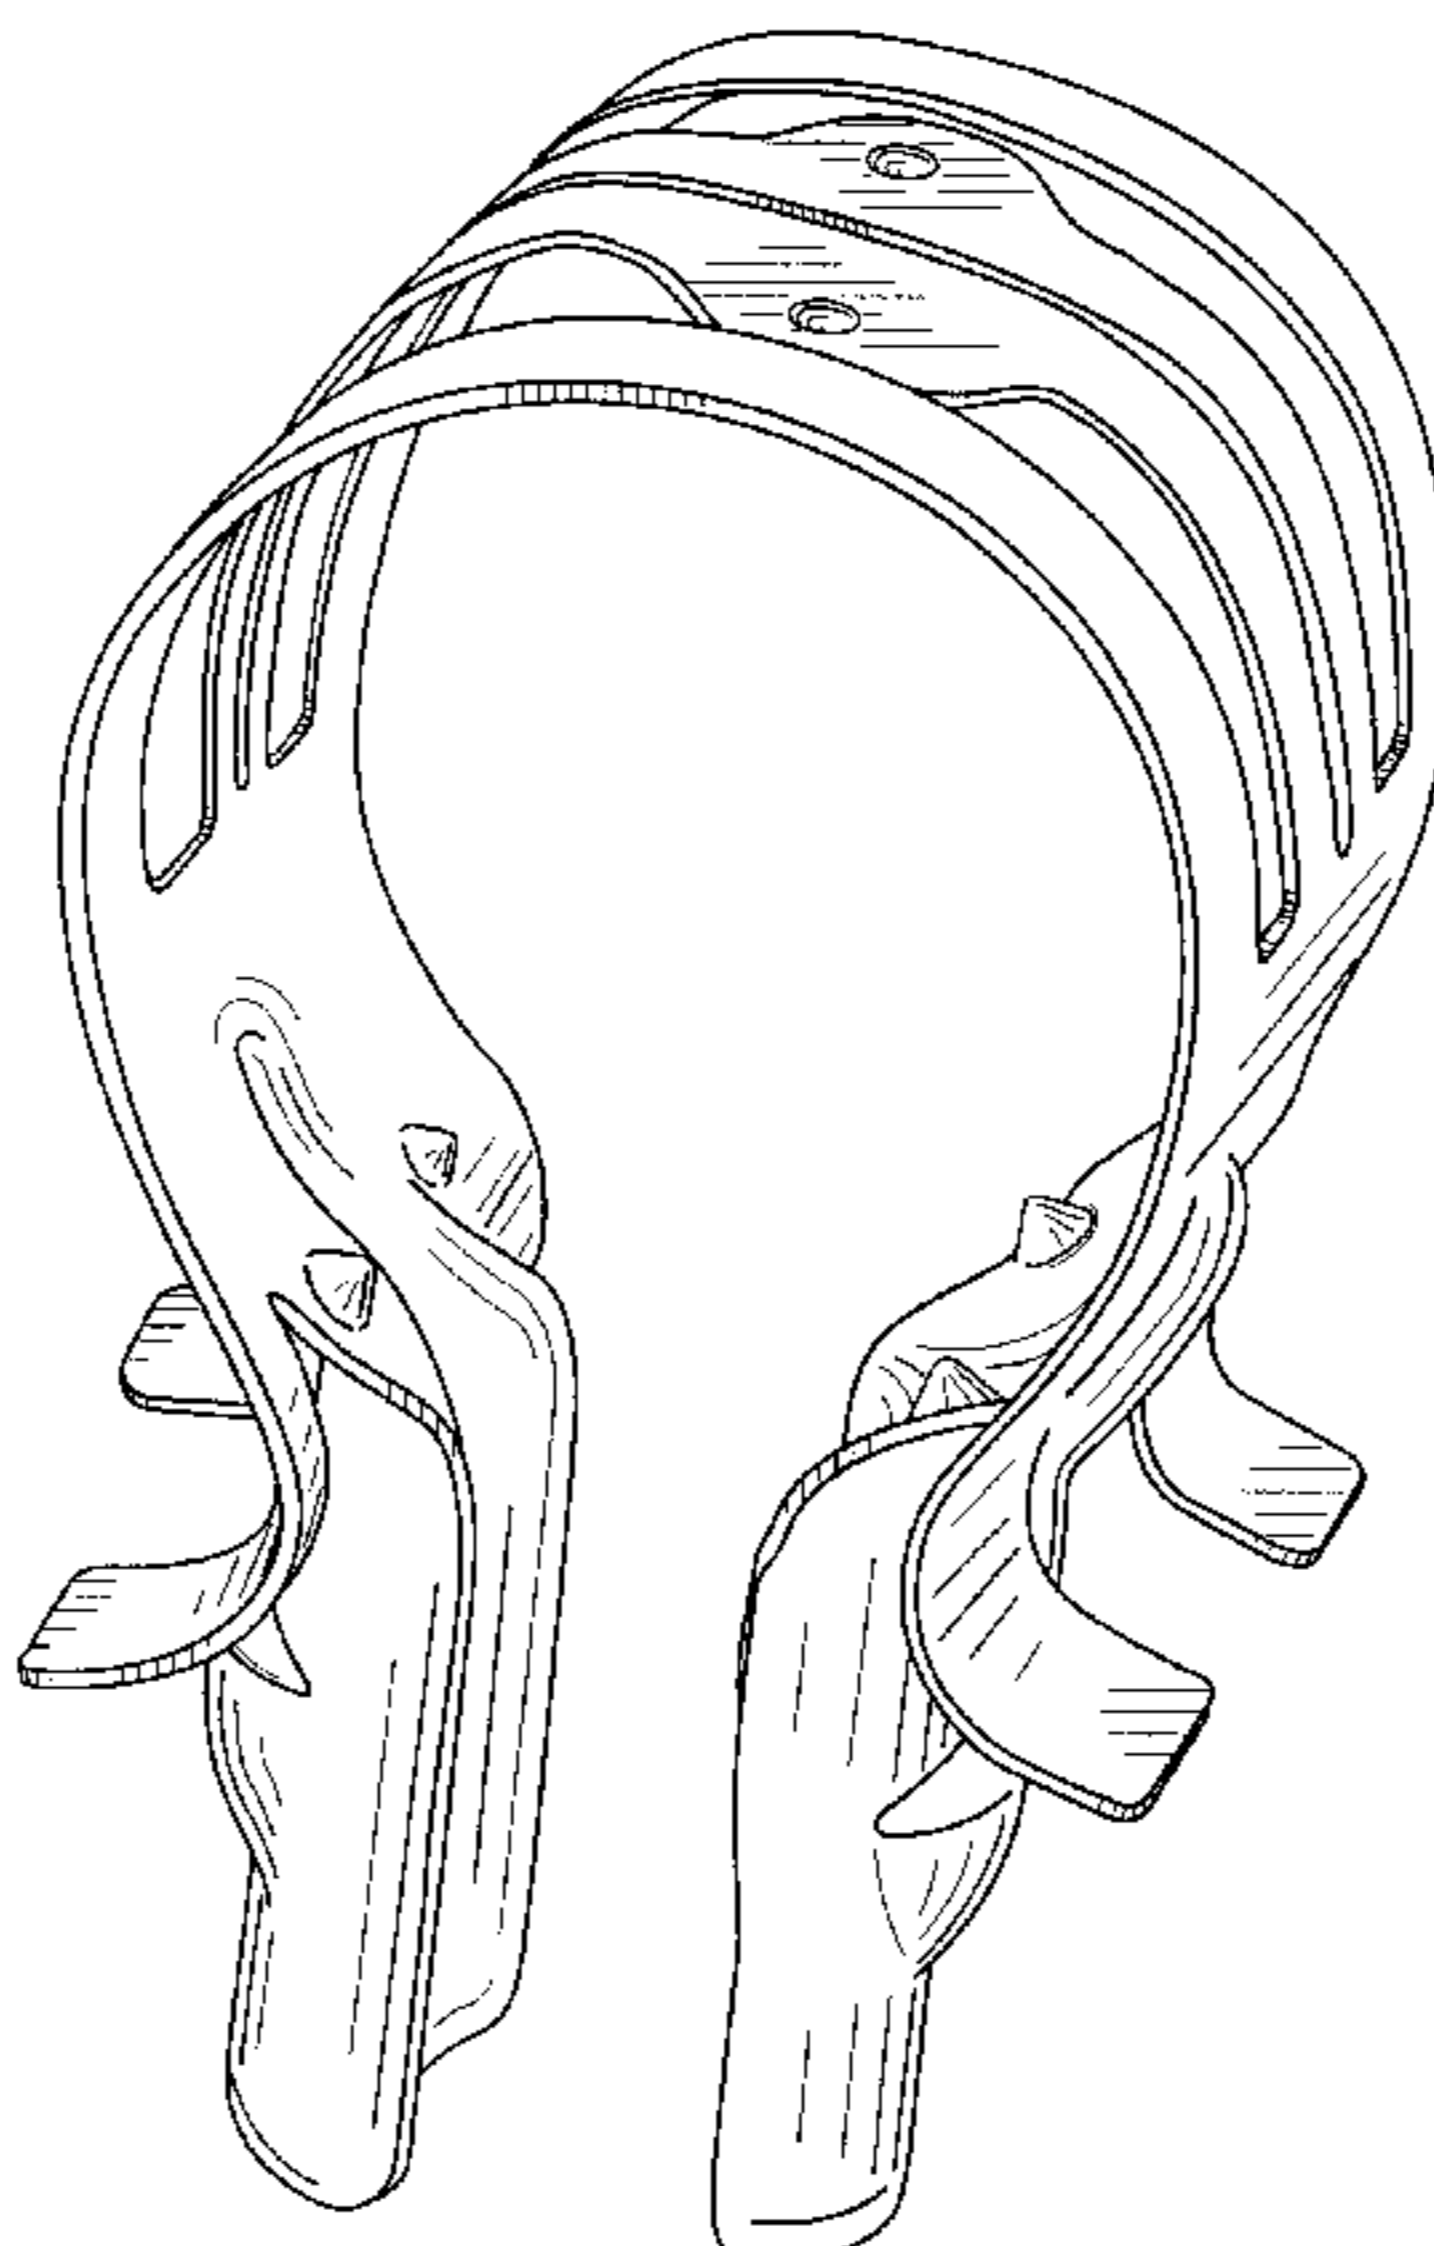

FIG. 6 is a perspective view of a cable hanger showing a second embodiment of our new design;

FIG. 7 is a right side elevational view of the second embodiment, the left side elevational view of the second embodiment being a mirror image of the right side elevational view of the second embodiment;

FIG. 8 is a front elevational view of second embodiment, the rear elevational view of the second embodiment being a mirror image of the front elevational of the second embodiment;

FIG. 9 is a bottom plan view of the second embodiment; and, FIG. 10 is a top plan view of second embodiment.
