(57) **CLAIM**

The ornamental design for a wallet, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a first embodiment of the wallet in a folded configuration with a broken line representation of a connector forming no part of the claimed design;

FIG. 2 is a rear elevational view thereof;

FIG. 3 is a top plan view thereof with a broken line representation of the connector forming no part of the claimed design;

FIG. 4 is a bottom plan view thereof;

FIG. 5 is a left side elevational view thereof;

FIG. 6 is a right side elevational view thereof;

FIG. 7 is a perspective view thereof in an open configuration with a broken line representation of the connector, keys, and card slots forming no part of the claimed design;

FIG. 8 is a front elevational view thereof with a broken line representation of the connector, keys, and card slots forming no part of the claimed design;

FIG. 9 is a top plan view thereof with a broken line representation of the connector forming no part of the claimed design;

FIG. 10 is a bottom plan view thereof;

FIG. 11 is a left side elevational view thereof;

FIG. 12 is a rear elevational view thereof;

FIG. 13 is a right side elevational view thereof;

FIG. 14 is a perspective view thereof in the open configuration with an inside flap open with a broken line representation of the connector and the card slots forming no part of the claimed design;

FIG. 15 is a front elevational view thereof with a broken line representation of the card slots forming no part of the claimed design;

FIG. 16 is a top plan view thereof with a broken line representation of the connector forming no part of the claimed design;

FIG. 17 is a bottom plan view thereof;

FIG. 18 is a left side elevational view thereof; and,

FIG. 19 is a right side elevational view thereof.
