(57) **CLAIM**

The ornamental design for the cup and associated elements of a brassiere, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of the cup and associated elements of a brassiere as seen from the top, front and left sides showing our new design.

FIG. 2 is a top plan view thereof;

FIG. 3 is a front elevational view thereof;

FIG. 4 is a bottom plan view thereof;

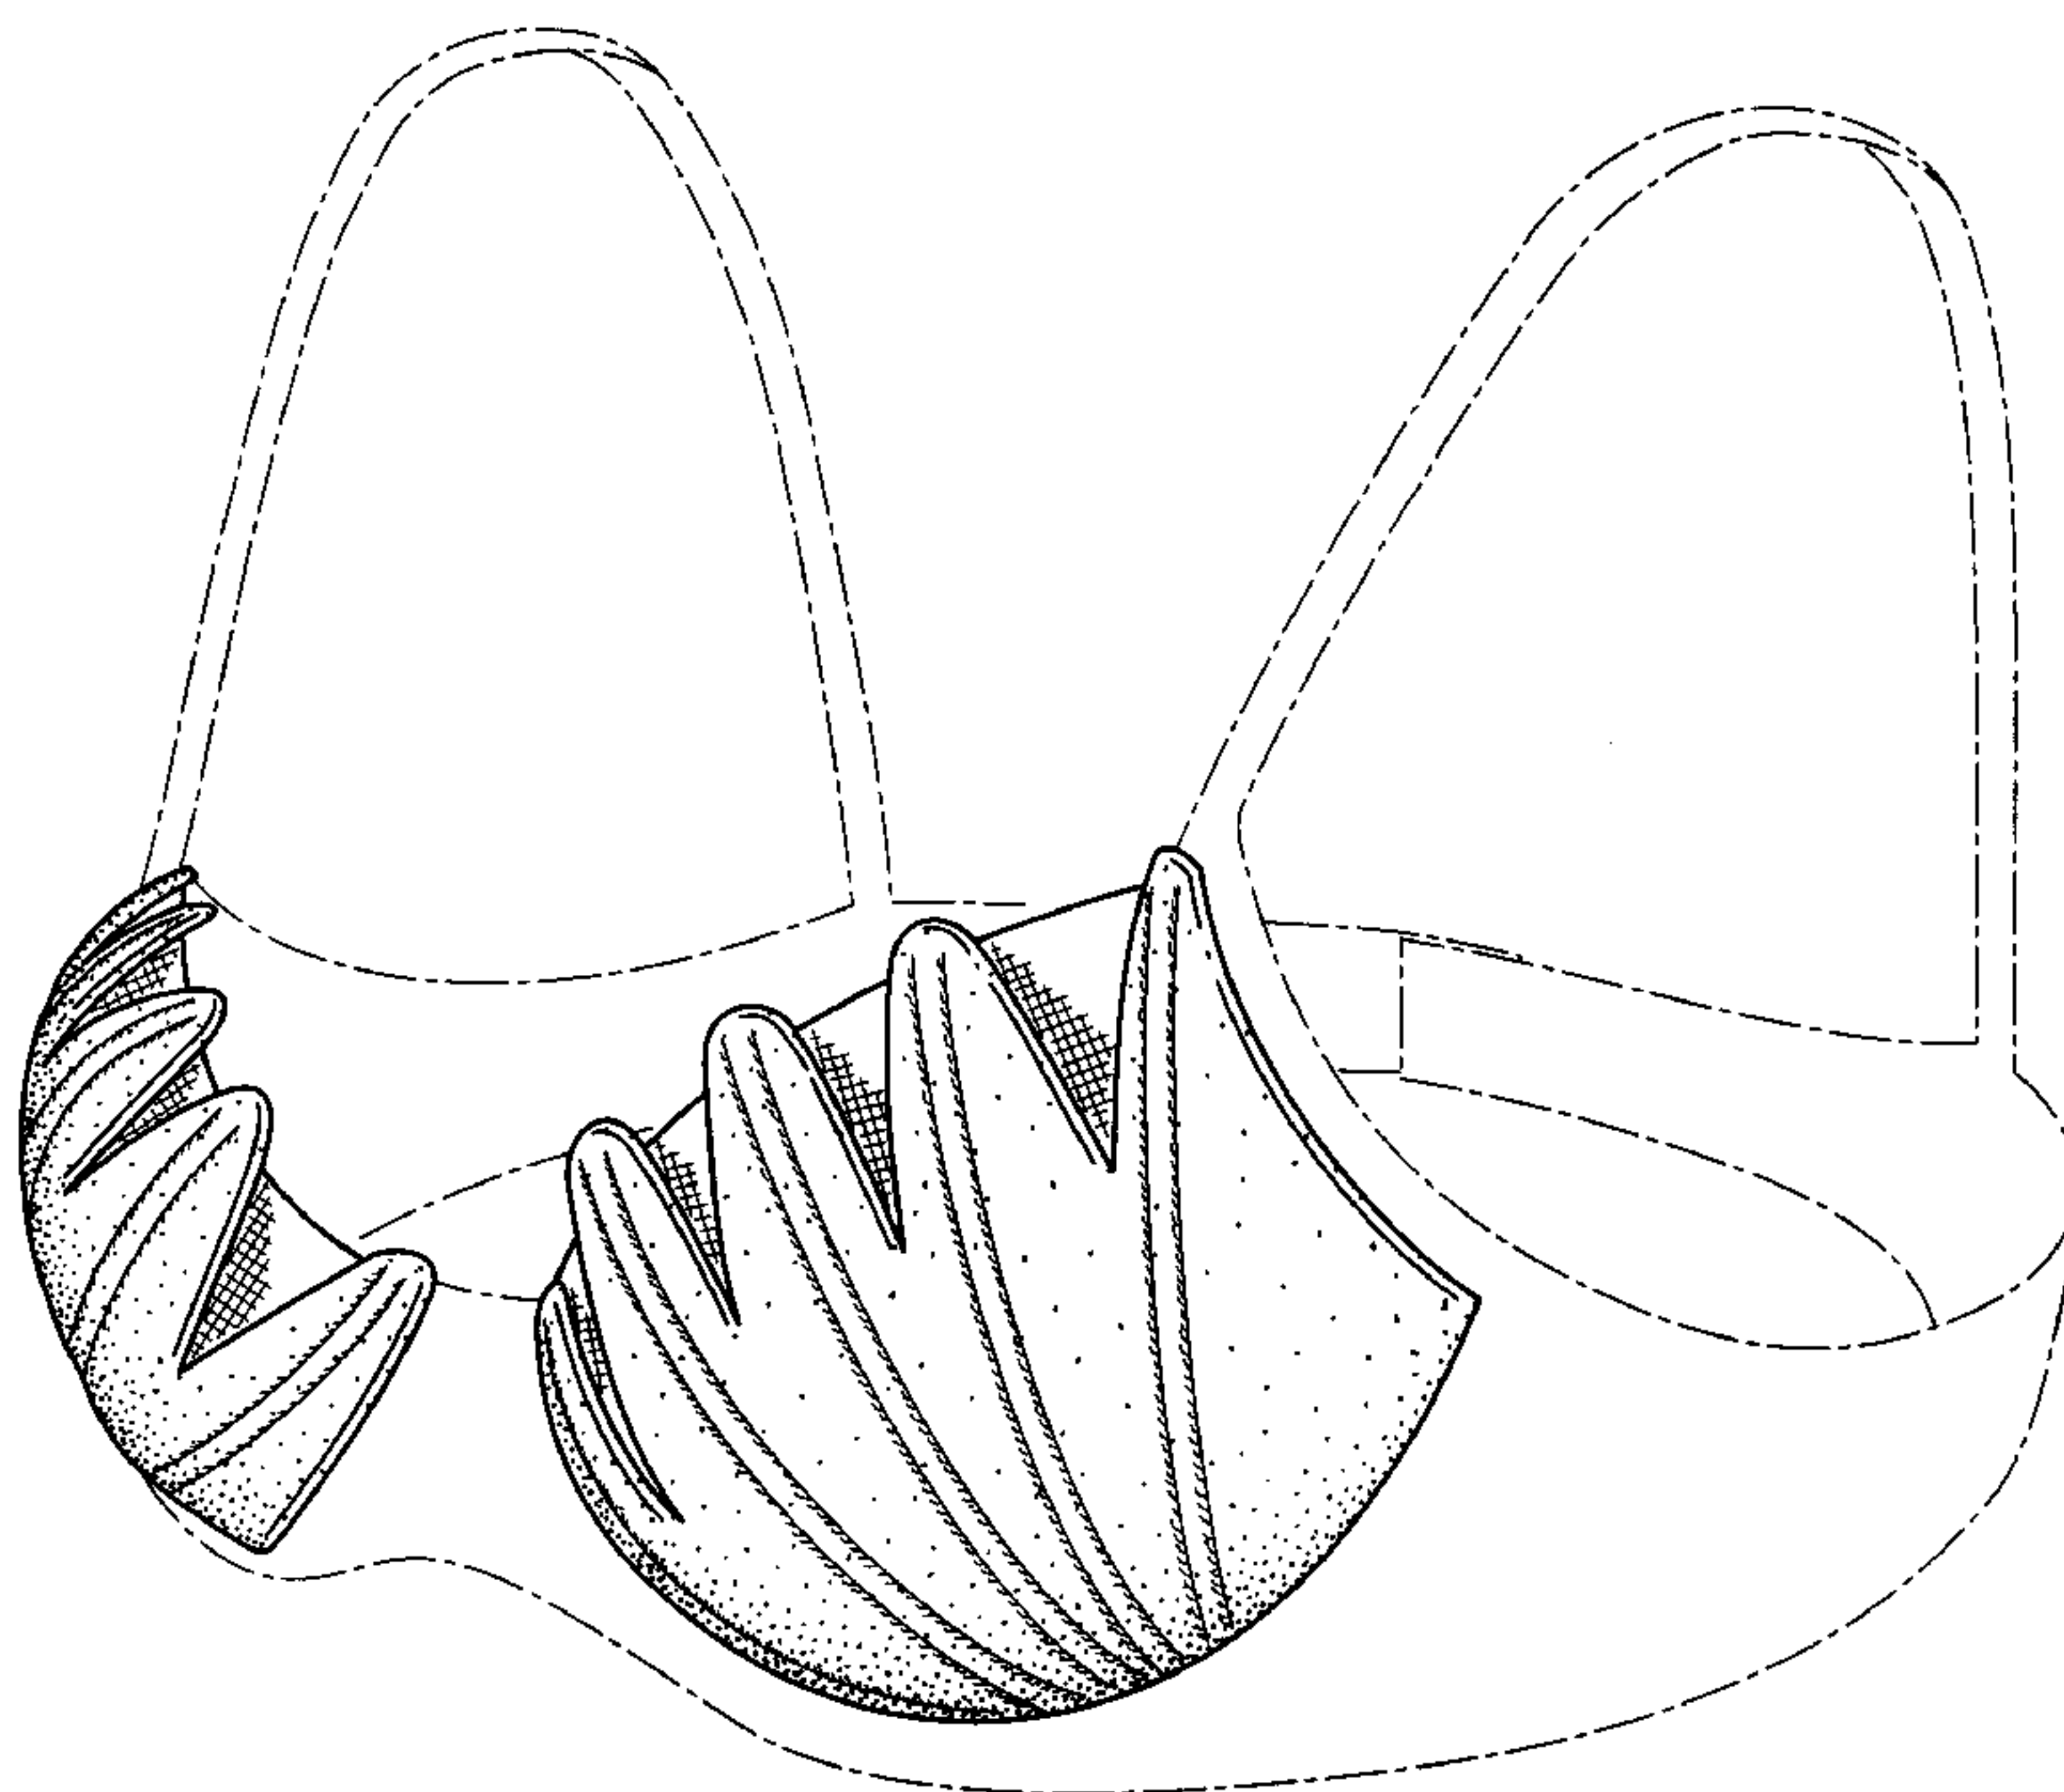

FIG. 5 is a rear elevational view thereof; and

FIG. 6 is a right side elevational view thereof, the left side elevation being a mirror image; and,

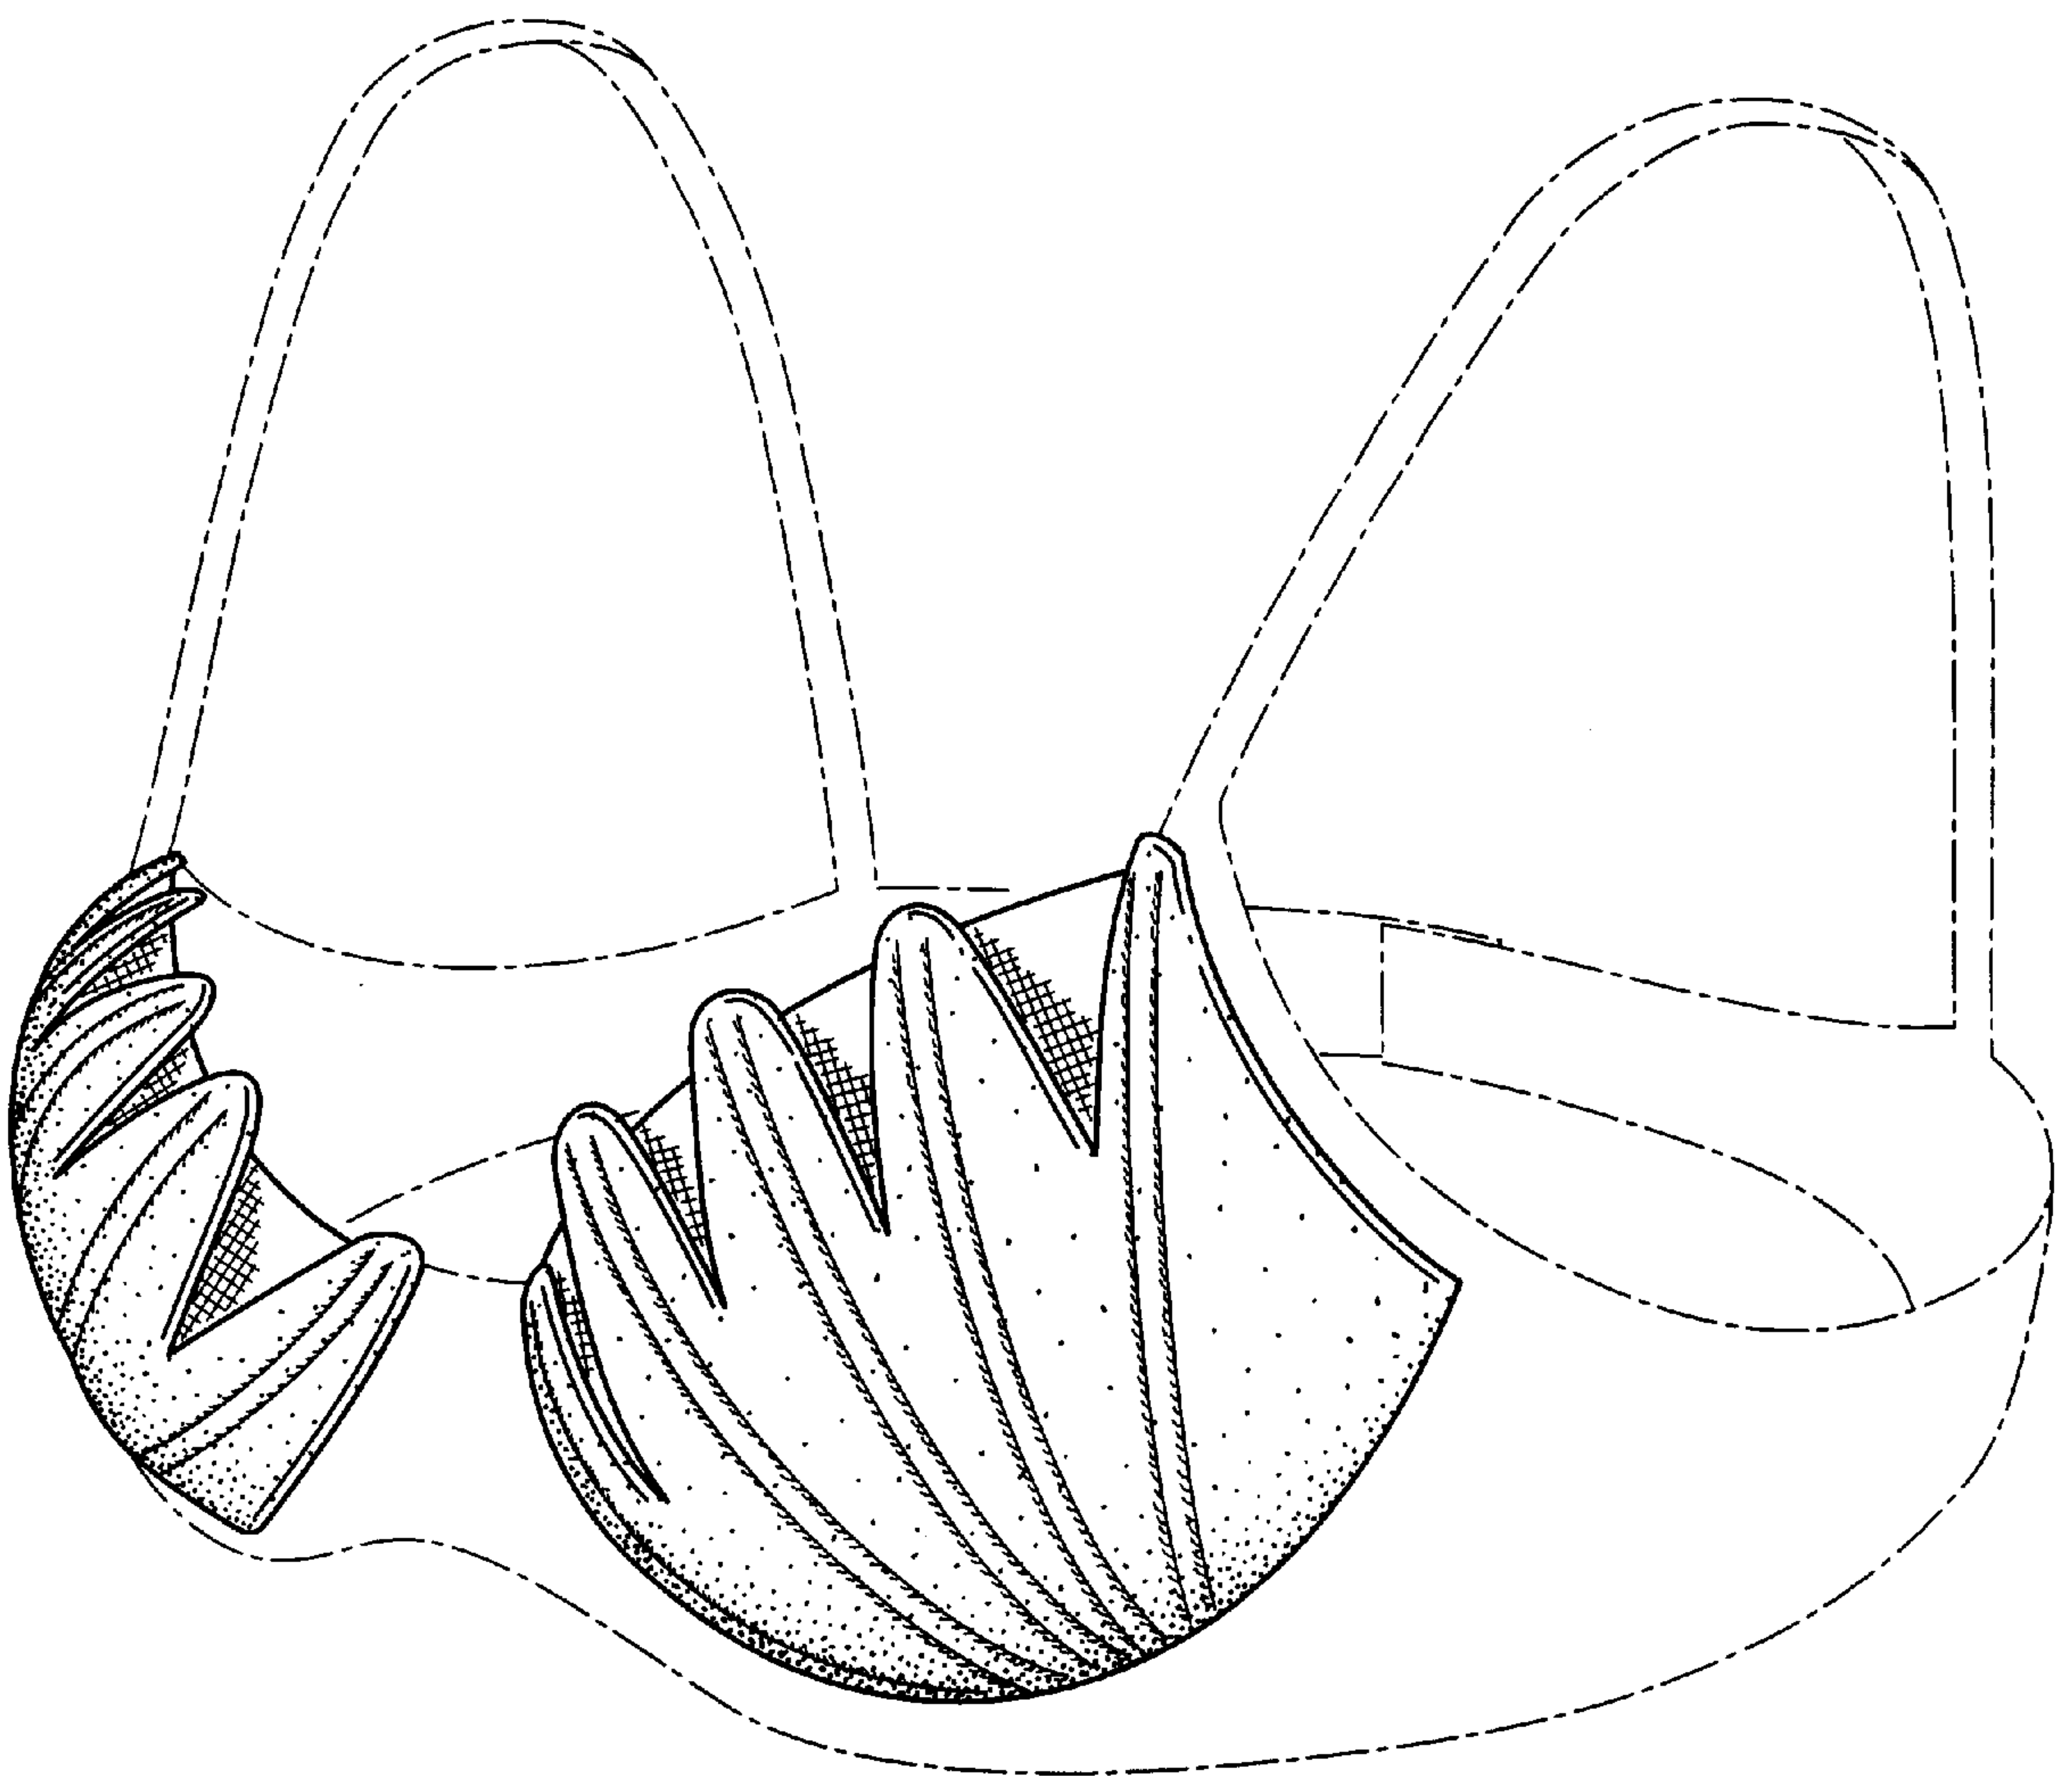

FIG. 7 is a perspective view of another embodiment of the present invention as seen from the top, front and left sides. The remaining views would be identical to FIGS. 2 through 6 except for the different interconnecting element between the extensions which, in this embodiment, is for environmental purposes only.

The broken line disclosure in the various views is for environmental purposes only and does not constitute a part of the claimed design.
