(57) **CLAIM**

The ornamental design for a surface pattern for embossed paper product, as shown and described.

**DESCRIPTION**

The sole drawing is a plan view of the surface pattern for embossed paper product of the invention. The dotted line boundary does not form a part of the design and indicates that the design is continuous and may stop at any point.

The surface pattern of the invention is for application to paper products. Non-limiting examples of paper products that can include the ornamental design of the invention are toilet paper, paper towels, facial tissue, table napkins and the like.
