(57) **CLAIM**

The ornamental design for the ceiling fan blade iron, as shown and described.

DESCRIPTION

FIG. **1** is a perspective view from below of the ceiling fan blade iron in accordance with my design showing the environment of the invention;

FIG. **2** is a top plan view of the ceiling fan blade iron in accordance with my design showing the environment of the invention;

FIG. **3** is a full front elevation view of the ceiling fan blade iron in accordance with my design showing the environment of the invention;

FIG. **4** is a bottom plan view of the celiling fan blade iron in accordance with my design showing the environment of the invention;

FIG. **5** is a perspective view of the ceiling fan blade iron in accordance with my design illustrating the environment of the blade iron;

FIG. **6** is a bottom plan view of the ceiling fan blade iron in accordace with my design illustrating the environment of the blade iron;

FIG. **7** is a top plan view of the ceiling fan blade iron in accordance with my design illustrating the environmnt of the blade iron;

FIG. **8** is an enlarged rear elevation view of the ceiling fan blade iron in accordance with my design;

FIG. **9** is an enlarged front elevation view of the ceiling fan blade iron in accordance with my design;

FIG. **10** is an enlarged right elevation view of the ceiling fan blade iron in accordance with my design illustrating the elongated screw openings as environment of the blade iron; and,

FIG. **11** is an enlarged left elevation view of the ceiling fan blade iron in accordance with my design.

The broken lines showing environmental structure are for illustrative purposes only and form no part of the claimed design.

In FIGS. **5, 6,** and **7,** the fan blades are shown broken away to indicate indeterminate length.
