(57) **CLAIM**

The ornamental design for a graphic operating icon of a user interface for a portion of a medical playback device, as shown and described.

**DESCRIPTION**

FIG. 1 is a graphic operating icon of a user interface for a portion of a medical playback device; FIG. 2 is a second embodiment thereof; and, FIG. 3 is a third embodiment thereof.

The broken line drawing of an undefined portion of an interface for a portion of a medical playback device is for illustrative purposes only and forms no part of the claimed design.
