(57) **CLAIM**

The air pump, as shown and described in the drawings.

DESCRIPTION

FIG. 1 is a front elevational view of the air pump of this invention.

FIG. 2 is a rear elevational view of the air pump of this invention.

FIG. 3 is a right side elevational view of the air pump of this invention.

FIG. 4 is a left side elevational view of the air pump of this invention.

FIG. 5 is a top elevational view of the air pump of this invention.

FIG. 6 is a bottom elevational view of the air pump of this invention; and,

FIG. 7 is a right perspective view of the air pump of this invention.

The portions of the invention in dotted lines are for illustrative purposes only and form no part of the claimed invention. Specifically, the front cylindrical projection and top cylindrical projection, the thumb ridge on the front sliding plate, the logo on the left side, the ten air holes on the lower left and lower right sides, the support ridges on the rear, the electrical cord projecting from the bottom, and the various screw holes are for illustrative purposes only and form no part of the claimed invention.
