FIG. 1 is a perspective view of a pro power center (no
display), in accordance with the present invention.

FIG. 2 is a plan view of a pro power center (no display), in
accordance with the present invention.

FIG. 3 is an underside view of a pro power center (no
display), in accordance with the present invention.

FIG. 4 is a side view of a pro power center (no display), in
accordance with the present invention.

FIG. 5 is a corresponding side view a pro power center (no
display), in accordance with the present invention.

FIG. 6 is a rear view of a pro power center (no display), in
accordance with the present invention; and,

FIG. 7 is a frontal view of a pro power center (no display),
in accordance with the present invention.
