(57) **CLAIM**

The ornamental design for an interchangeable pedestal for a globe, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an interchangeable pedestal for a globe in accordance with the present invention with a first extension, a second extension, a first support, a second support, a frame and a base;

FIG. 2 is a perspective view of a base with a second extension thereof, with a first extension, a first support, second support and a frame are omitted for clarity of illustration;

FIG. 3 is a side elevational view thereof;

FIG. 4 is a top plan view thereof;

FIG. 5 is a bottom plan view thereof;

FIG. 6 is a top plan view of a base without a second extension thereof, with a first extension, a first support, second support and a frame are omitted for clarity of illustration;

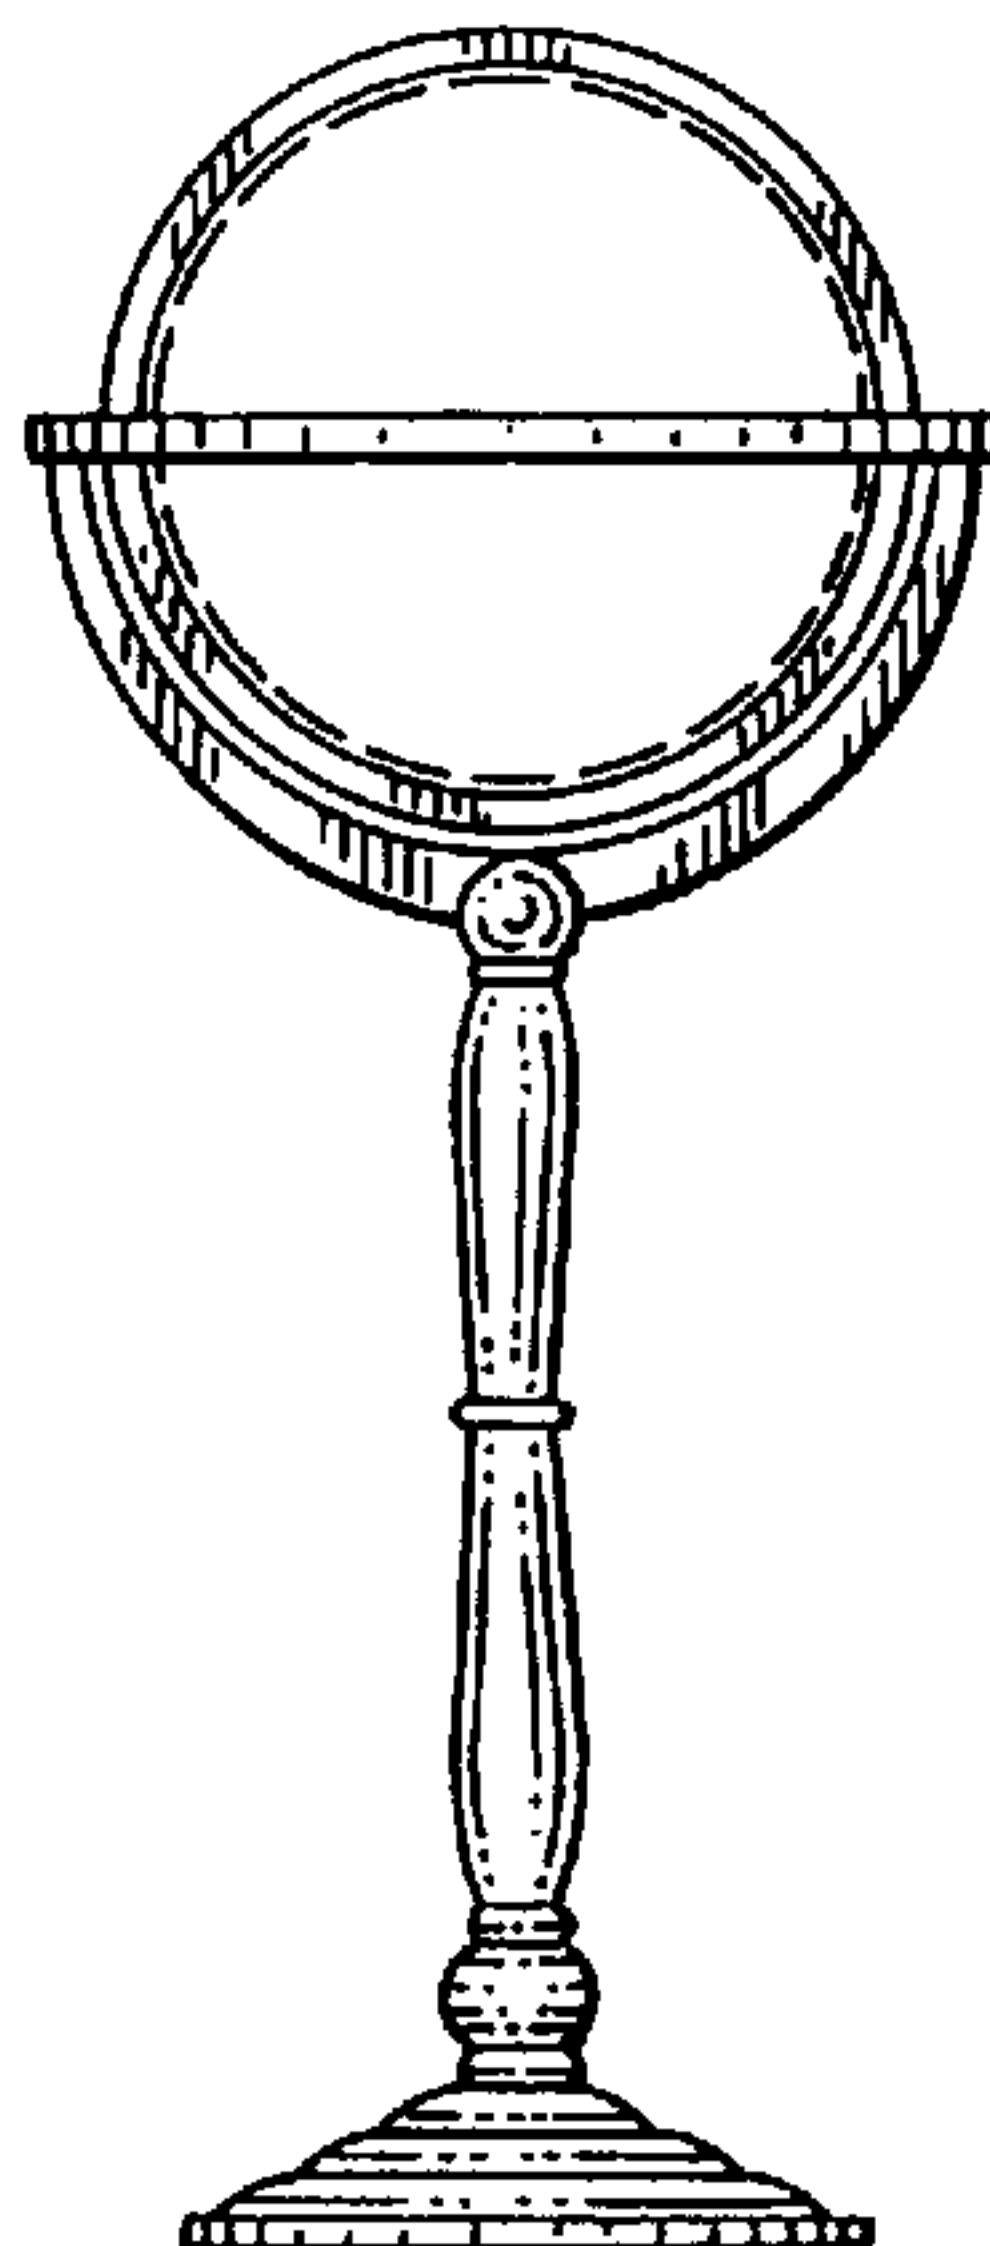

FIG. 7 is a bottom plan view thereof;

FIG. 8 is a top plan view of an interchangeable pedestal for a globe in accordance with the present invention; and,

FIG. 9 is a side elevation view thereof.

In the Figures where elements are illustrated by broken lines, the broken lines are for illustrative purposes only and the elements shown thereby form no part of the claimed design.
