(57) **CLAIM**

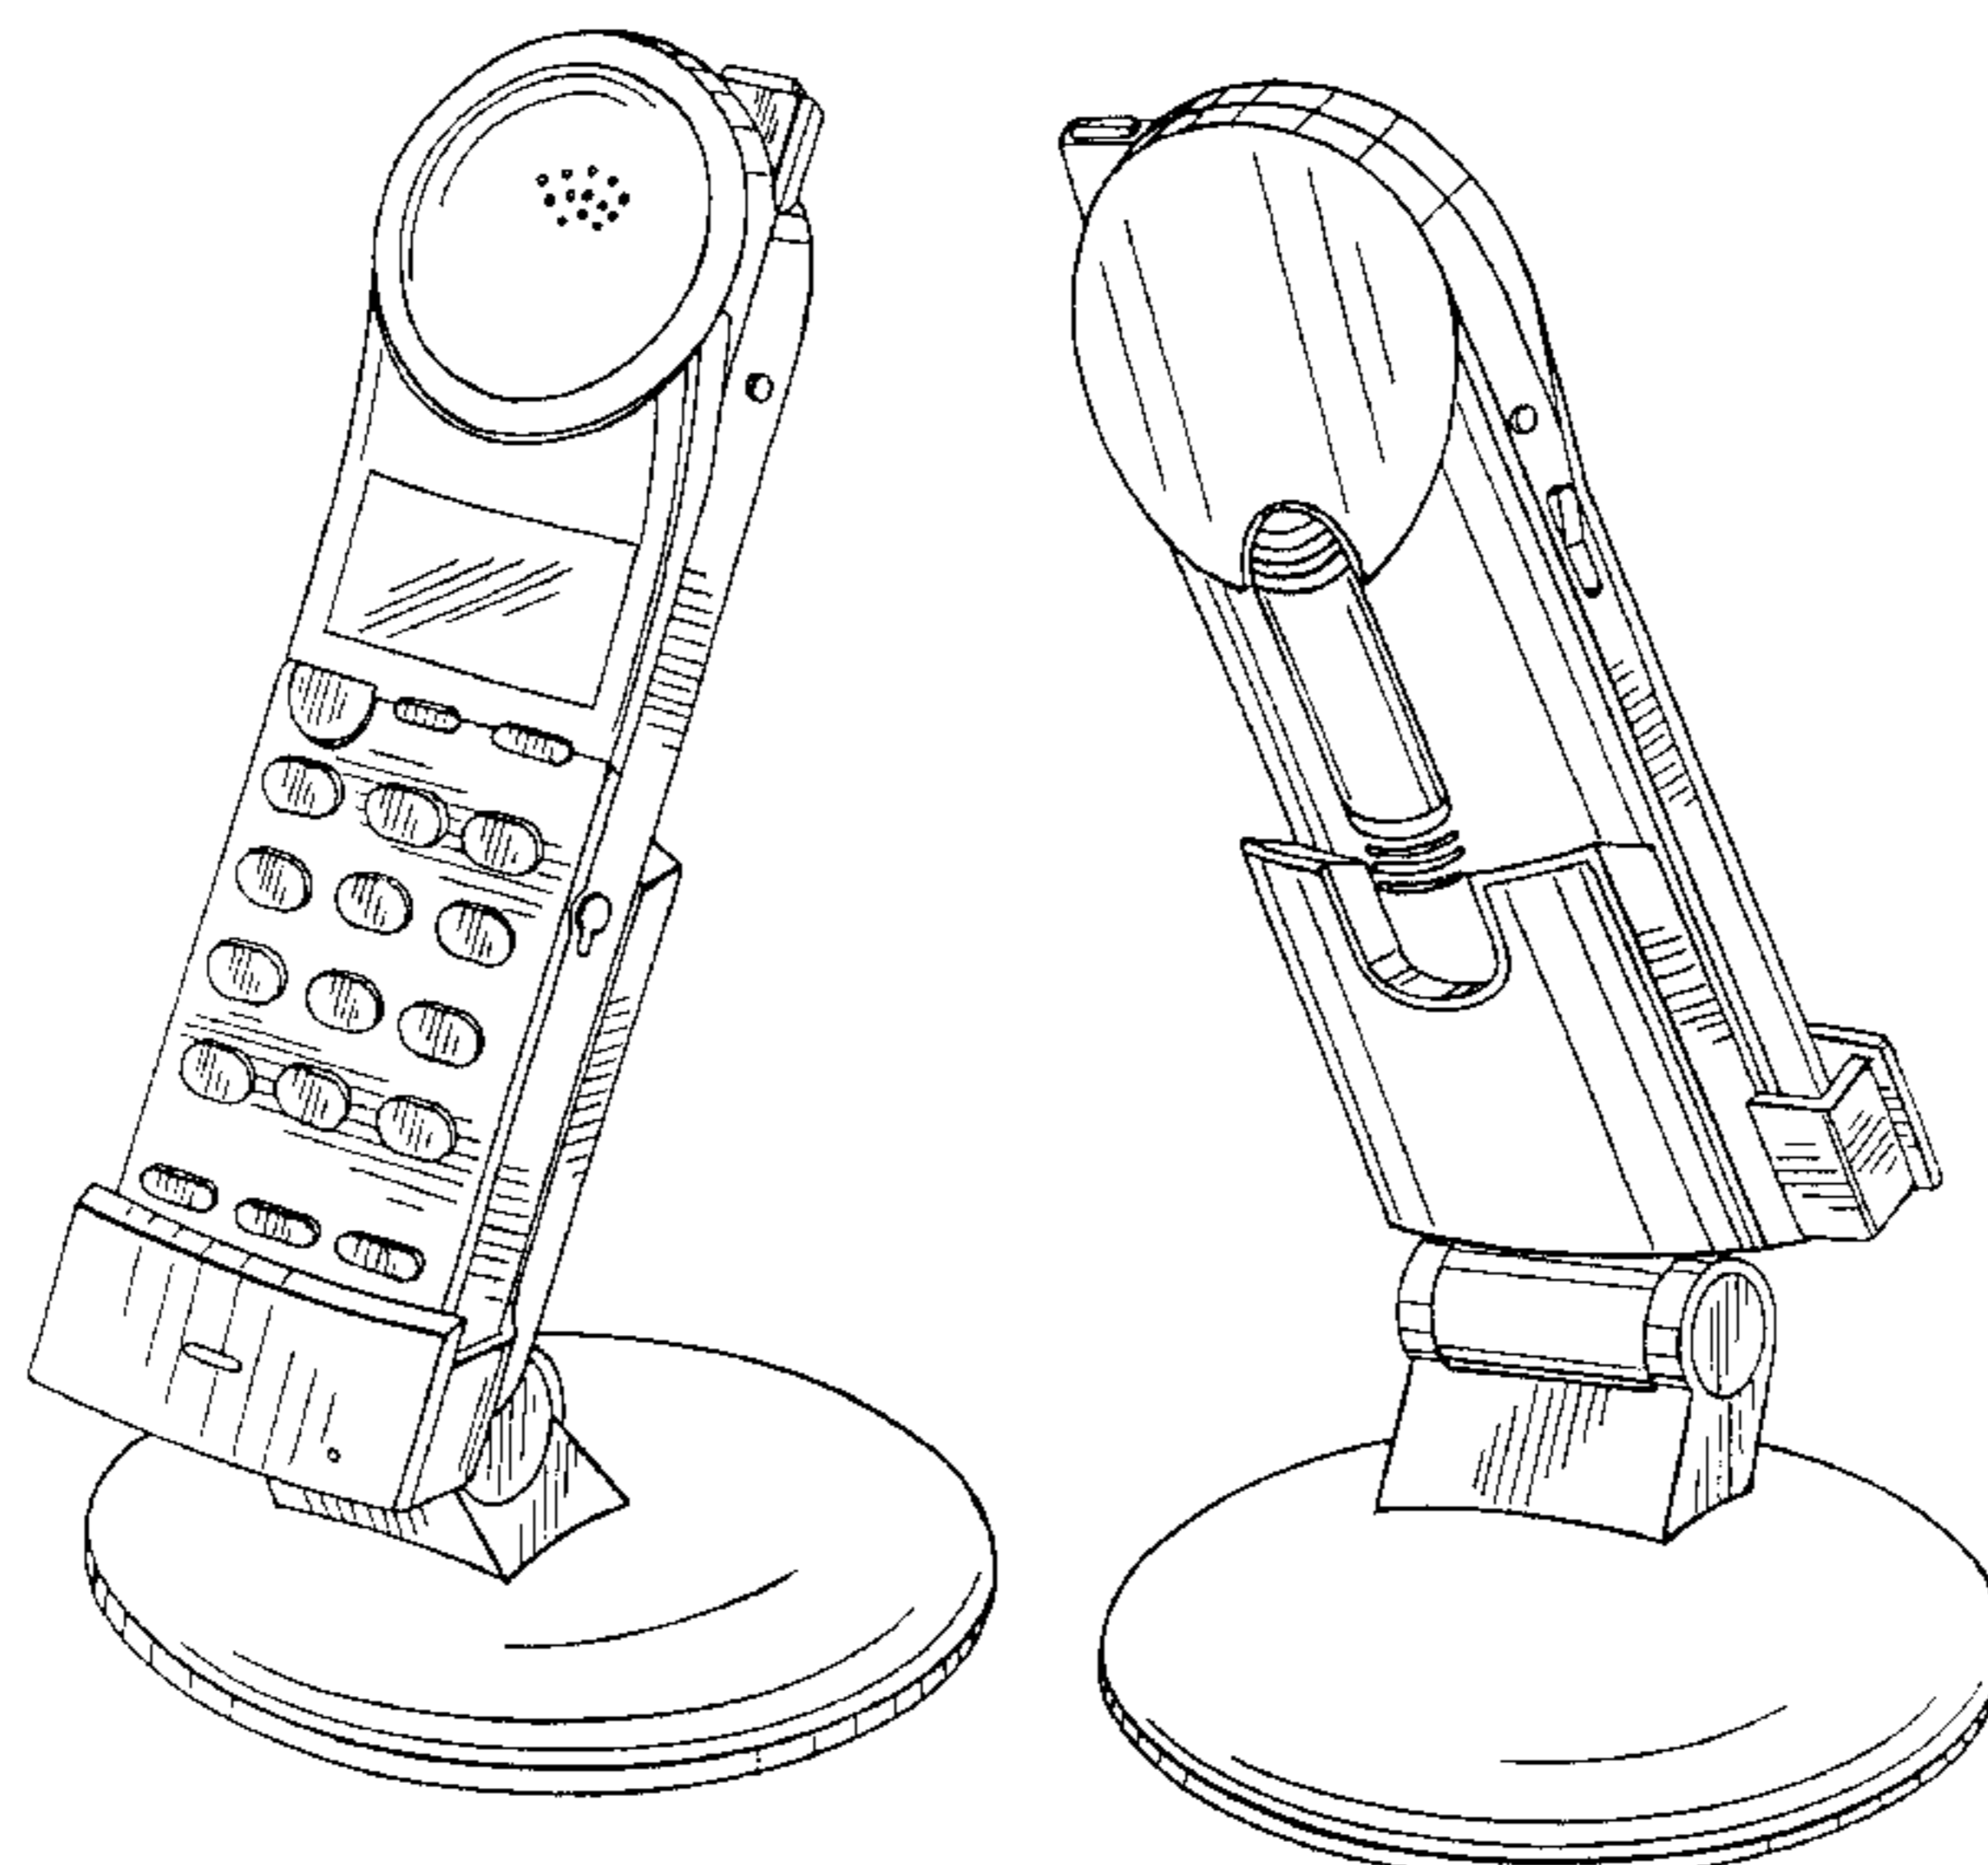

The ornamental design for a cordless phone and base, as shown and described.

DESCRIPTION

FIG. 1 is a right front perspective view of a cordless phone and base, showing our new design;
 FIG. 2 is a left rear perspective view thereof;
 FIG. 3 is a top view of the base;
 FIG. 4 is a front view of the cordless phone;
 FIG. 5 is a right hand side view of the phone;
 FIG. 6 is a left hand side view of the phone;
 FIG. 7 is a rear view of the phone;
 FIG. 8 is a bottom end view of the phone;
 FIG. 9 is a top end view of the phone;
 FIG. 10 is a front view of the base;
 FIG. 11 is a left hand side view of the phone, the opposite side being a mirror image thereof;
 FIG. 12 is a left hand side view of a modified configuration of the phone, differing only in the external belt clip;
 FIG. 13 is a rear view of the modified phone; and,
 FIG. 14 is a top end view thereof.

The telephone base and handset have been shown separately in FIGS. 3-14 for convenience of illustration.
