(57) **CLAIM**

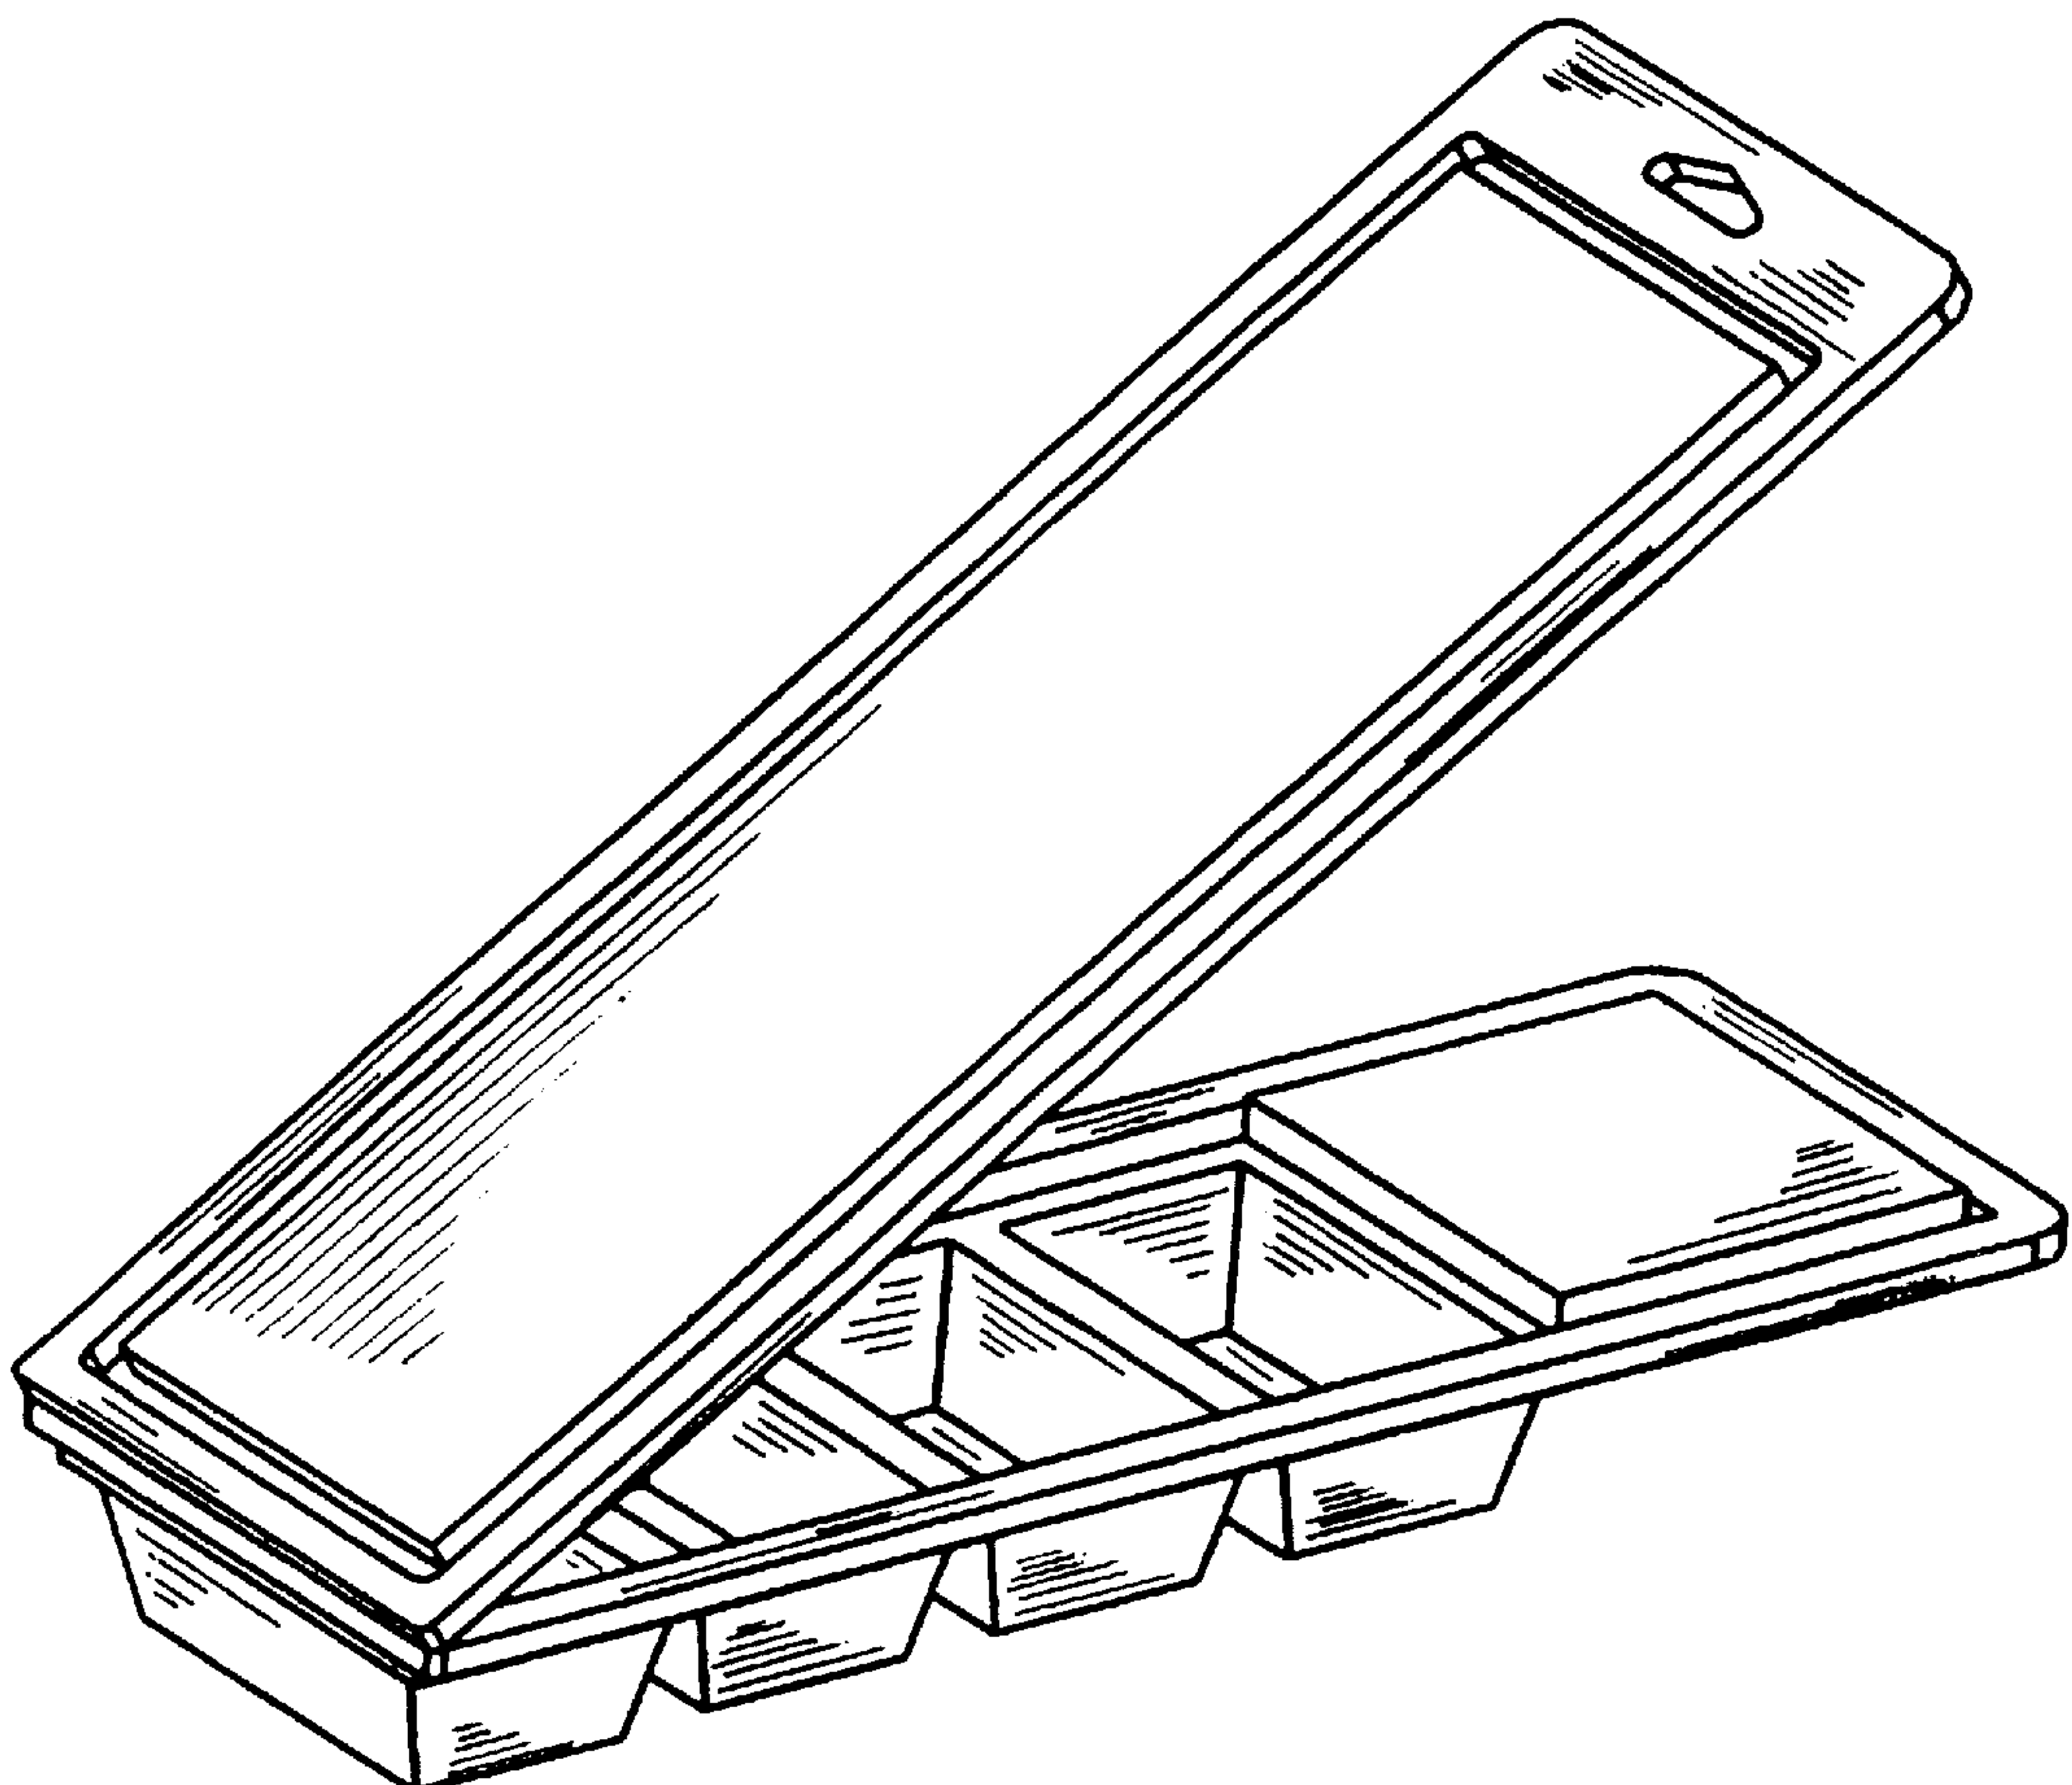

The ornamental design for self-standable tray storage and display of die-cast toys, as shown and described.

**DESCRIPTION**

The present invention is related to a flat tray having a plurality of isolated compartments configured for storage of at least one die-cast toy stored within one of said compartments of the tray, wherein the flat tray is self-standable at an angle from its laid-flat position or hang-able adapted for display of the die-cast toys.

FIG. 1 is a perspective view of a self-standable tray for storage and display of die-cast toys showing our new design; FIG. 2 is a bottom plan view thereof; FIG. 3 is a top plan view thereof; FIG. 4 is a front elevational view thereof; and, FIG. 5 is a side elevational view thereof.
