(57) CLAIM

The ornamental design for an automobile tire, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an automobile tire, it being understood that the tread pattern repeats uniformly throughout the circumference of the tire.

FIG. 2 is a front elevation view thereof, a top plan view, a bottom plan view and a rear elevation view are identical with the front elevation view.

FIG. 3 is a left side elevation view thereof, a right side elevation view is identical with the left side elevation view.

FIG. 4 is an enlarged fragmentary front elevation view thereof; and,

FIG. 5 is a cross-sectional view thereof taken along line 5—5 in FIG. 4.
