(57) **CLAIM**

We claim the ornamental design for a communication module, as shown and described.

DESCRIPTION

FIG. **1** is a perspective view illustrating the top, front and right side of a design for the communication module, the broken-line disclosure of a connector being for illustrative purposes only and forming no part of the claimed design;
FIG. **2** is a front elevational view thereof, the broken-line disclosure being for illustrative purposes only and forming no part of the claimed design;
FIG. **3** is a top plan view thereof;
FIG. **4** is right side elevational view thereof, with the opposite side being a mirror image;
FIG. **5** is a rear elevational view thereof;
FIG. **6** is a bottom plan view thereof; and,
FIG. **7** is front elevational view thereof, without the broken line disclosure illustrated in FIG. **2**.
