(57) **CLAIM**

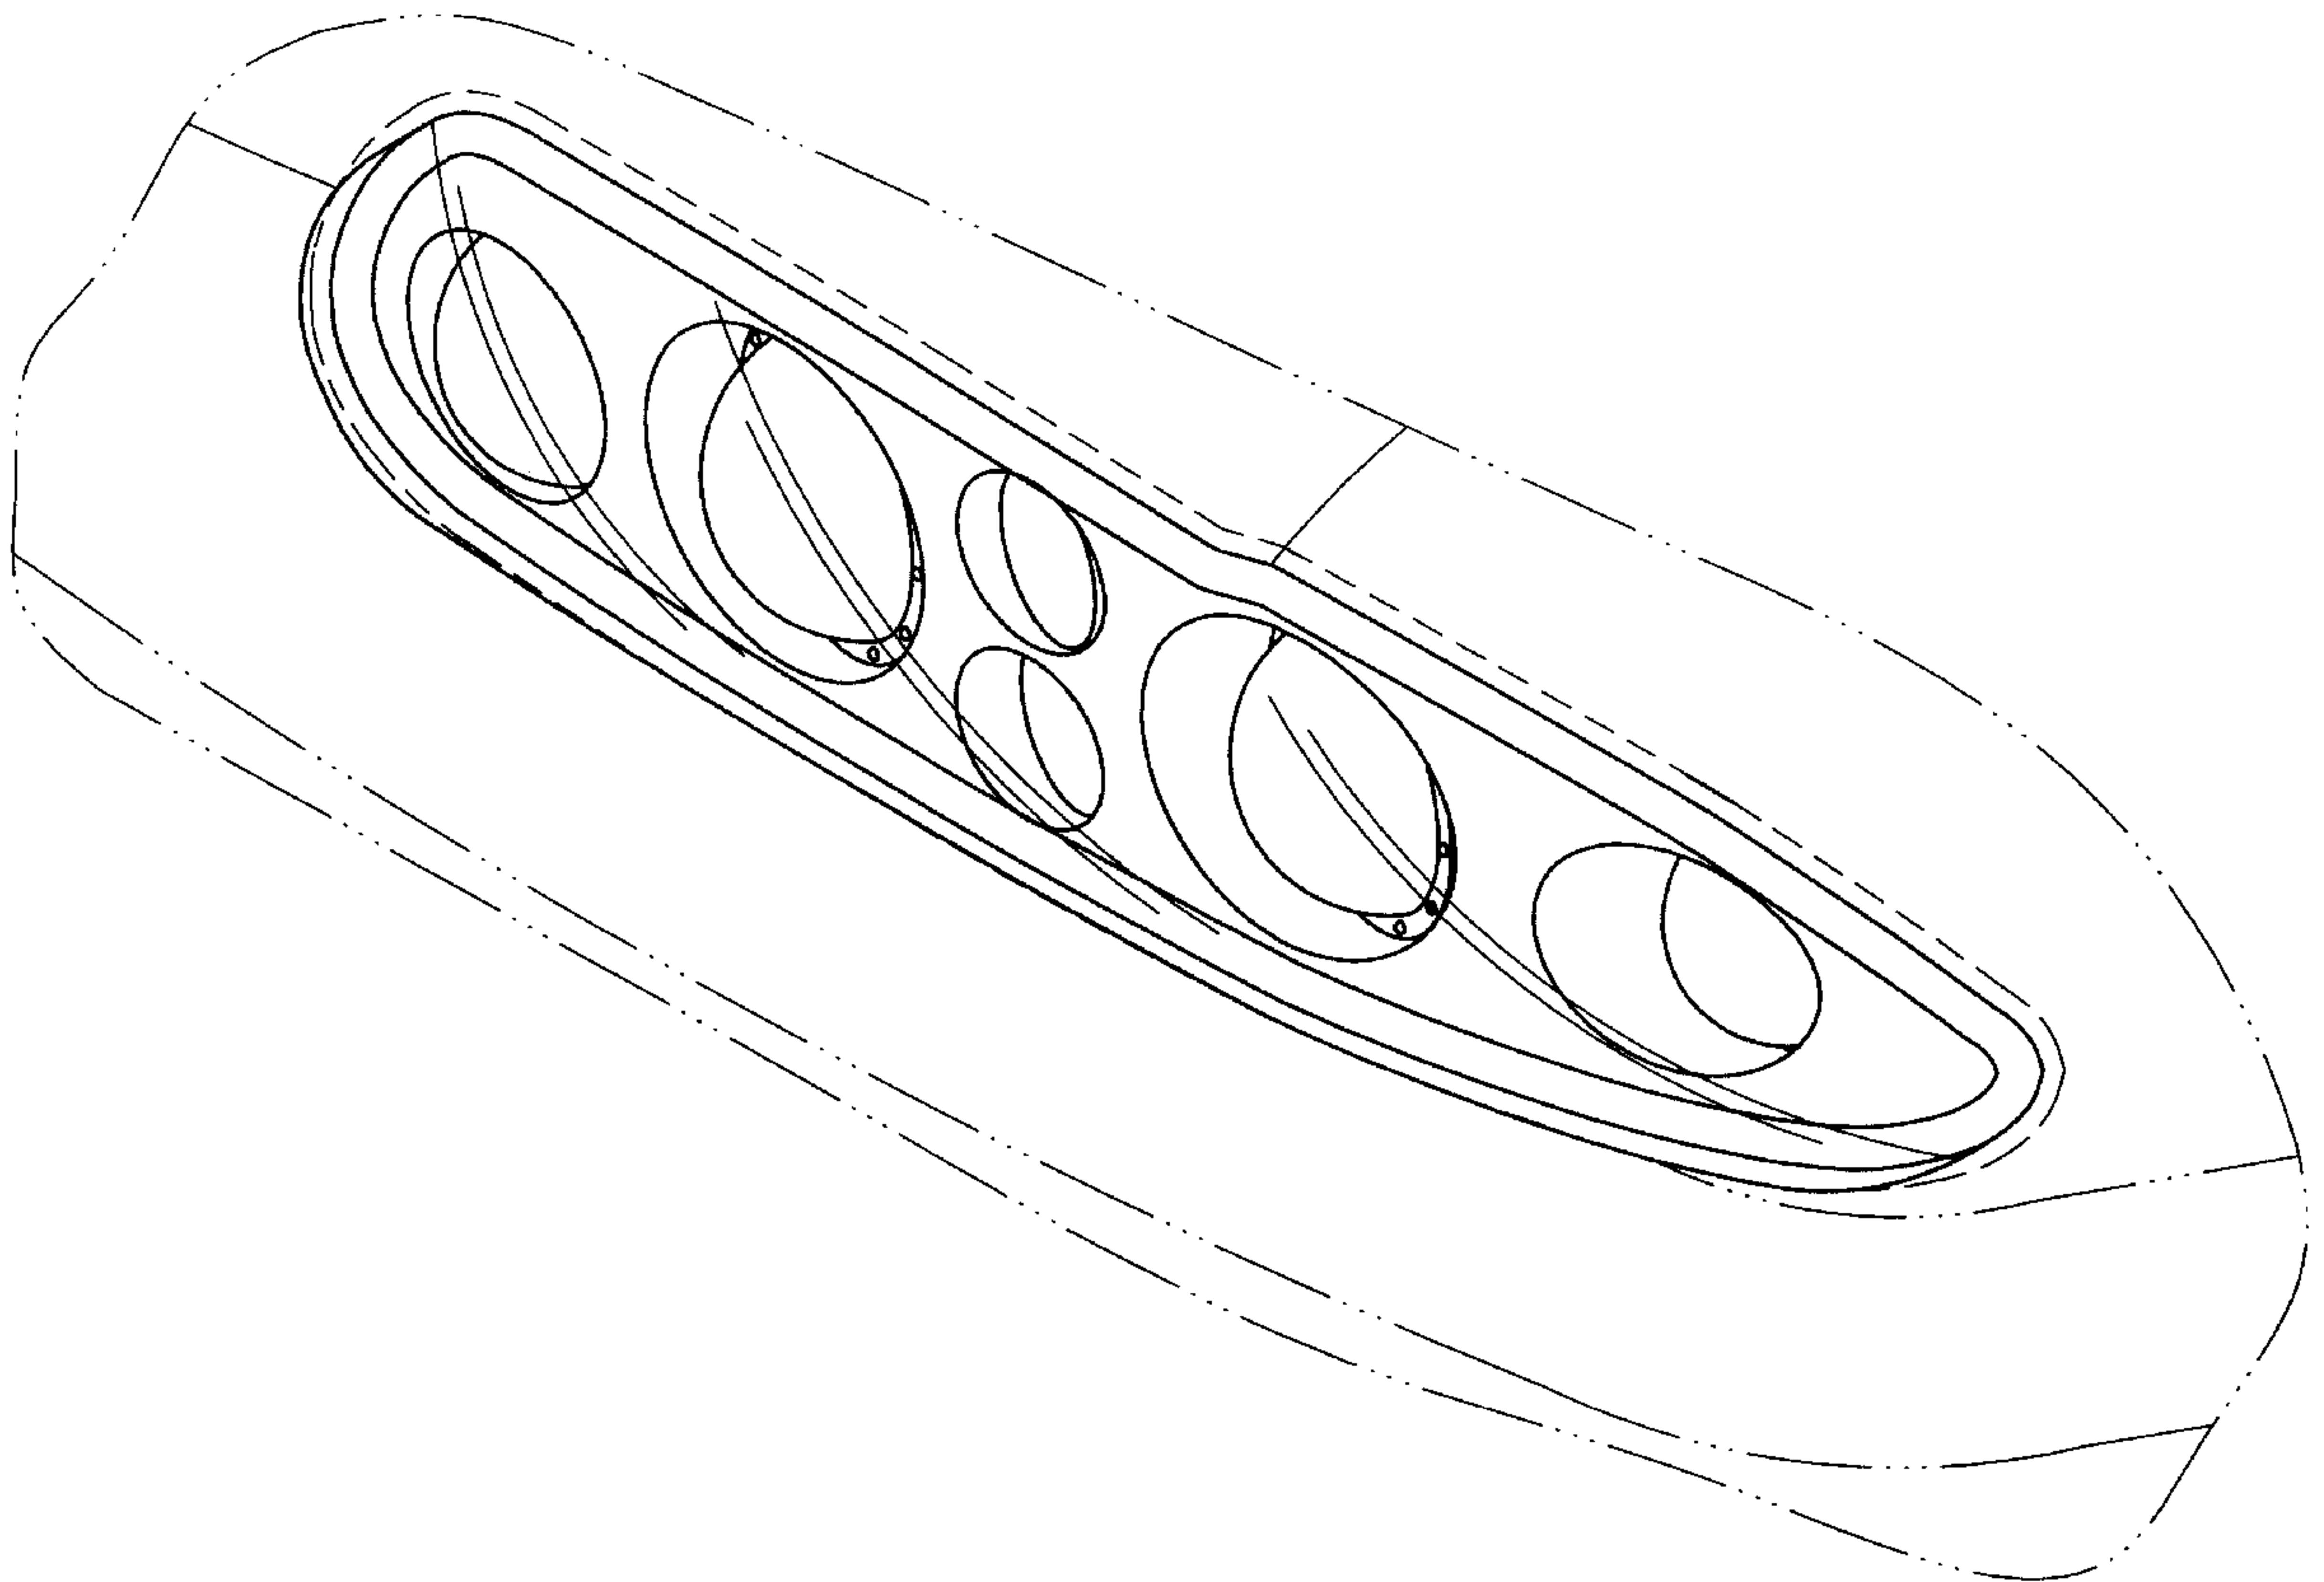

The ornamental design for an exterior surface configuration
of an automobile front light assembly, as shown and
described.

DESCRIPTION

FIG. 1 is a perspective view from the front of a right side
light assembly of an exterior surface configuration of an
automobile front light assembly showing my present design;
FIG. 2 is a front view thereof;
FIG. 3 is a right view thereof; and,
FIG. 4 is a top view thereof.

This design represents one embodiment of a design for an
exterior surface configuration of an automobile front light
assembly. The drawings and descriptions represent the right
side embodiment. The design also contemplates a mirror
symmetrical embodiment on the left side of the automobile.
The dash line included denotes environment and is not part
of the claimed design.
