(57) **CLAIM**

The ornamental design for a luminaire with a candelabra base socket assembly, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a luminaire with a candelabra base socket assembly showing my design;

FIG. 2 is a bottom plan view thereof;

FIG. 3 is a perspective view thereof;

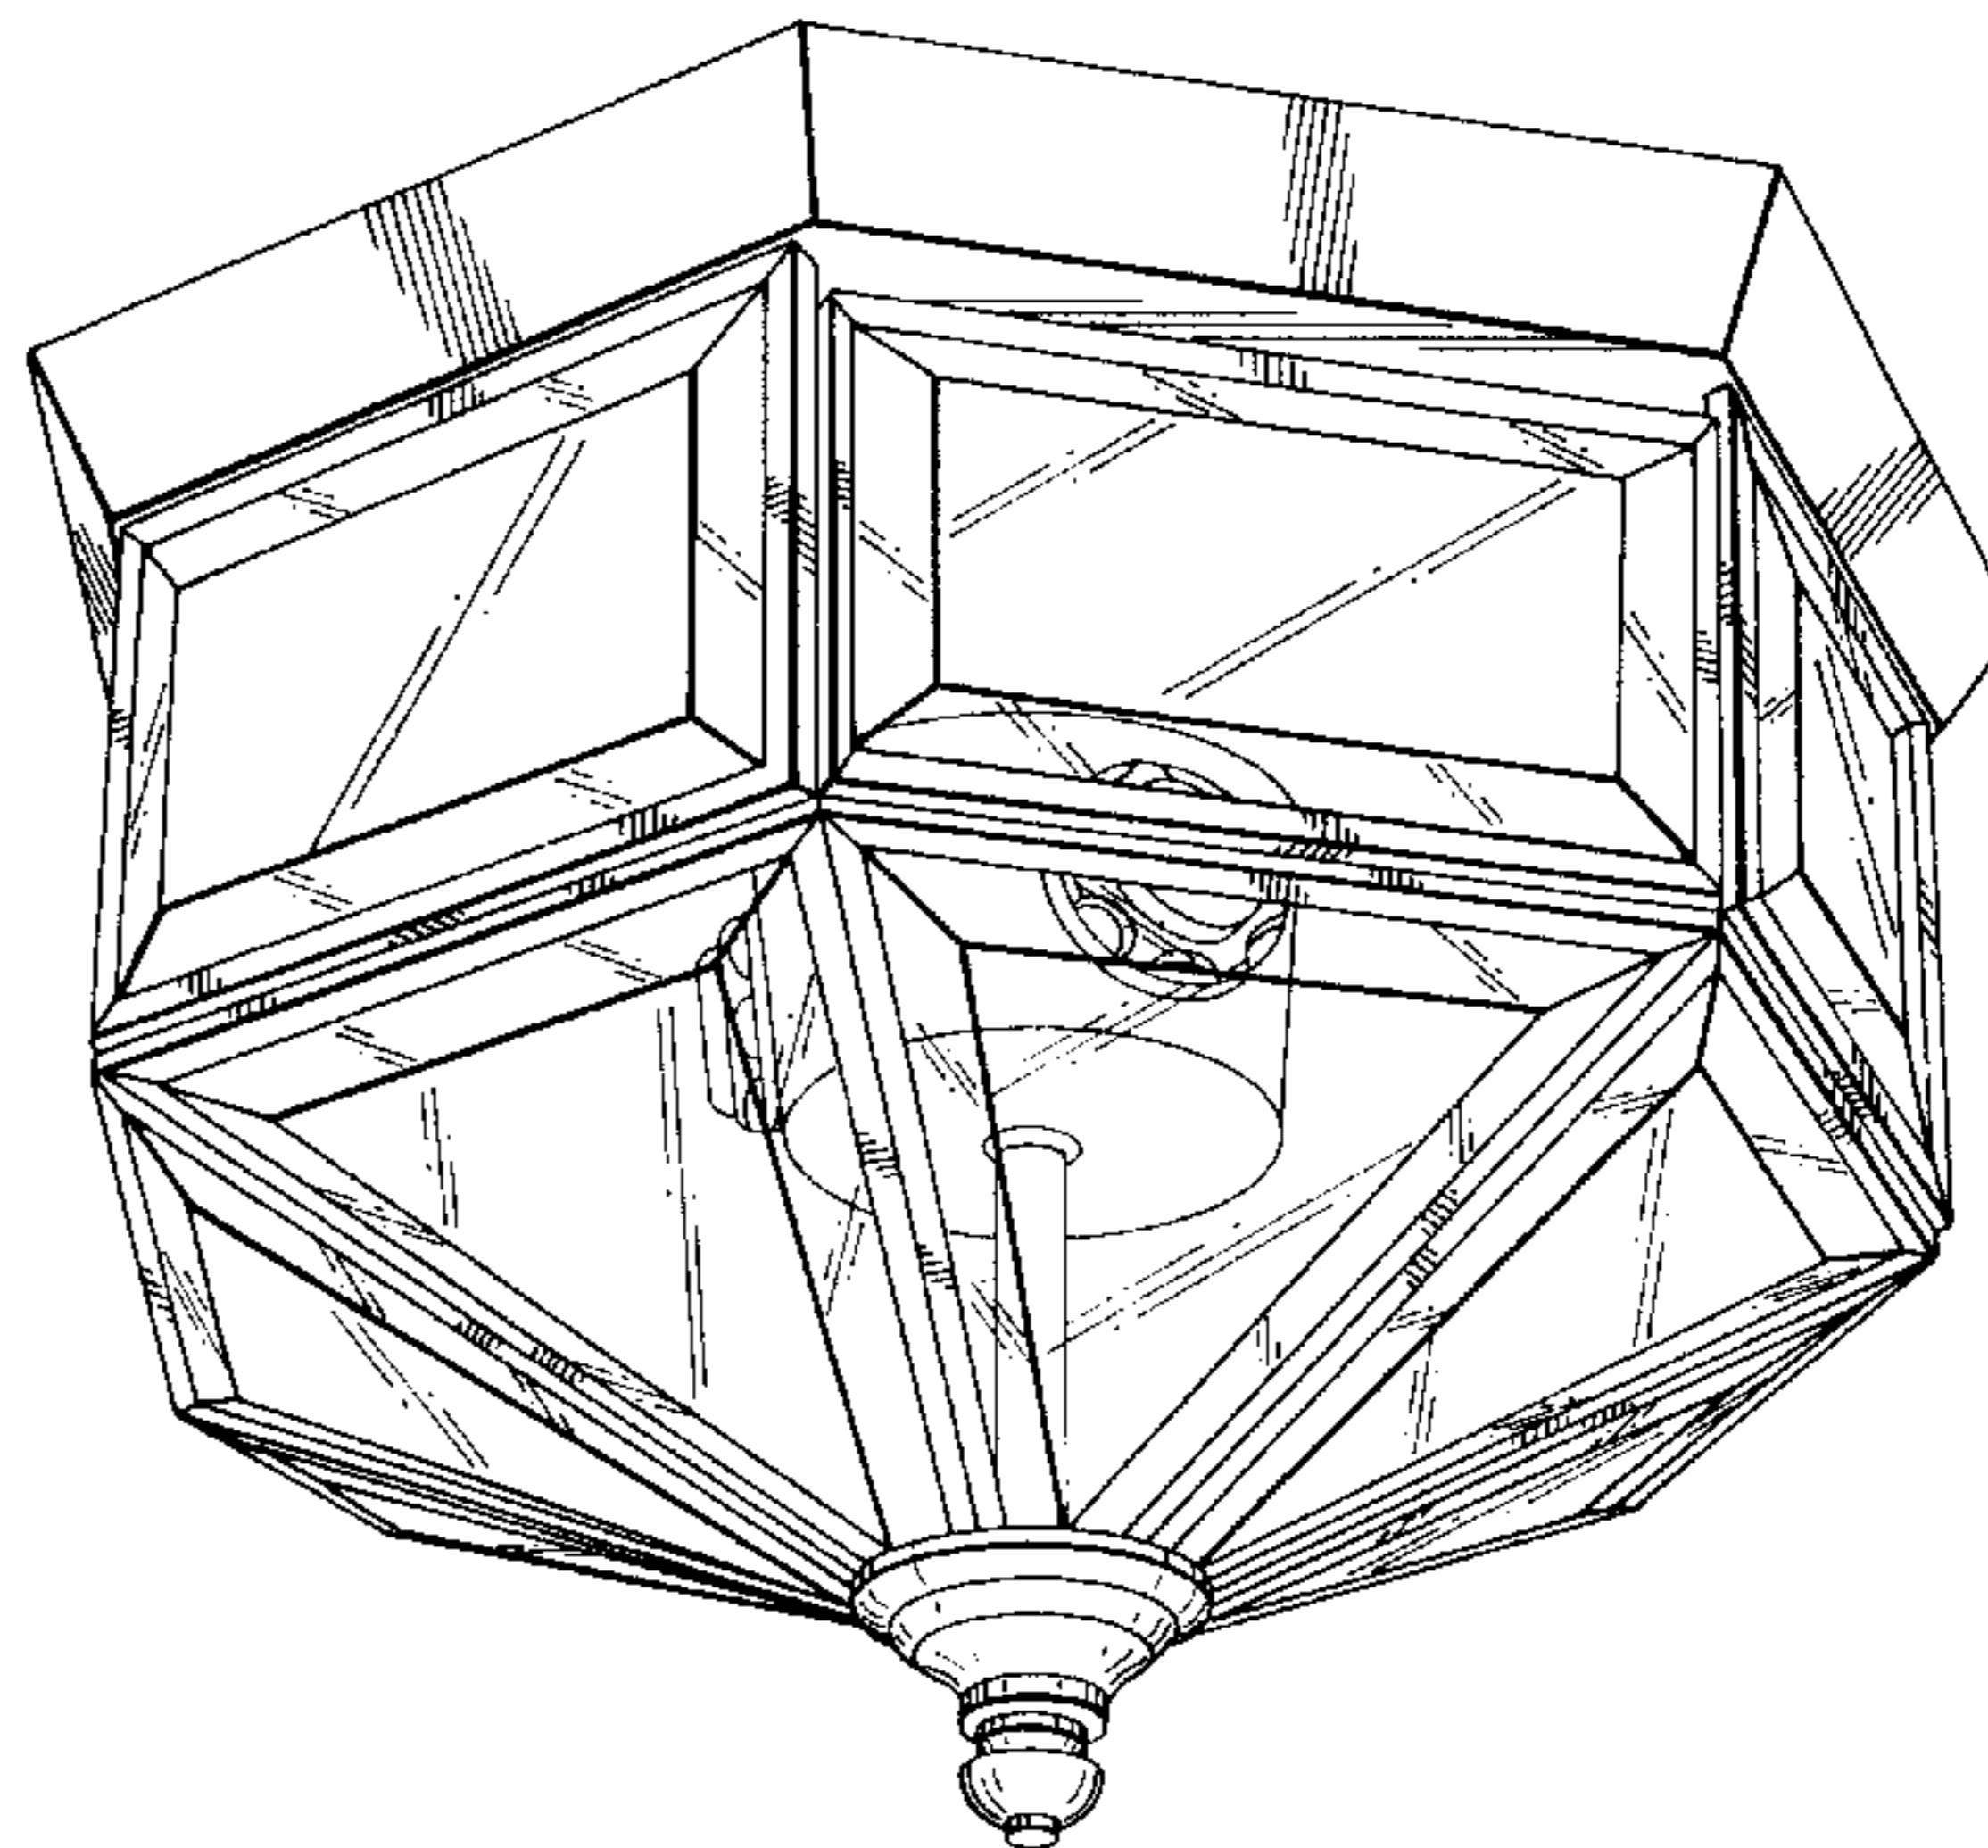

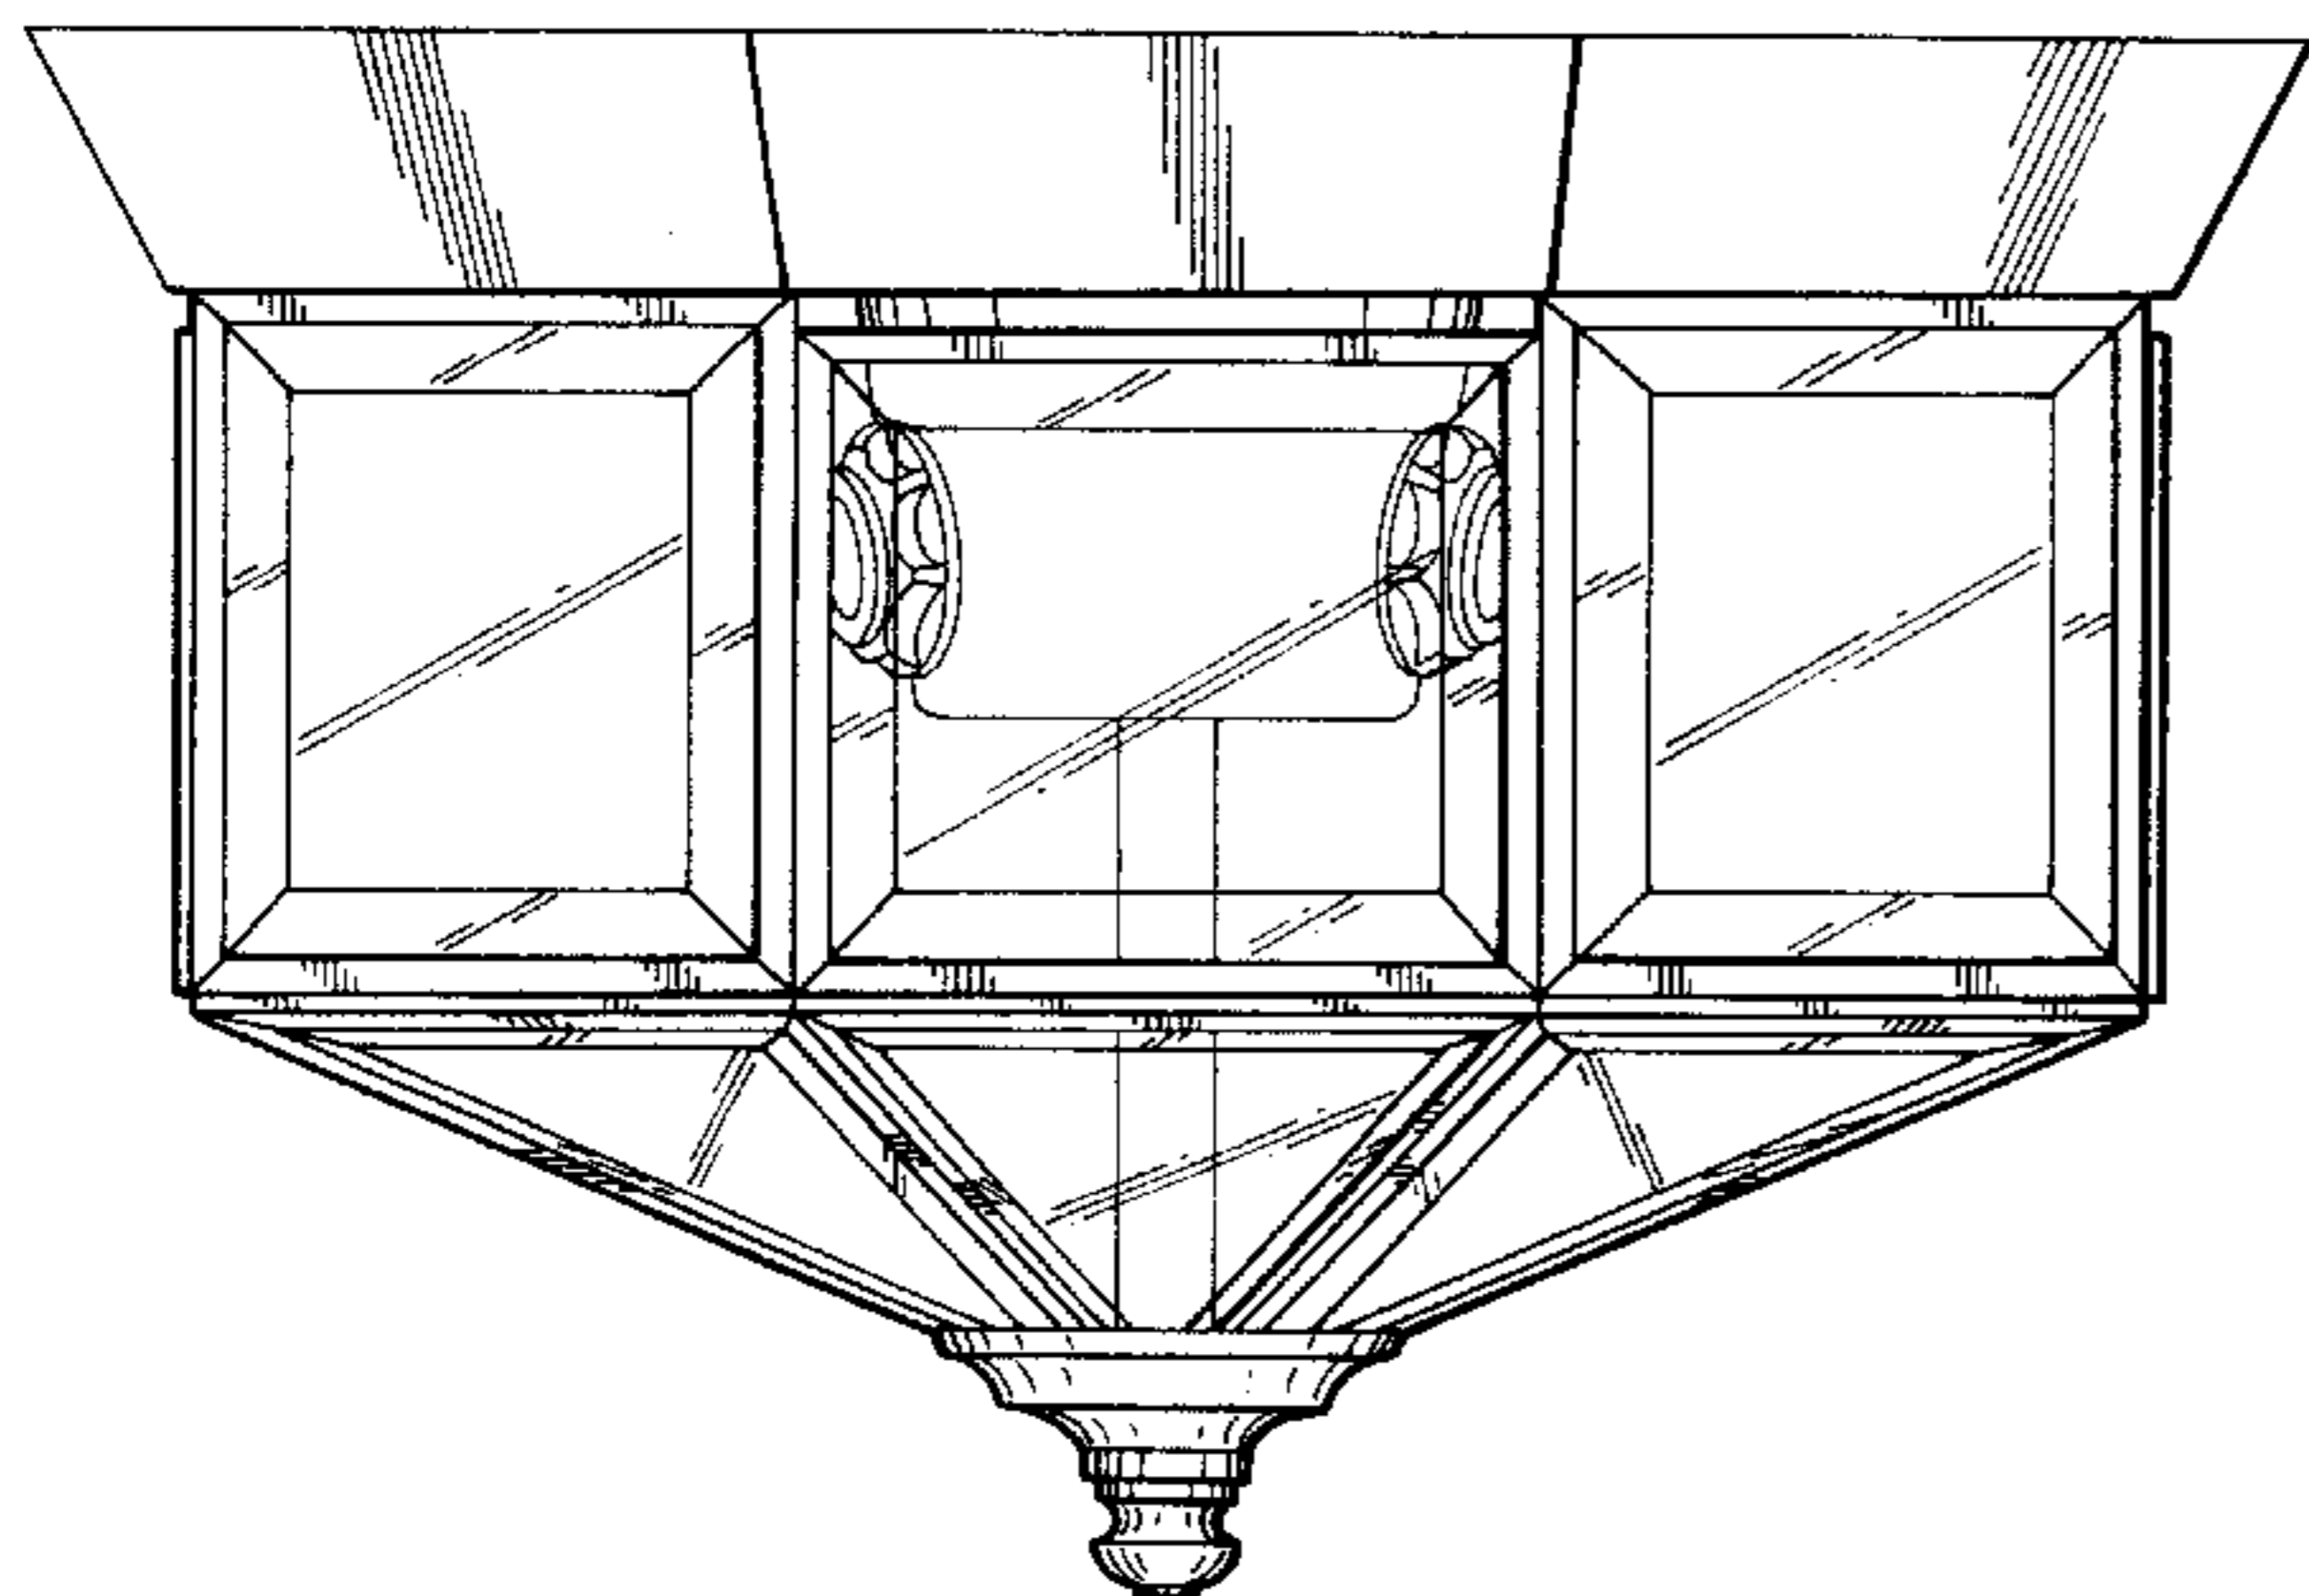

FIG. 4 is a front elevational view of a second embodiment of a luminaire with a candelabra base socket assembly showing my design;

FIG. 5 is a bottom plan of the embodiment thereof; and,

FIG. 6 is a perspective view view of the embodiment of thereof.

The top of the luminaire with a candelabra base socket assembly is unornamented and not visible in normal use, since it is mounted against a ceiling, overhang, or other structural member. Therefore, the top of the luminaire with a candelabra base socket assembly forms no part of the claimed design, and the top plan view has been omitted.
