(57) **CLAIM**

The ornamental design for chest, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a chest showing my new design;

FIG. 2 is a front elevational view thereof;

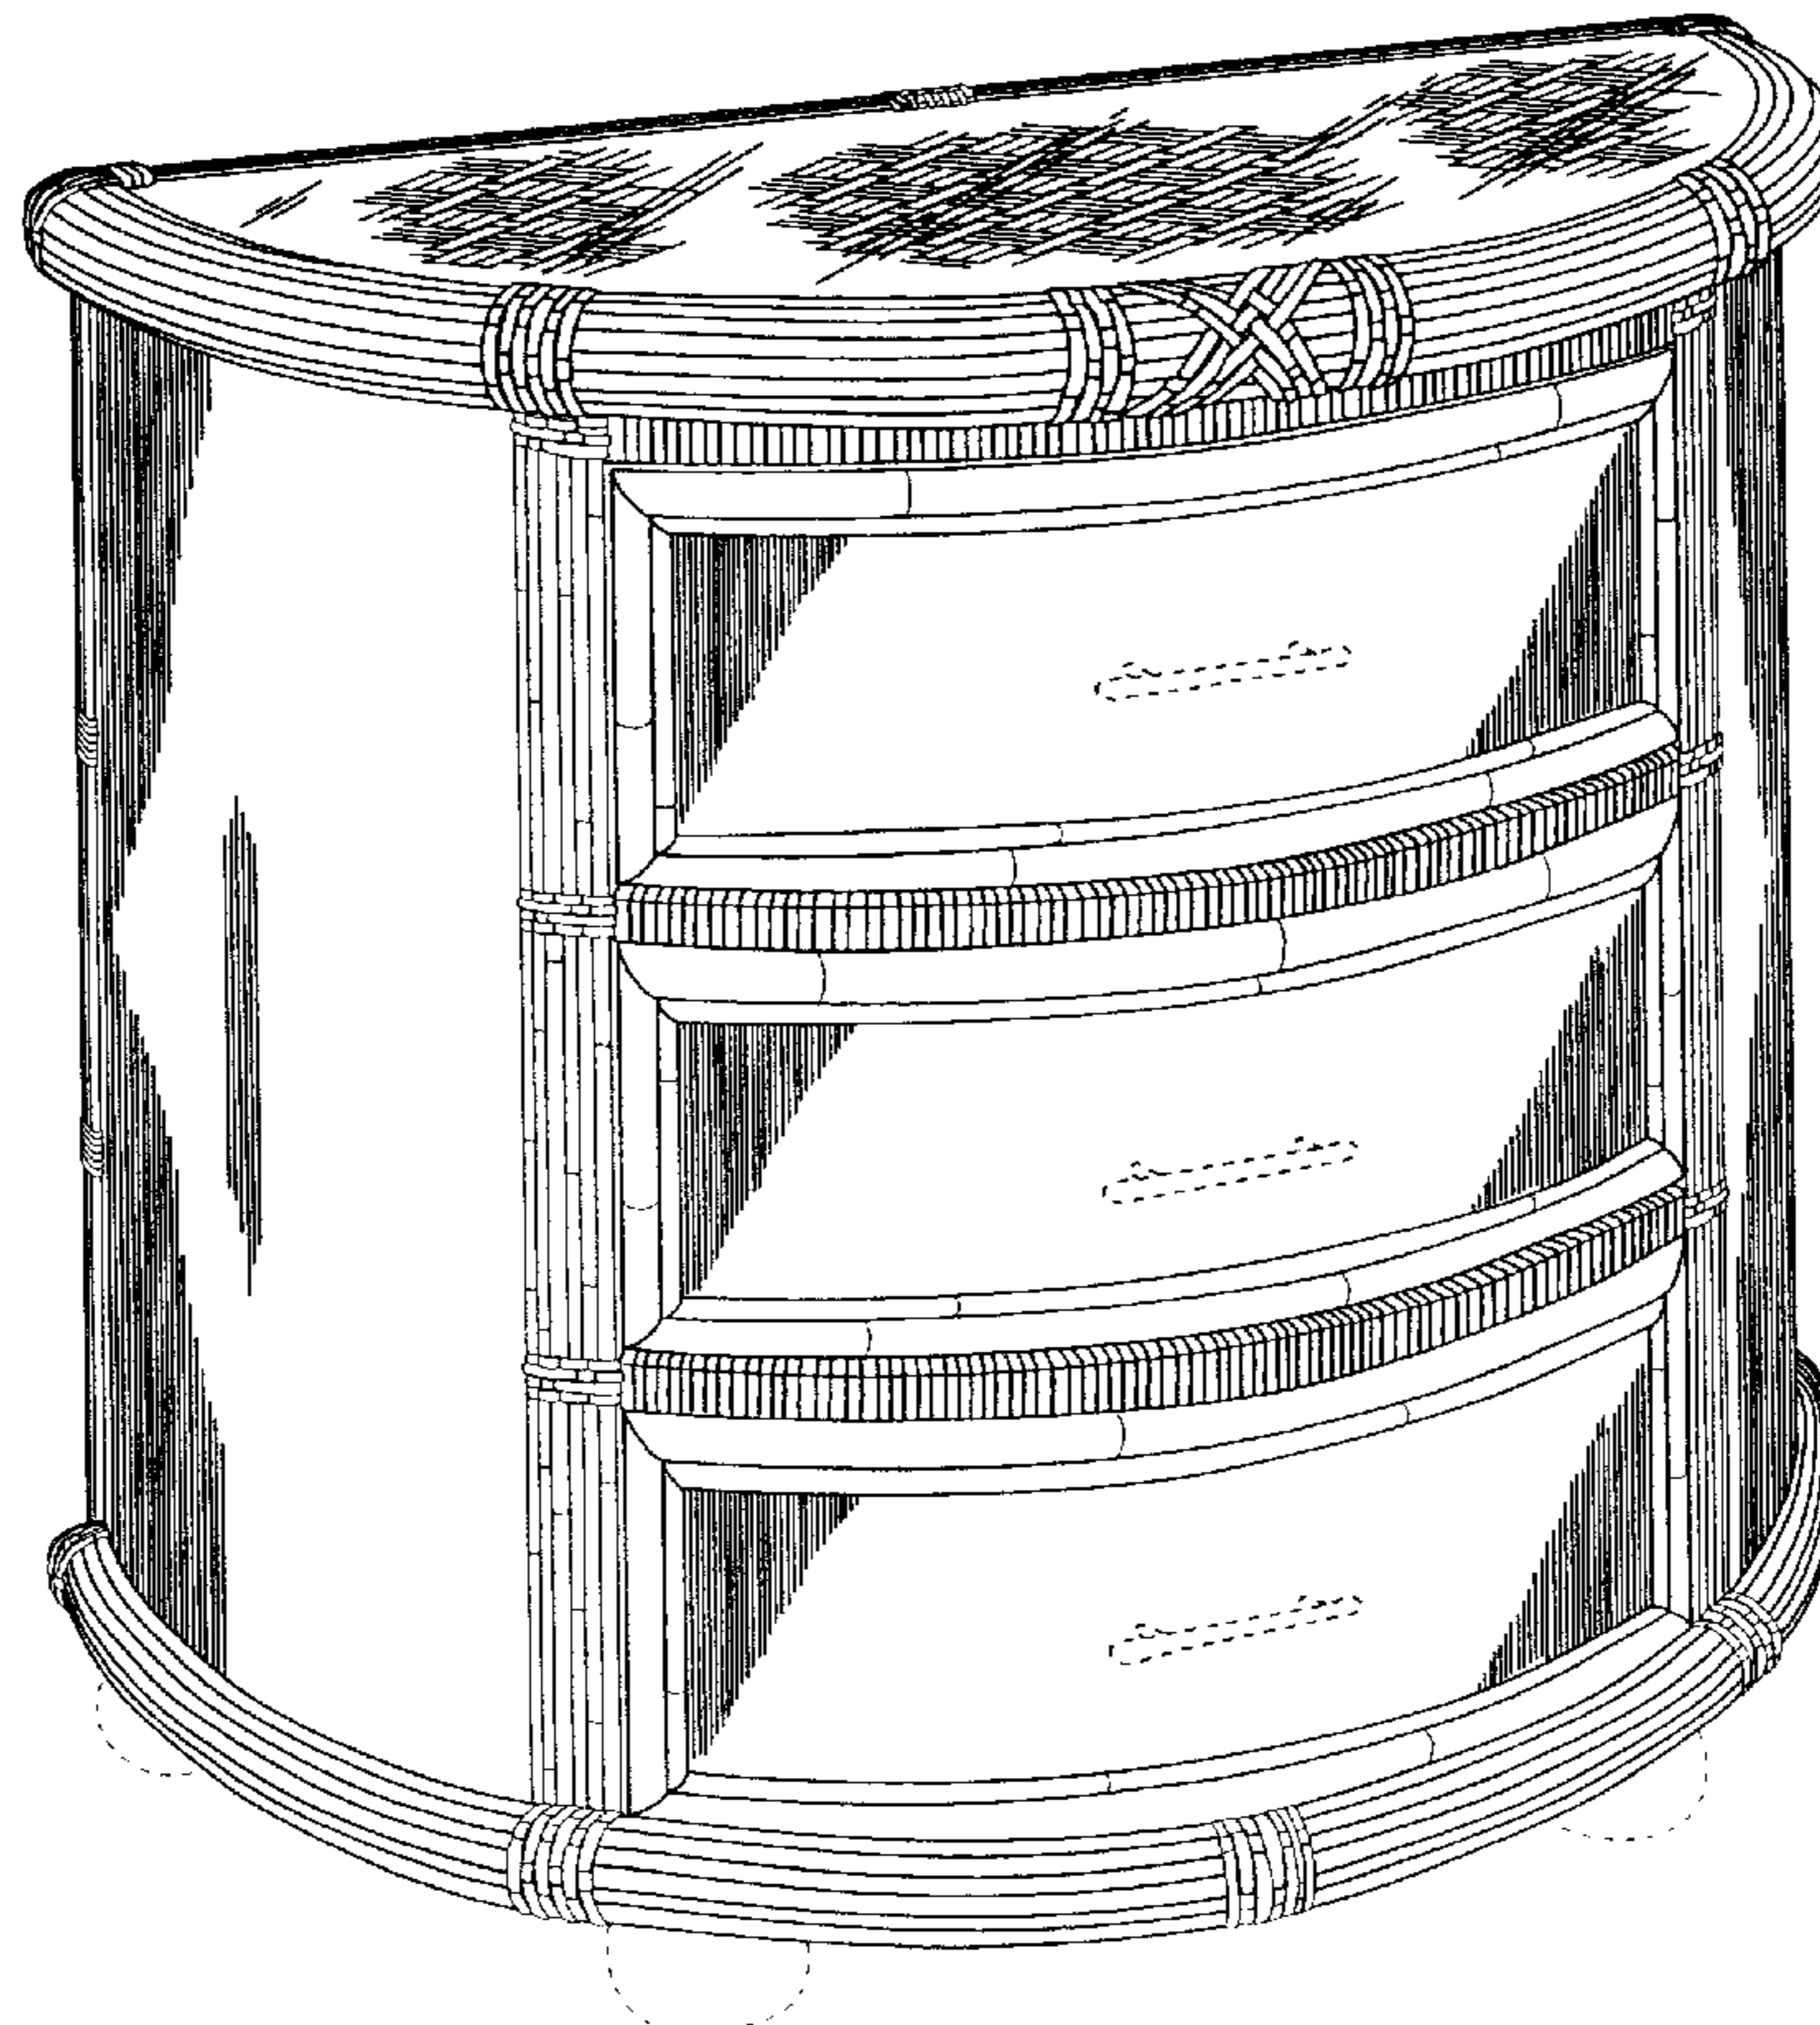

FIG. 3 is a side elevational view, the opposite side being a mirror image thereof; and,

FIG. 4 is a top view thereof.

The bottom and rear views of the chest are not shown and form no part of the claimed design. The dashed lines represent environmental elements only and form no part of the claimed design.

The fragmented depiction of surface ornamentation shown on the top surface of the claimed design is understood to exist uniformly across that surface. The oblique line shading on the same surface is understood to represent a glass top surface.
