(57) **CLAIM**

The ornamental design for a strip display rack, as shown and described.

DESCRIPTION

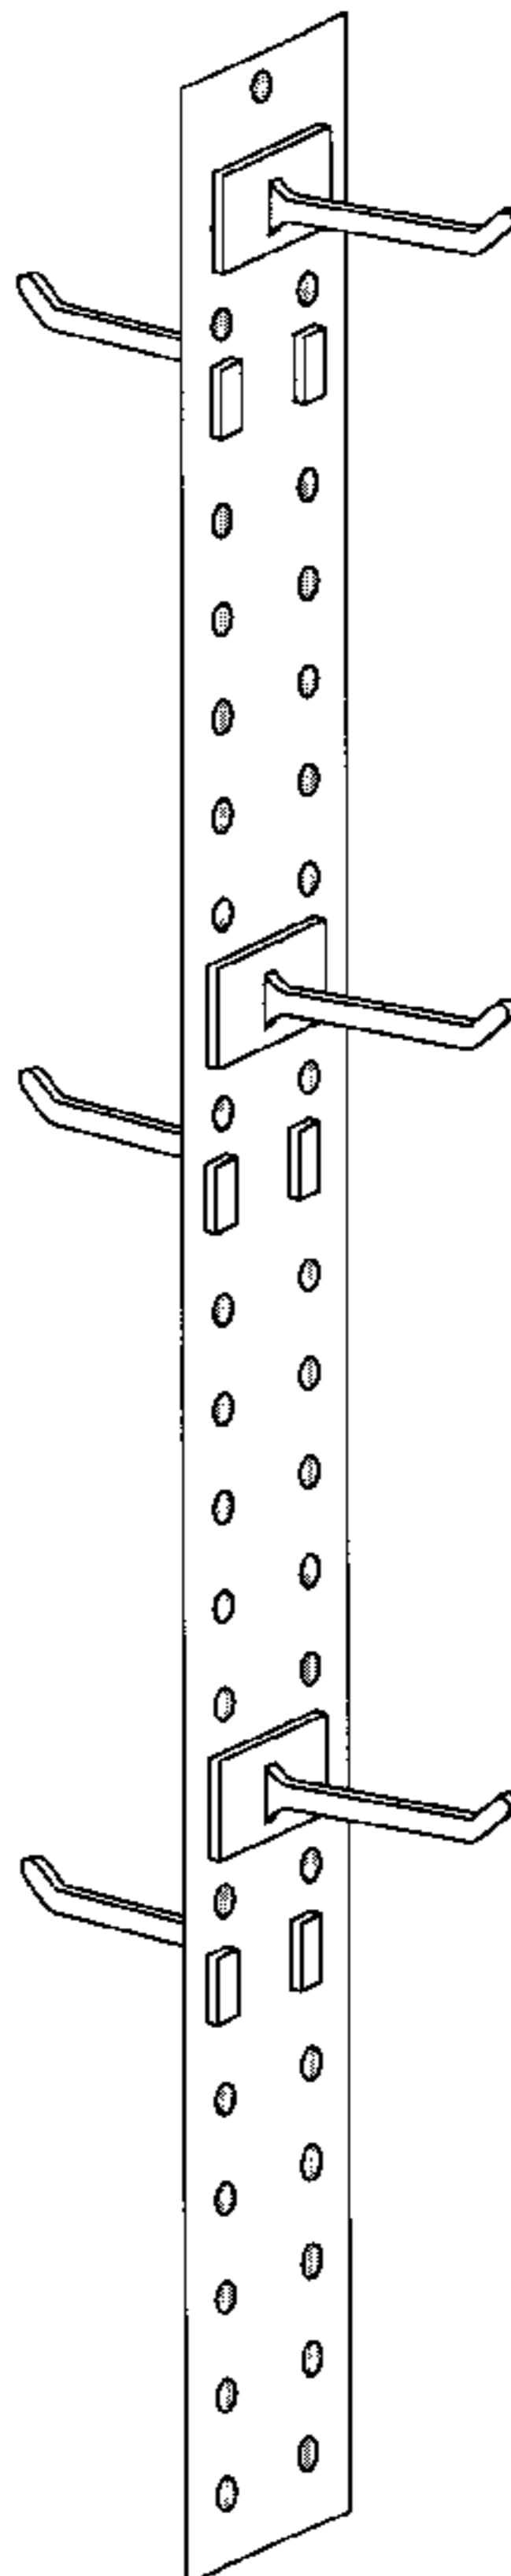

FIG. 1 is a perspective view of the strip display rack according to the present design;

FIG. 2 is a top view of the strip display rack, a corresponding bottom view being substantially a mirror equivalent thereof;

FIG. 3 is a right side view of the strip display rack, a corresponding left side view being a mirror equivalent thereof; and,

FIG. 4 is a front view of the strip display rack, a corresponding rear view being substantially a mirror equivalent thereof.
