(57) **CLAIM**

We claim the ornamental design for an electric pressure washer, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of an electric pressure washer comprising a first embodiment of the ornamental

design of the present invention, the view including broken line showings for illustrative purposes only;

FIG. 2 is a view similar to FIG. 1, with the broken line showings omitted;

FIG. 3 is a rear perspective view of the electric pressure washer of FIG. 1, the view including broken line showings for illustrative purposes only;

FIG. 4 is a view similar to FIG. 2, with the broken line showings omitted;

FIG. 5 is a side view of the electric pressure washer of FIG. 1;

FIG. 6 is a front view of the electric pressure washer of FIG. 1;

FIG. 7 is an opposite side view of the electric pressure washer of FIG. 1;

FIG. 8 is a rear view of the electric pressure washer of FIG. 1;

FIG. 9 is a top view of the electric pressure washer of FIG. 1;

FIG. 10 is a bottom view of the electric pressure washer of FIG. 1;

FIG. 11 is a front perspective view of an electric pressure washer comprising a second embodiment of the ornamental design of the present invention;

FIG. 12 is a rear perspective view of the electric pressure washer of FIG. 9;

FIG. 13 is a side view of the electric pressure washer of FIG. 9;

FIG. 14 is a front view of the electric pressure washer of FIG. 9;

FIG. 15 is an opposite side view of the electric pressure washer of FIG. 9;

FIG. 16 is a rear view of the electric pressure washer of FIG. 9;

FIG. 17 is a top view of the electric pressure washer of FIG. 9; and,

FIG. 18 is a bottom view of the electric pressure washer of FIG. 9.

The broken line showings of FIGS. 1-16 are for illustrative purposes only and form no part of the claimed design.
