(57) **CLAIM**

The ornamental design for a bottle, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a bottle showing my new design, the closure shown in dotted lines being for illustrative purposes only and not a part of the design;

FIG. 2 is a top plan view thereof, the closure shown in dotted lines being for illustrative purposes only and not a part of the design;

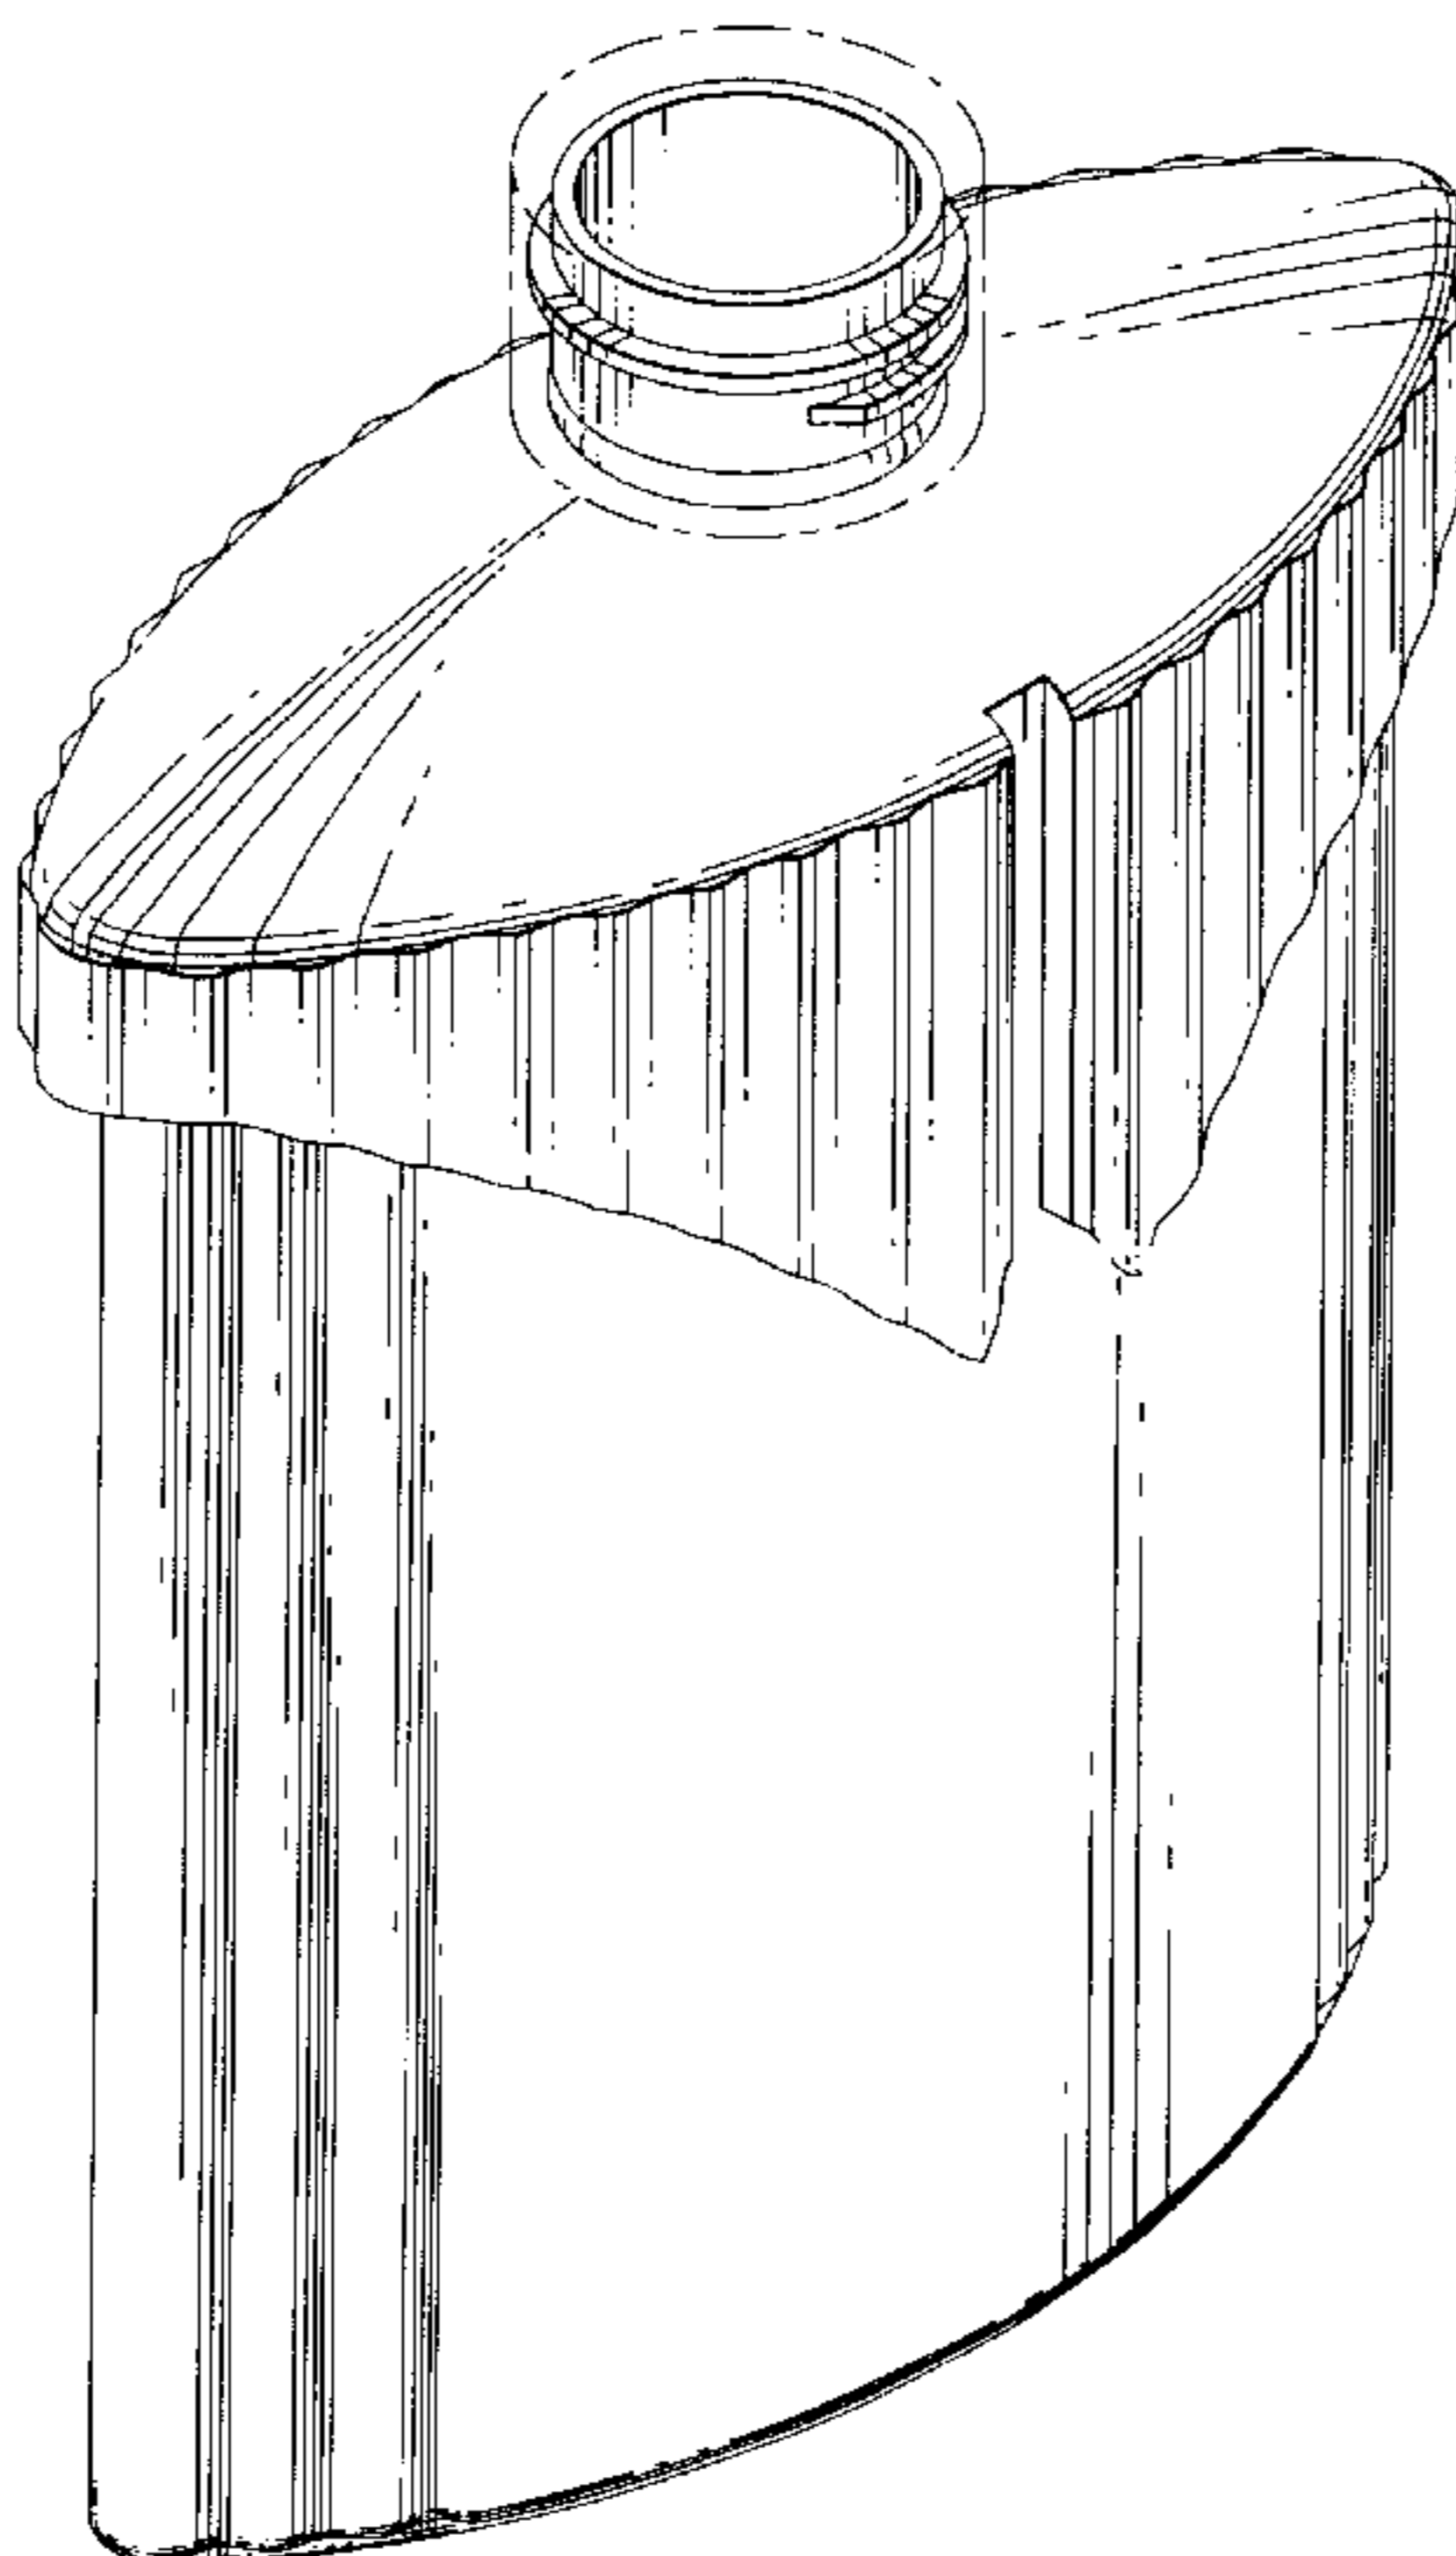

FIG. 3 is a bottom plan view thereof;

FIG. 4 is a front elevational view thereof, the closure shown in dotted lines being for illustrative purposes only and not a part of the design;

FIG. 5 is a back elevational view thereof, the closure shown in dotted lines being for illustrative purposes only and not a part of the design; and,

FIG. 6 is a right side elevational view thereof, the closure shown in dotted lines being for illustrative purposes only and not a part of the design, the left side elevational view being a mirror image of the right side elevational view except for the conventional screw threading on the neck.
