(57) **CLAIM**

The ornamental design for a wall anchor, as shown and described.

**DESCRIPTION**

An anchor that can be driven into a surface, such as a wall, has a front cutting tip, a helical thread around the shank, and a rear portion that accepts a tool for driving the anchor. FIG. 1 is a perspective view of the wall anchor of the present invention; FIG. 2 is an enlarged fragmentary perspective view of the lower end thereof; and, FIG. 3 is a front view thereof. The broken lines shown on the drawings are for illustrative purposes only and form no part of the claimed design.
