(57) **CLAIM**

The ornamental design for a surface configuration of a side mirror for a vehicle, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a first embodiment of a surface configuration of a side mirror for a vehicle according to my novel design;

FIG. 2 is a front view of the first embodiment of the surface configuration of a side mirror for a vehicle according to my novel design;

FIG. 3 is a rear view of the first embodiment of the surface configuration of a side mirror for a vehicle according to my novel design;

FIG. 4 is a top view of the first embodiment of the surface configuration of a side mirror for a vehicle according to my novel design;

FIG. 5 is a perspective view of a second embodiment of the surface configuration of a side mirror for a vehicle according to my novel design;

FIG. 6 is a front view of the second embodiment of the surface configuration of a side mirror for a vehicle according to my novel design;

FIG. 7 is a rear view of the second embodiment of the surface configuration of a side mirror for a vehicle according to my novel design; and,

FIG. 8 is a top view of the second embodiment of the surface configuration of a side mirror for a vehicle according to my novel design.

The broken lines included in the drawings depict environment and are not part of the claimed design.
