(57) **CLAIM**

The ornamental design for a laser alignment device, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the design showing the front of the article;
FIG. 2 is a front elevation view of the design;
FIG. 3 is a top plan view of the design;
FIG. 4 is a bottom plan view of the design;
FIG. 5 is a side view of one side of the design;
FIG. 6 is a rear elevation view of the design;
FIG. 7 is a side view of the other side of the design;
FIG. 8 is a perspective view of the first variant of the design showing the front of the article; The rear view of the first variant of the design being identical to that of the main design shown in FIG. 6.
FIG. 9 is a front elevation view of the second variant of the design; and,
FIG. 10 is a side view of the second variant of the design; The other side of the variant being identical to that of the main design shown in FIG. 10.
