**CLAIM**

(57) The ornamental design of the vertically adjustable mobile computer workstation, as shown and described.

**DESCRIPTION**

FIG. 1 is an isometric view of a vertically adjustable mobile computer workstation according to the present invention. FIG. 2 is a front view of the vertically adjustable mobile computer workstation of FIG. 1 in a standing user position; and, FIG. 3 is a front view of the vertically adjustable mobile computer workstation of FIG. 1 in a sitting user position. The broken lines are for environmental purposes only and form no part of the claimed design. The rear of the article, not shown, is not part of the claimed design.
