(57) **CLAIM**

The ornamental design for a solar bird feeder, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the solar bird feeder according to the present invention;

FIG. 2 is a front view of the solar bird feeder according to the present invention;

FIG. 3 is a right side view of the solar bird feeder according to the present invention;

FIG. 4 is a rear view of the solar bird feeder according to the present invention;

FIG. 5 is a left side view of the solar bird feeder according to the present invention;

FIG. 6 is a top view of the solar bird feeder according to the present invention; and,

FIG. 7 is a bottom view of the solar bird feeder according to the present invention.

The broken lines in all views are for illustrative purposes only and form no part of the claimed design.
