(57) **CLAIM**

The ornamental design for an electronic game apparatus, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the electronic game apparatus of the instant invention;
FIG. 2 is a 45 degree angular front right side elevational view thereof, the 45 degree angular front left side elevational view thereof being a mirror image of the front right side;
FIG. 3 is a 45 degree angular rear right side elevational view thereof, the 45 degree angular rear left side elevational view thereof being a mirror image of the right rear side;
FIG. 4 is a top plan view thereof; and,
FIG. 5 is a bottom plan view thereof.
